The 50 MGM Films That Transformed Hollywood Steven Bingen, 2022-11-01 Movies don't exist in a vacuum Each MGM movie is a tiny piece of a large colorful although often black and white quilt with threads tying it into all of the rest of that studio's product going forward yes but also backward and horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest* And there are the studio's on screen self shoutouts to its own past or stars in films like *Party Girl* 1958 the *That's Entertainment* series *Garbo Talks* 1984 *Rain Man* 1955 and *De Lovely* 2004 or the studio's acquisition of other successful franchises such as *James Bond* But fear not what we consider MGM's classic films all get their due here often with a touch of irony or fascinating anecdote *Singin in the Rain* 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned *The Wizard of Oz* 1939 cost almost as much to make as *Gone*

With the Wind also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series *The Movies that Made Us* this is a fascinating look behind the scenes of the greatest and at times notorious films ever made

John Alton Leon Lewis, 2020-07-22 Devoted to his craft sometimes to the detriment of his reputation cinematographer John Alton 1901-1996 was sought after by such directors as Vincente Minnelli Richard Brooks and Anthony Mann but was disdained by others of comparable talent An auteur in the truest sense Alton established a landmark body of work described by Variety film critic Todd McCarthy as 'The essence and ultimate example of film noir logically created by a cinematographer not a director' This collection of new essays by filmmakers and film scholars explores the central role Alton's distinctive style of painting with light played in formulating the aesthetics of noir as well as his contributions to other genres

Dance Me a Song Beth Genné, 2018-05-30

Dancer choreographer directors Fred Astaire George Balanchine and Gene Kelly and their colleagues helped to develop a distinctively modern American film dance style and recurring dance genres for the songs and stories of the American musical Freely crossing stylistic and class boundaries their dances were rooted in the diverse dance and music cultures of European immigrants and African American migrants who mingled in jazz age America The new technology of sound cinema let them choreograph and fuse camera movement light and color with dance and music Preserved intact for the largest audiences in dance history their works continue to influence dance and film around the world This book centers them and their colleagues within the history of dance where their work has been marginalized as well as film tracing their development from Broadway to Hollywood 1924-58 and contextualizing them within the American history and culture of their era This modern style like the nation in which it developed was pluralist and populist It drew from aspects of the old world and new high and low theatrical and social dance forms creating new sites for dance from the living room to the street A definitive ingredient was the freer more informal movement and behavior of their jazz age generation which fit with song lyrics that poeticized slangy American English The Gershwins Rodgers and Hart and others wrote not only songs but extended dance driven scores tailored to their choreography giving a new prominence to the choreographer and dancer actor This book discuss how these choreographers collaborated with directors like Vincente Minnelli and Stanley Donen and cinematographers like Gregg Toland musicians dancers designers and technicians to synergize music and moving image in new ways Eventually concepts and visual musical devices derived from dance making would give entire films the rhythmic flow and feeling of dance Dancing Americans came to be seen around the world as archetypal embodiments of the free spirited optimism and energy of America itself
