**Murders** Dulcie M Ashdown,2011-08-26 This book examines the motives means and consequences of the murders among members of Europe s ruling families over the last 1 000 years Plucking true stories due to their historical significance and sheer intrigue this book relates violent deaths amid royal splendour and the overthrow of tyrants by oppressed populations Methods vary from sword and arrow to bomb and bullet to alleged witchcraft Settings range from Russia to Portugal British examples include the involvement Mary Queen of Scots may have had in her second husband s murder and a search for the facts behind Shakespeare s portrayal of the murderous usurpers Macbeth and Richard III But in European history there has been no royal murder to rival Russia s Tsar Ivan the Terrible a homicidal maniac responsible for thousands of deaths whose dramatic killing sprees are examined here Dulcie M Ashdown takes on a journey through the dark and tragic side of royal history from Richard III through to the recent controversy surrounding the death of Diana Princess of Wales Lois McMaster Bujold Janet Brennan Croft,Donald E. Palumbo,C.W. Sullivan III,2013-01-28 Lois McMaster Bujold has won a shelf full of awards Hugos Nebulas and others for both her science fiction and fantasy writing She is one of the most respected names in the field always delivering polished thoughtful and well crafted writing She consistently addresses great issues and problems on a human level where they are faced by quirky prickly and very real characters and her exploration of the theory of reader response is an important critical contribution Yet there has been a surprising dearth of serious critical writing about her output in part because she resists neat and easy classification by genre politics or subject matter This collection of fresh essays aims to correct that situation by presenting critical insights into many aspects of her writing Attention is given to both her Miles Vorkosigan science fiction series and her Chalion and Sharing Knife fantasy series as well as the books that fall outside these series Lovable Racists, Magical Negroes, and White Messiahs David Ikard,2017-10-19 Dismantles popular white supremacist tropes which effectively devalue black life and trivialize black oppression Ikard investigates the

tenacity and cultural capital of white redemption narratives in literature and popular media from Uncle Tom's Cabin to The Help He invalidates the fiction of a postracial society while awakening us to the sobering reality that we must continue to fight for racial equality or risk losing the hard fought gains of the Civil Rights movement Through his close reading of novels films journalism and political campaigns Ikard analyzes willful white blindness and attendant master narratives of white redemption arguing powerfully that he who controls the master narrative controls the perception of reality The book sounds the alarm about seemingly innocuous tropes of white redemption that abound in our society and generate the notion that blacks are perpetually indebted to whites for liberating civilizing and enlightening them From publisher description
