New Orleans and shows how it evolved over time to include influences from Native American spirituality Catholicism and
Pentecostalism She shares her research into folklore collections and 19th and 20th century formularies along with her own
magical arts The Voodoo Hoodoo Spellbook includes more than 100 spells for Banishing Binding Fertility Luck Protection

Star, 1997-12-01 Modern American practice in the Occult Art has borrowed heavily from the Craft s Sister Religion which has
come to be called Voodoo The spell ingredients and names for many things in present day practice in the United States have
come from the Tradition of Magic brought to the New World by the African Slave **Conjuring Culture** Theophus H.
Smith, 1995-11-09 This book provides a sophisticated new interdisciplinary interpretation of the formulation and evolution of
African American religion and culture Theophus Smith argues for the central importance of conjure a magical means of
transforming reality in black spirituality and culture Smith shows that the Bible the sacred text of Western civilization has in
fact functioned as a magical formulary for African Americans Going back to slave religion and continuing in black folk
practice and literature to the present day the Bible has provided African Americans with ritual prescriptions for prophetically
re envisioning and thereby transforming their history and culture In effect the Bible is a conjure book for prescribing cures
and curses and for invoking extraordinary and Divine powers to effect changes in the conditions of human existence and to
bring about justice and freedom Biblical themes symbols and figures like Moses the Exodus the Promised Land and the
Suffering Servant as deployed by African Americans have crucially formed and reformed not only black culture but American
society as a whole Smith examines not only the religious and political uses of conjure but its influence on black aesthetics in
music drama folklore and literature The concept of conjure he shows is at the heart of an indigenous and still vital spirituality
with exciting implications for reformulating the next generation of black studies and black theology Even more broadly Smith
proposes conjuring culture can function as a new paradigm for understanding Western religious and cultural phenomena
