Nelson and Patricia McKissack and the filmmakers Charles Burnett and Zeinabu irene Davis were influenced by Black cultural imperatives such as the Black Arts Movement to foster an engaged culturally aware public Through careful analysis of this rich body of work *Tending to the Past* thus contributes to ongoing efforts to construct a history of Black children s literature and film attuned to its range specificity and depths *Tending to the Past* provides illuminating interpretations that will help scholars and educators see the significance of the freedom narratives reconstructions in a neoliberal era a time of shrinking opportunities for many African Americans It offers models for understanding the powers and continuing relevance of the Black child s creative agency and the Black cultural practices that have fostered it

Reconceptualizing Literacy in the New Age of Multiculturalism and Pluralism Patricia Ruggiano Schmidt,Peter B. Mosenthal,2001-07-01 This book offers a array of essays with challenging ideas and provoking new analyses of power asymmetries multiple epistemologies and vital concerns for the education of a different America the America of new immi grants people of color with other cultures languages and values The new American that many want to ignore and is becoming the only America This book also forces us to reflect on the educational challenges we must face especially in teacher education and the preparation of intellectual leaders None of the major agenda items associated with a new era of social justice can be either comprehended or accomplished without a profound understanding of multicultural literacy and of its relationship to ethnic racial cultural and linguistic diversity While in previous decades we used frequently a rhetoric of multiculturalism at a safe distance today we are living multiculturalism and practicing ethnic cultural and racial diversity in our daily lives as we seek a marriage partner a business associate a friend a church Most of all we must live multiculturalism as we go school and see children s faces There is no way to escape the reality of ethnic racial and linguistic diversity as it comes entangled with many other cul tural and class differences between and within each group we encounter Suddenly an abrupt awakening for many mainstream educators what was peculiar of some areas in the Southwest has become common scenario in most metropolis and large cities The present volume brings us face to face with issues and challenges we can no longer sweep under the rug This outstanding volume lays down a solid general conceptual foundation that permits us to link our theoretical past with the post modern era It also provides a clear context for the dis cussion of contrasting notions of monocultural literacy and the relation ship of literacy and power The volume goes on to deal with the relationship of literacy and culture actually to specific cultures especially African American At this point the discourse turns to strategies for incor porating minority perspectives into the literacy curriculum and including the home cultures of disenfranchised peoples The last section of the book offers help on the practical issues of teacher education for student popula tions often ignored and linkages between schools and homes in order to empower the disenfranchised and isolated

Liberation Literature Virginia Hamilton, 2024-09-17 A monumental collection by one of America's greatest authors of children's literature and the launch of a new imprint ReLIT that republishes lost classics for a modern readership. Virginia Hamilton (1936-2002) was not only one of the most magnificent writers who ever lived, winning honors such as the Newbery Medal, Newbery Honor, National Book Award, and the Coretta Scott King Award for classics like *The House of Dies Drear*, *The People Could Fly*, *M.C. Higgins the Great*, and *Her Stories*; she was one of the greatest thinkers we ever had on children's literature. Born to a family of storytellers, she wove into her books and thoughts a deep concern with memory, tradition, and generational legacy, especially as they helped define the lives of African Americans from the days of slavery onward. Hamilton described her work as liberation literature. This landmark book, since fallen out of print and now lovingly restored and repackaged in this gorgeous edition, brings together her essays, speeches, and interviews into one thought-provoking, incisive, inspiring whole. Presented in a high-quality flexibound binding, *Liberation Literature* also features a foreword by Laura Pegasus, founder of Kweli; an introduction by Dr. Rudine Sims Bishop, the mother of multicultural children's literature; and a full-color frontispiece portrait of Virginia Hamilton illustrated by Caldecott Medalist Leo Diane Dillon. It is a must-have for anyone interested in writing the history of African American representation in children's literature and literature overall.
