**Titian's Touch** Maria H. Loh,2019-08-15 At the end of his long prolific life Titian was rumored to paint directly on the canvas with his bare hands He would slide his fingers across bright ridges of oil paint loosening the colors blending blurring and then bringing them together again With nothing more than the stroke of a thumb or the flick of a nail Titian's touch brought the world to life The clinking of glasses the clanging of swords and the cry of a woman's grief The sensation of hair brushing up against naked flesh the sudden blush of unplanned desire and the dry taste of fear in a lost shadowy place Titian's art Maria H Loh argues in this exquisitely illustrated book was and is a synesthetic experience To see is at once to hear to smell to taste and to touch But while Titian was fully attached to the world around him he also held the universe in his hands Like a magician he could conjure appearances out of thin air Like a philosopher his exploration into the very nature of things channelled and challenged the controversial ideas of his day But as a painter he created the world anew Dogs babies rubies and pearls Falcons flowers gloves and stone Shepherds mothers gods and men Paint canvas blood sweat and tears In a series of close visual investigations Loh guides us through the lush vibrant world of Titian's touch     **The magic of oil painting**
