and Times of Power The Sun the Moon and Other Things Another offering in the BioUniversal Energy Series here Ms Rasbold explains how solar and lunar influences as well as yearly events and weather can affect our own personal energies Now that we ve gotten a feel for how BioUniversal energy works from the other books in the series we can start to expand our knowledge and abilities by taking into account these other variables Whether you re an astrologer an experienced energy worker or a BioUniversal Energy student there is something useful and thought provoking here for you K Albeck We have all learned how some people feel the effect of the full moon or how certain winds create negative energy or the dog days of summer Well this book goes into the important times of the year and what their significance is and how they can affect us and how we can harness that energy for positive results Many of the important days fall near popular holidays and it s no secret that many of our traditional holidays were adopted from non Christian religions As a Christian seeking to better understand God s natural world I found this book to be especially helpful God did make the moon and sun and stars to mark the seasons and times We have gotten away from all that with our science and modern traditions but this book re awakens the ancient knowledge and can teach you a lot about the natural rhythms in our lives Getting to read this book just before it was published has been a special privilege Hope you enjoy it as much as I did Cowa White is for Magic Laurie Faria Stolarz,2011-01-08 A year has passed since Stacey Brown saved her best friend from a horrible death Now she s having nightmares again haunted by ghosts and by a crazed stalker As she desperately casts healing spells a new student named Jacob enters her world To stop a killer they must join together But can Jacob be trusted **Grimoires** Owen Davies,2010-09-23 What is a grimoire The word has a familiar ring to many people particularly as a consequence of such popular television dramas as Buffy the Vampire Slayer and Charmed But few people are sure exactly what it means Put simply grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia At their most benign they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and worst of all to call up and make a pact with the Devil Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day But the grimoire represents much more than just magic To understand the history of grimoires is to understand the spread of Christianity the development of early science the cultural influence of the print revolution the growth of literacy the impact of colonialism and the expansion of western cultures across the oceans As this book richly demonstrates the history of grimoires illuminates many of the most important developments in European history over the last two thousand years Rose Daughter Robin McKinley,1997-09-16 It is the heart of this place and it is dying says the Beast And it is true the center of the Beast s palace the glittering glasshouse that brings Beauty both comfort and delight in her strange new environment is filled with leafless brown rosebushes But deep within this enchanted world

new life at once subtle and strong is about to awaken Twenty years ago Robin McKinley enthralled readers with the power of Beauty Now this extraordinarily gifted novelist retells the story of Beauty and the Beast again but in a totally new way with fresh perspective ingenuity and mature insight In Rose Daughter she has written her finest and most deeply felt work a compelling richly imagined and haunting exploration of the transformative power of love The Time Garden Edward Eager,1999-03-31 Book four in the series called truly magic in a reader s hands by Jack Gantos Newbery Medal winner for Dead End in Norvelt Time and again the children from Knight s Castle have longed for another magic adventure But you can t find magic just anywhere It doesn t grow like grass It requires the right place and the right time Or thyme as the case may be At Mrs Whiton s house magic grows as wild as the banks of thyme in the garden Growing there is olden time future time and common time Or so says the Natterjack the toadlike creature who accompanies the children on a series of hilarious always unpredictable adventures Anything can happen the Natterjack says when you have all the time in the world This funny and gentle classic series is an enjoyable read aloud and also a strong choice for independent reading For fans of such favorite series as The Penderwicks and The Vanderbeekers Enjoy all seven of the middle grade novels in Edward Eager s beloved Tales of Magic series The Five Points in Magic Juan Tamariz,Donald B.
