**Make It Ours** Robin Givhan, 2025-06-24 Virgil Abloh's iconic rise to the top of the fashion industry embodied a groundbreaking transformation of the relationship between who we are and what we wear Abloh's appointment as head of menswear for Louis Vuitton in 2018 shocked the fashion industry as he became the first Black designer to serve as

artistic director in the brand's 164 year history But as Pulitzer Prize winning culture critic Robin Givhan reveals Abloh's story encompasses so much more than his own journey Using Abloh's surprising path to the top of the luxury establishment Givhan unfolds the larger story of how the cloistered exclusive fashion world faced a revolution from below in the form of streetwear and designers unafraid to storm the gates how their notions of what was luxury simultaneously anticipated and upended consumer preferences and how a simple T shirt held as much cultural power as a haute couture gown As Givhan relays Abloh rose during a time of existential angst for a fashion industry trying to make sense of its responsibilities to a diverse audience and the challenges of selling status to a generation of consumers who fetishized sneakers and prioritized comfort How that moment came to be how someone like Abloh who had no formal training in patternmaking or tailoring could come to symbolize and embody the industry's way forward is the story at the heart of this book Make It Ours is at once a remarkable biography of a singular creative force and a powerful meditation on fashion and race taste and exclusivity genius and luxury With access to Abloh's family friends collaborators and contemporaries and featuring a cast of fascinating characters ranging from visionary Black designers like Oswald Boateng to Abloh's mercurial but critical employer and mentor Kanye West Givhan weaves a spellbinding tale of a young man's rise amid a cultural moment that would upend a century's worth of ideas about luxury and taste

Twentieth century fashion designers, N-Z Linda Watson, 2001 Celebrating the many dimensions of fashion during the twentieth century the series is the definitive style bible for everyone fascinated by the past present and future of fashion

Onomastics between Sacred and Profane Oliviu Felecan, 2019-06-28 Religiously God is the creator of everything seen and unseen thus one can ascribe to Him the names of His creation as well at least in their primordial form In the mentality of ancient Semitic peoples naming a place or a person meant determining the role or fate of the named entity as names were considered to be mysteriously connected with the reality they designated Subsequently God gave people the freedom to name persons objects and places However people carried out this act precisely in relation to the divinity either by remaining devoted to the sacred or by growing estranged from it an attitude that generated profane names The sacred profane dichotomy occurs in all the branches of onomastics such as anthroponymy toponymy and ergonymy It is circumscribed to complex and interdisciplinary analysis which does not rely on language sciences exclusively but also on theology ethnology sociology psychology philosophy anthropology geography history and other connected fields as well as culture in general Despite the contributors cultural diversity 29 researchers from 16 countries England Finland Germany Hungary Italy Japan Jordan Kenya Nigeria Poland Romania Russia South Africa Spain U S A and Zimbabwe on four continents and their adherence to different religions and faiths the studies in Onomastics between Sacred and Profane share a common goal that consist of the analysis of names that reveal a person's

identity and behavior or the existence configuration and symbolic nature of a place or an object One can state that names are tightly connected to the surrounding reality be it profane or religious in every geographical area and every historical period and this phenomenon can still be observed today The particularity of this book lies in the multicultural and multidisciplinary approach in theory and praxis **A Cultural History of Fashion in the 20th and 21st Centuries** Bonnie
