The Spiritual Meaning of the Sixties Tobias Churton,2018-11-27 Unveils the spiritual meaning that fueled the artistic political and social revolutions of the 1960s Investigates the spiritual principles that informed everything from the civil rights and anti war movements to the hippies rejection of materialist culture to the rise of feminism gay rights and environmentalism Reveals how medieval troubadours Gnosticism Renaissance hermetic magic and the occult doctrines of Aleister Crowley helped shape the psychedelic Sixties Offers in depth analysis of many of the era's most famous books films and music No decade in modern history has generated more controversy and divisiveness than the tumultuous 1960s For some the 60s were an era of free love drugs and social revolution For others the Sixties were an ungodly rejection of all that was good and holy Embarking on a profound search for the spiritual meaning behind the massive social upheavals of the 1960s Tobias Churton turns a kaleidoscopic lens on religious and esoteric history industry science philosophy art and social revolution to identify the meaning behind all these diverse movements Engaging with views of mainstream historians some of whom write off this pivotal decade as heralding an overall decline in moral values and respect for tradition Churton examines the intricate network of spiritual forces at play in the era He reveals spiritual principles that united the free love movement the civil rights and anti war movements the hippies rejection of materialist culture and the eventual rise of feminism gay rights and environmentalism He traces influences from medieval troubadours Gnosticism Hindu philosophy Renaissance hermetic magic and the occult doctrines of Aleister Crowley He also examines the psychedelic revolution the genesis of popular interest in UFOs and the psychological consequences of the Bomb and the assassinations of the Kennedys and Martin Luther King In addition Churton investigates the huge shifts in consciousness reflected in the movies music art and literature of the era from Frank Sinatra to the Beatles from I Love Lucy to Star Trek from John Wayne to Midnight Cowboy much of which still resonates with the youth of today Taking the reader on a long strange trip from crew cuts and Bermuda shorts to Hair and Woodstock from liquor to psychedelics from uncool to cool and from matter to Soul Churton shows how the spiritual values of the Sixties are now reemerging with an astonishing influx of spiritual light to once again awaken us

Black Girl Magic Beyond the Hashtag Julia S. Jordan-Zachery,Duchess Harris,2019-10-08 Hashtag or trademark personal or collective expression BlackGirlMagic is an articulation of the resolve of Black women and girls to triumph in the face of structural oppressions The online life of BlackGirlMagic insists on the visibility of Black women and girls as aspirational figures But while the notion of Black girl magic spreads in cyberspace the question remains how is Black girl magic experienced offline The essays in this volume move us beyond social media They offer critical analyses and representations of the multiplicities of Black femmes girls and women's lived experiences Together the chapters demonstrate how Black girl magic is embodied

by four elements enacted both on and offline building community challenging dehumanizing representations increasing visibility and offering restorative justice for violence Black Girl Magic Beyond the Hashtag shows how Black girls and women foster community counter invisibility engage in restorative acts and create spaces for freedom Intersectional and interdisciplinary the contributions in this volume bridge generations and collectively push the boundaries of Black feminist thought

Magic and Meaning Eugene Burger, Robert E. Neale, 1995 *The Mystic Test Book or the Magic of the Cards* Olney H. Richmond, 2018-09-10 The publication of this work was we might say forced upon us by the demand before even a page of manuscript was prepared for the press The demand was caused by members of the Temple who recognized the necessity of a printed text book from which they could study the meanings of the cards and their indications under the seven planets These brothers and sisters naturally wished to perfect themselves in emblem reading as rapidly as possible and they could not so perfect themselves without a full and complete set of tables that they could study and refer to at will The next trouble that arose was the question of expense as aside from the printing engraving binding electrotyping and matters of that kind the author's time was and is now so valuable that the item far overbalances those mentioned It was finally decided that the most feasible plan was to get out enough copies to supply more than our immediate membership and to sell them to outsiders

under certain restrictions Materia Magica Andrew Wilburn,2012 *Materia Magica* approaches magic as a material endeavor in which spoken spells ritual actions and physical objects all played vital roles in the performance of a rite Through case studies drawing on objects excavated or discovered in the late nineteenth and early twentieth century at three Mediterranean sites Andrew T Wilburn identifies previously unknown forms of magic He discovers evidence of the practice of magic in objects of ancient daily life suggesting that individuals frequently turned to magic particularly in times of crises Studying the remains of spells enacted by practitioners Wilburn examines the material remains of magical practice by identifying and placing them within their archaeological contexts His method of connecting an analysis of the texts and inscriptions found on artifacts of magic with a close consideration of the physical form of these objects illuminates an exciting path toward new discoveries in the field

Grimoires Owen Davies,2010-09-23 What is a grimoire The word has a familiar ring to many people particularly as a consequence of such popular television dramas as *Buffy the Vampire Slayer* and *Charmed* But few people are sure exactly what it means Put simply grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia At their most benign they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and worst of all to call up and make a pact with the Devil Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day But the grimoire represents much more than just magic To understand the history of grimoires is to understand the spread of Christianity the development of early science the cultural influence of the print revolution the growth of literacy the impact of colonialism and the expansion of western cultures across the oceans As this book richly demonstrates the history of grimoires illuminates many of the most important developments in European history over the last two thousand years Defining Magic
