## **Mainie Jellett And The Modern Movement In Ireland:**

**Mainie Jellett and the Modern Movement in Ireland** Bruce Arnold, 1991-01-01 Mainie Jellett and the Modern Movement in Ireland examines one of Ireland's most highly respected 20th century exponents of Irish art. The book is being published to coincide with an exhibition at the Museum of Modern Art Dublin which runs from 9th December 1991 to 28th February 1992.

**Modern Ireland and Revolution** Cormac O'Malley, 2016-11-11 In 1922 following a decade of political ferment and much bloodshed the Irish Free State was established, became stabilised and developed along conservative lines. During these years the prevailing impulse was to reprove the actions of republicans who had rejected the Anglo Irish Treaty and many significant revolutionary voices were left unheeded. One mind more agile than most of his contemporaries belonged to Ernie O'Malley. It was through his vastly popular clipped lyric memoirs, especially *On Another Man's Wound* in 1936, that many of the complexities of the republican mindset were brought to light for readers worldwide. In *Modern Ireland and Revolution* leading Irish and American historians and academics deliver critical essays that consider the life, writings and monumental influence of Ernie O'Malley and the modern arts that influenced him. After his involvement in the War of Independence and the Civil War, O'Malley developed a modernist approach while living abroad for ten years; he was devoted to the arts, moved in circles that included Georgia O'Keeffe and Paul Strand, and through his probing mind counteracted any notion that republicans of his era were dull, inflexible idealists. In this fascinating collection, art and revolution coincide, enriching every preconception of the minds that supported both sides of the Treaty and revealing untoward truths about the Irish Free State's process of remembrance.

**The Irish Revival** Joseph Valente, Marjorie Howes, 2023-06-15 The Irish Revival has inspired a richly diverse and illuminating body of scholarship that has enlarged our understanding of the movement and its influence. The general tenor of recent scholarly work has involved an emphasis on inclusion and addition, exploring previously neglected texts, authors, regional variations and international connections. Such work, while often excellent, tends to see various revivalist figures and projects as part of a unified endeavor, such as political resistance or self-help. In contrast, *The Irish Revival: A Complex Vision* seeks to reimagine the field by interpreting the Revival through the concept of complexity, a theory recently developed in the information and biological sciences. Taken as a whole, these essays show that the Revival's various components operated as parts of a network but without any overarching aim or authority. In retrospect, the Revival's elements can be seen as having come together under the heading of a single objective, for example, decolonization broadly construed. But this volume highlights how revivalist thinkers differed significantly on what such an aspiration might mean or lead to: ethnic authenticity, political autonomy, or greater collective prosperity and well-being. Contributors examine how relationships among the Revival's individual parts involved conflict and cooperation, difference and similarity, continuity and disruption. It is this combination of convergence without unifying purpose and divergence within a broad but flexible coherence that Valente and Howes capture by reinterpreting the Revival through complexity theory.

Twentieth-Century Ireland (New Gill History of Ireland 6) Dermot Keogh, 2005-09-27 Professor Dermot Keogh's *Twentieth Century Ireland* the sixth and final book in the New Gill History of Ireland series is a wide ranging informative and hugely engaging study of the long twentieth century surveying politics administrative history social and religious history culture and censorship politics literature and art It focuses on the consolidation of the new Irish state over the course of the twentieth century Professor Keogh highlights the long tragedy of emigration its effect on the Irish psyche and on the under performance of the Irish economy He emphasises the lost opportunities for reform of the 1960s and early 70s Membership of the EU had a diminished impact due to short term and sectionally motivated political thinking and an antiquated government structure Professor Keogh looks at how the despair of the 1950s revisited the country in the 1980s as almost an entire generation felt compelled to emigrate very often as undocumented workers in the United States Professor Keogh also argues that the violence in Northern Ireland from the late 1960s was an Anglo Irish failure which was turned around only when Britain acknowledged the role of the Irish government in its resolution He extends his analysis of the twentieth century to include a wide ranging survey of the most contentious events financial corruption child sexual abuse scandals in the Catholic Church between 1994 and 2005 *Twentieth Century Ireland* Table of Contents A War without Victors Cumann na nGaedheal and the Conservative Revolution De Valera and Fianna Fáil in Power 1932 1939 In the Time of War Neutral Ireland 1939 1945 Seán MacBride and the Rise of Clann na Poblachta The Inter Party Government 1948 1951 The Politics of Drift 1951 1959 Seán Lemass and the Rising Tide of the 1960s The Shifting Balance of Power Jack Lynch and Liam Cosgrave 1966 1977 Charles Haughey and the Poverty of Populism Ireland in the New Century

The book also provides a precedent for a focus on the significance of art in relation to other subsequent key historical events such as the early twentieth century struggles for independence or the role of political conflict in Northern Ireland from the late 1960s onwards and its aftermath. Key themes covered include tradition and innovation, upheavals of history, place, location and artistic formations. Irish art and the wider world and embodiment and identity. The book expands the critical discourse around Irish art over this period both within Ireland and beyond and encourages the potential for future scholarship in fields and periods not covered. This book will be of interest to scholars and students working in art history, Irish studies and colonial studies. **Irish Modernisms**

Paul Fagan, John Greaney, Tamara Radak, 2021-09-23. This book focuses on previously unexplored gaps, limitations and avenues of inquiry within the canon and scholarship of Irish modernism to develop a more attentive and fluid theoretical account of this conceptual field. Foregrounding interfaces between literary, visual, musical, dramatic, cinematic, epistolary and journalistic media, these essays introduce previously peripheral writers, artists and cultural figures to debates about Irish modernism. Hannah Berman, Ethel Colburn Mayne, Mary Devenport O'Neill, Sheila Wingfield, Freda Laughton, Rhoda Coghill, Elizabeth Bowen, Mairéad Cadhain, Joseph Plunkett, Liam O'Flaherty, Edward Martyn, Jane Barlow, Seosamh Torna, Jack B. Yeats and Brian O'Nolan all feature here to interrogate the term's implications. Probing Irish modernism's responsiveness to contemporary theory beyond postcolonial and Irish studies, *Irish Modernisms: Gaps, Conjectures, Possibilities* uses diverse paradigms including weak theory, biopolitics, posthumanism and the nonhuman turn to rethink Irish modernism's organising themes: the material body, language, mediality, canonicity, war, state violence, prostitution, temporality, death, mourning. Across the volume, cutting edge work from queer theory and gender studies draws urgent attention to the too often marginalized importance of women's writing and queer expression to the Irish avant-garde while critical reappraisals of the coordinates of race and national history compel us to ask not only where and when Irish modernism occurred but also whose modernism it was. **Irish Women Artists**, 1987
