School Library Journal ,2006      *The Publishers Weekly* ,2006      The British National Bibliography Arthur James Wells,2006      **Significant Emotions** Ashley Frawley,2023-11-16 Significant Emotions is a piercing examination of the rising use of emotional signifiers in public debate and the rhetoric of an increasingly expansive array of social problems Building on ideas developed in Ashley Frawley s previous book Semiotics of Happiness it examines in detail the emotional turn across the social sciences and the broader cultural rise of the age of emotion and its influence on how we talk about and approach new social issues The book explores the rise of supposedly positive emotional signifiers that have gained prominence as powerful causes of and solutions to nearly every social ill from promoting self esteem happiness and mindfulness to concerns for well being and mental health Conceptualizing the rise and comparative decline of these emotional signifiers as cycles of discovery adoption expansion and exhaustion the book argues that rather than calling into question one or another of these signifiers it is necessary to penetrate deeper to the underlying cultural currents that drive their adoption and contribute to their rhetorical power Through a systematic and in depth exploration of the appearance of these trends in a variety of claims making activities across academia traditional and social media and social policy Frawley argues that the age of emotion does not represent a step toward a more enlightened and emotionally aware society Rather it signifies a preoccupation with emotional deficits and a firm belief that emotional disorientation ultimately underlies nearly every social ill Emerging from the analysis is the conclusion that emotions have become key signifiers of broader cultural

tendencies to affirm conservatism over progress vulnerability over resilience and the determined self over the free willing subject      Children's Books in Print, 2007 ,2006      Doing Magic: A Course in Manifesting an Exceptional Life (Book 2)

Genevieve Davis, Doing Magic is book two of a complete course in becoming creator of your own exceptional life In these two books I outline the exact steps which enabled me to move my own life from one of poverty and drudgery to manifesting one of previously unimaginable wealth purpose and joy But Magic I do hope you are joking That s what I would have said five or ten years ago I once despised all things New Age all these spiritual types and their airy fairy views their bad science and their irrational beliefs I read The Secret and all the great Law of Attraction books writers like Wallace Wattles Anthony Robbins Rhonda Byrne Napoleon Hill Esther Hicks and Wayne Dyer But no matter how many books I read or how closely I followed their instructions for manifesting love money happiness or abundance I couldn t make it work It was only when I recognized accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place Once I realized that the power came from within me it was as if the light had suddenly been switched on and my manifestations began to work I learned how to manifest money and love but I also learned how to be happy truly happy If you re jaded by spirituality and the whole New Age Law of Attraction idea or have become bored by its failure to deliver this book is for you It is my intention to lead you by the hand through a marvelous journey of wonder and adventure Part one of this course Becoming Magic laid the groundwork for becoming a magical person while this second book Doing Magic offers concrete techniques and instructions for attracting wonderful things into your life The plan is to build your knowledge slowly gradually building on what has gone before moving on to more complex manifestation techniques only once the basics are mastered So many people fail with manifestation and the Law of Attraction because they rush headlong into using techniques trying to create enormous manifestations making very simple but crucial mistakes When they are disappointed they imagine they have been duped The sceptics are right This is all a load of scammy nonsense And they give up declaring it just doesn t work I am telling you that it does work And you can make it work And these books will show you how My intention is that this book will allow you to become a true creator of your own exceptional life reawakening and rekindling your belief and interest in Spirituality The Law of Attraction Reality Creation Cosmic Ordering or whatever you wish to call it I prefer simply to call it Magic      Wooing the Echo Lee Morgan,2013-08-30 Chasing a ghost and echoes of magic Christopher discovers the darkness that looms behind desire Christopher is haunted and hollow with the loss of a friend unlike any other When a stranger arrives with the secrets of Old Craft sorcery and communion with the dead Christopher s fate will be altered forever On that crooked path the facade of normal life falls away to reveal a world of wonder but also danger As the ghosts of the dead stir what secrets will rise to the surface with them and will Christopher survive the horror that is love s other face Wooing the Echo is the first in an edgy new series that follows the life of Christopher Penrose It is a journey into a world of the occult seething with real adult and believable magic      **Our Little Tot's Speaker** ,1899      *The Night Fairy* Laura Amy

Schlitz, Angela Barrett, 2010 When Flory the night fairy's wings are accidentally broken and she cannot fly she has to learn to do everything differently      The Mythic Imagination Stephen Larsen, 1996-03-01 Mythology is the universal tongue of human imagination As a tool for self discovery mythology is also a way of gaining access to the secrets of the psyche The Mythic Imagination is a quest for the ancient source of vision and meaning in the world of dream myth and archetype In the footsteps of Joseph Campbell Stephen Larsen guides the reader on a journey through the mythic landscape of the psyche His insight is that all of us at one time or another are engaged in creating personal mythologies that reflect the larger myths of the culture and our own deepest desires and aspirations This book is a guide for bringing the deeper mythic structures of experience into awareness for learning to recognize the archetypal content embedded in our dreams and daydreams feelings beliefs relationships conscious creations and behavior Student and authorized biographer of Joseph Campbell Larsen teaches us how to bring myth into our lives Reissue of the Bantam bestseller      **The Twins' Rodeo Rider** Tina Leonard, 2015-02-01 BREAKING ALL THE RULES Suz Hawthorne was always a rebel But falling for Navy SEAL Cisco Grant when Bridesmaids Creek legend already chose him as destined for another woman borders on sedition For a small Texas town that depends on its romantic reputation flouting local lore is disastrous Now Suz's renegade heart could cost her the family ranch and the town its livelihood Cisco knows he and Suz are meant for each other and the twin babies they're expecting are the only kind of magic he cares about No one ever tried to cheat the Bridesmaids Creek charm before but Cisco believes in doing things the old fashioned way his way Can he preserve the town's fabled tradition and still win the woman he loves      Lovers, Clowns, and Fairies Stuart M. Tave, 1993-06-15 Through dreams and shadows and strangeness through blinding charms and eye opening counter charms through moments of mortification and laughter thus Stuart M Tave traces the journey of the lovers clowns and fairies who populate comedies from A Midsummer Night's Dream to Waiting for Godot Tave avoids the pitfalls of theory taking instead a close look at particular works to give us a sense of the relations between certain dramas and novels that are called comedies The result is a wonderfully readable book that renews our delight in the enchanting possibilities of literature A Midsummer Night's Dream in its perfection is Tave's point of departure Its characters fall neatly into the three groups of Tave's title and fulfill to perfection their functions of desire foolishness and power From the magical concord of Shakespeare's resolution Tave moves to works whose character face ever greater difficulties in reaching a happy conclusion From Jonson and Austen to Chekhov and Beckett he meets comedies on their own terms illuminating the complex and individual genius of each A masterpiece of practical criticism Lovers Clowns and Fairies rediscovers the pleasure of reading comedies      *The Secret* Rhonda Byrne, 2008-09-04 The tenth anniversary edition of the book that changed lives in profound ways now with a new foreword and afterword In 2006 a groundbreaking feature length film revealed the great mystery of the universe The Secret and later that year Rhonda Byrne followed with a book that became a worldwide bestseller Fragments of a Great Secret have been found in the oral traditions in literature in religions and philosophies
