Magic Of Unknowing An Eastwest Soliloquy:

The Magic of Unknowing Mervyn Sprung, 1995-05-31 The Magic of Unknowing is a unique philosophical and literary work Cast in the dialogue form it unfolds in the mood of soliloquy Mervyn Sprung has created an imaginative meeting of the minds of great western philosophers Aristotle Descartes Kant Hume Nietzsche Wittgenstein and Pyrrho All are brothers the more skeptical sons of Aristotle Later they hear as well from Chang a Taoist and Nagaraj a Buddhist both lately adopted into the family The dialogue dramatises the erosion in modern times of Aristotelian rationality under the pressures of its own logic The two eastern thinkers throw the weight of their own skepticism into the discussion at the critical point In the end the brothers realize that they have moved away from Western philosophy's faith in the singular power of reason to establish truth and sense in the human world They discover the magic of unknowing that lies in the reciprocal penetration of knowledge and behavior each receiving its sense from the other They discover that philosophies are not the issue of reasoning alone but are themselves already inseparably thought and action And they realise that this entails an unheard of future for philosophy

Comparative Theories of Nonduality Milton Scarborough, 2011-10-20 It is a commonplace that while Asia is nondualistic the West because of its uncritical reliance on Greek derived intellectual standards is dualistic Dualism is a deep seated habit of thinking and acting in all spheres of life through the prism of binary opposites leads to paralyzing practical and theoretical difficulties Asia can provide no assistance for the foreseeable future because the West finds Asian nondualism especially that of Mahayana Buddhism too alien and nihilistic On the other hand postmodern thought which purports to deliver us from the dualisms embedded in modernity turns out to be merely a pseudo postmodernism This book's novel idea is that the West already contains within one of its more marginalized roots that of ancient Hebrew culture a pre philosophical form of nondualism which makes possible a new form of nondualism one to which the West can subscribe This new nondualism inspired by Buddhism but not identical to it is an epistemological ontological metaphysical and praxical middle way both for the West and also between East and West **Philosophy East & West** ,1988 The Philosophical Review ,1987

Canadiana ,1987 **International Books in Print** ,1998 *Whitaker's Books in Print* ,1998 **The Philosopher's Dictionary** Robert M. Martin,1991 *Quill & Quire* ,1987 **The Journal of Philosophy** ,1988 **Canadian Books in Print** ,2003 *Canadian Books in Print. Author and Title Index* ,1975 **Queen's Quarterly** ,1988 **Journal of the History of Philosophy** ,1988 **Canadian Philosophical Reviews** ,1987 Annual Report Social Sciences and Humanities Research Council of Canada,1987 **Canadian Books in Print 2002** Marian Butler,2002-02 *Albion's Seed* David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States from the earliest English settlements to our own time It is a history of American folkways as they have changed through time and it argues a thesis about the importance for the United States of having been British in its cultural origins While most people in the United States today have no British ancestors they have assimilated regional cultures which were created by

British colonists even while preserving ethnic identities at the same time In this sense nearly all Americans are Albion s Seed no matter what their ethnicity may be The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988 and still help to shape attitudes toward education government gender and violence on which differences between American regions are greater than between European nations

Publishers' Trade List Annual, 1991 Bowker Editorial Staff,1991-09 **Baxter's Explore the Book** J. Sidlow

Baxter,2010-09-21 Explore the Book is not a commentary with verse by verse annotations Neither is it just a series of analyses and outlines Rather it is a complete Bible survey course No one can finish this series of studies and remain unchanged The reader will receive lifelong benefit and be enriched by these practical and understandable studies Exposition commentary and practical application of the meaning and message of the Bible will be found throughout this giant volume Bible students without any background in Bible study will find this book of immense help as will those who have spent much time studying the Scriptures including pastors and teachers Explore the Book is the result and culmination of a lifetime of dedicated Bible study and exposition on the part of Dr Baxter It shows throughout a deep awareness and appreciation of the grand themes of the gospel as found from the opening book of the Bible through Revelation
