**Introduction to Ansel Adams** Gilad James, PhD, Ansel Adams was an American photographer born in San Francisco California on February 20 1902 He is considered one of the most important and influential photographers of the 20th century Adams developed a passion for photography at a young age and began taking pictures with a Box Brownie camera His first published photograph appeared in the Sierra Club Bulletin in 1922 Adams is best known for his work in landscape photography particularly his images of the American West His black and white photographs captured the rugged beauty of

the landscapes and helped to influence how people viewed and appreciated the natural world Adams was also a writer and a conservationist and he dedicated much of his life to protecting the environment and promoting conservation efforts Adams was a pioneer in the use of the zone system a photographic technique that he developed to ensure consistent exposure and tonality in his photographs He was also an advocate for the use of large format cameras that produced high quality images with sharp detail and tonal range Adams photography was characterized by his use of bold contrasts deep shadows and rich textures His images often featured dramatic skies natural patterns or the interplay of light and shadow His photographs helped to redefine landscape photography as a fine art and his impact on the field continues to be felt today Adams died in Monterey California on April 22 1984 but his legacy lives on through his photographs and his contributions to the world of photography and conservation
