Magnificent Harvest Quilts From The Heart:

Magnificent Harvest, Quilts from the Heart Lonni Thorpe, 1999-01-01 *Strange Harvest* Lesley A. Sharp, 2006-10-04

Strange Harvest illuminates the wondrous yet disquieting medical realm of organ transplantation by drawing on the voices of those most deeply involved transplant recipients clinical specialists and the surviving kin of deceased organ donors In this rich and deeply engaging ethnographic study anthropologist Lesley Sharp explores how these parties think about death loss and mourning especially in light of medical taboos surrounding donor anonymity As Sharp argues new forms of embodied intimacy arise in response and the riveting insights gleaned from her interviews observations and descriptions of donor memorials and other transplant events expose how patients and donor families make sense of the transfer of body parts from the dead to the living For instance all must grapple with complex yet contradictory clinical assertions of death as easily detectable and absolute nevertheless transplants are regularly celebrated as forms of rebirth and donors as living on in others bodies New forms of sociality arise too recipients and donors relatives may defy sanctions against communication and through personal encounters strangers are transformed into kin Sharp also considers current experimental research efforts to develop alternative sources for human parts with prototypes ranging from genetically altered animals to sophisticated mechanical devices These future trajectories generate intriguing responses among both scientists and transplant recipients as they consider how such alternatives might reshape established yet unusual forms of embodied intimacy **Vineyard**
