*The Magnificent Mercedes* Graham Robson, 1981      **The Devil's Mercedes** Robert Klara, 2017-03-07 Critically acclaimed author Robert Klara's *The Devil's Mercedes* chases down one of the most improbable stories of the postwar era the national drama that erupted when Hitler's armored limousine surfaced in the US In 1938 Mercedes Benz began production of the largest most luxurious limousine in the world A machine of frightening power and sinister beauty the Grosser 770K Model 150 Offener Tourenwagen was 20 feet long seven feet wide and tipped the scales at 5 tons Its supercharged 230 horsepower engine propelled the beast to speeds over 100 m p h while its occupants reclined on glove leather seats stuffed with goose down Armor plated and equipped with hidden compartments for Luger pistols the 770K was a sumptuous monster with a monstrous patron Adolph Hitler and the Nazi party Deployed mainly for propaganda purposes before the war the hand built limousines in which Hitler rode standing in the front seat motored through elaborate rallies and appeared in countless newsreels swiftly becoming the Nazi party's most durable symbol of wealth and power Had Hitler not so thoroughly dominated the scene with his own megalomania his opulent limousine could easily have eclipsed him Most of the 770Ks didn't make it out of the rubble of World War II But several of them did And two of them found their way secretly and separately to the United States In *The Devil's Mercedes* author Robert Klara uncovers the forgotten story of how Americans responded to these rolling relics of fascism on their soil The limousines made headlines drew crowds made fortunes and ruined lives What never became public was how both of the cars would ultimately become tangled in a web of confusion mania and opportunism fully entwined in a story of mistaken identity Nobody knew that the limousine touted as Hitler's had in fact never belonged to him while the Mercedes shrugged off as an ordinary staff car one later abandoned in a warehouse and sold off as government surplus turned out to be none other than Hitler's personal automobile It would take 40 years a cast of carnies and millionaires the United States Army and the sleuthing efforts of an obscure Canadian librarian to bring the entire truth to light As he recounts this remarkable drama Klara probes the meaning of these haunting hulks and their power to attract excite and disgust The limousines appearance collided with an American populous celebrating a victory even as it sought to stay a step ahead of the war's ghosts Ultimately *The Devil's Mercedes* isn't only the story of a rare and notorious car but what that car taught postwar America about itself

**Magnificent Mercedes** Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, 1983-04-01      **Magnificent Mercedes** Graham Robson, 1983 A pictorial history of the Mercedes automobile looks at the growth of Daimler Benz and the technical development of the Mercedes as a touring car a racing car and as a symbol for automotive craftsmanship luxury and social status      **Heroine Complex** Sarah Kuhn, 2017-07-04 Asian American superheroines Evie Tanaka and Aveda Jupiter protect San Francisco from perilous threats in the first book in Sarah Kuhn's snarky and smart fantasy trilogy The superheroine we've been waiting for Sean McGuire Being a superheroine is hard Working for one is even harder Evie Tanaka is the put upon personal assistant to Aveda Jupiter

her childhood best friend and San Francisco's most beloved superheroine. She's great at her job, blending into the background, handling her boss's epic diva tantrums and getting demon blood out of leather pants. Unfortunately, she's not nearly as together when it comes to running her own life, standing up for herself or raising her tempestuous teenage sister Bea. But everything changes when Evie's forced to pose as her glamorous boss for one night, and her darkest secret comes out: she has powers too. Now it's up to her to contend with murderous cupcakes, nosy gossip bloggers, and supernatural karaoke battles, all while juggling unexpected romance and Aveda's increasingly outrageous demands. And when a larger threat emerges, Evie must finally take charge and become a superheroine in her own right or see her city fall to a full-on demonic invasion.

*Living Politics, Making Music* Jan Fairley, edited by Simon Frith, Ian Christie, 2016-05-13 The late Jan Fairley 1949-2012 was a key figure in making world music a significant topic for popular music studies and an influential contributor to such world music magazines as *fRoots* and *Songlines*. This book celebrates her contribution to popular music scholarship by gathering her most important work together in a single place. The result is a richly informed and entertaining volume that will be of interest to all scholars in the field while also serving as an excellent introduction for students interested in popular music as a global phenomenon. Fairley's work was focused on the problems and possibilities of cross-cultural musical influences, fantasies and flows, and on the importance of performing circuits and networks. Her interest in the details of music making and in the lives of music makers means that this collection is also an original and illuminating study of music and politics. In drawing on Jan Fairley's journalism, this volume also offers students a guide to various genres of world music, from Cuban son to flamenco, as well as an insight into the lives of such world music stars as Mercedes Sosa and Silvio Rodríguez. This is inspiring as well as essential reading.

*The Consumer Society* Jean Baudrillard, 2016-12-13 Jean Baudrillard's classic text was one of the first to focus on the process and meaning of consumption in contemporary culture. Originally published in 1970, the book makes a vital contribution to current debates on consumption. The book includes Baudrillard's most organized discussion of mass media culture, the meaning of leisure, and anomie in affluent society. A chapter on the body demonstrates Baudrillard's extraordinary prescience for flagging vital subjects in contemporary culture long before others. This English translation begins with a new introductory essay.

*Hollywood Heroine* Sarah Kuhn, 2021-10-26 The fifth book in the smart, snarky, and action-packed *Heroine* series continues the adventures of Asian American superheroines Evie Tanaka, Aveda Jupiter, and Bea Tanaka in a demon-infested San Francisco. Over the years, the adventures of superheroines Aveda Jupiter and Evie Tanaka have become the stuff of legend, and now they'll be immortalized in their very own TV show. The pair head to LA for filming, but Aveda struggles to get truly excited. Instead, she's preoccupied, wondering about the fate of the world and her role in it. You know the usual. Now that Otherworld activity has been detected outside the Bay Area, Aveda can't help but wonder if the demon threat will ever be eradicated. When the drama on set takes a turn for the supernatural, Evie and Aveda must balance their celebrity commitments with donning their superhero capes.

again to investigate And when the evil they battle reveals a larger more nefarious plot it s time for the indomitable Aveda Jupiter to rise to the occasion and become the leader she was meant to be on a more global scale and hopefully keep some semblance of a personal life while doing so

**Aircraft Accident and Maintenance Review** ,1959 **Letters from Nuremberg** Christopher Dodd,2008-11-25 For some sixty years the

Nuremberg trials have demonstrated the resolve of the United States and its fellow Allied victors of the Second World War to uphold the principles of dispassionate justice and the rule of law even when cries of vengeance threatened to carry the day In the summer of 1945 soon after the unconditional surrender of Nazi Germany Thomas J Dodd the father of U S Senator Christopher J Dodd of Connecticut traveled to the devastated city of Nuremberg to serve as a staff lawyer in this unprecedented trial for crimes against humanity Thanks to his agile legal mind and especially to his skills at interrogating the defendants including such notorious figures as Hermann G ring Alfred Rosenberg Albert Speer Joachim von Ribbentrop and Rudolf Hess he quickly rose to become the number two prosecutor in the U S contingent Over the course of fifteen months Dodd described his efforts and his impressions of the proceedings in nightly letters to his wife Grace The letters remained in the Dodd family archives unexamined for decades When Christopher Dodd who followed his father s path to the Senate sat down to read the letters he was overwhelmed by their intimacy by the love story they unveil by their power to paint vivid portraits of the accused war criminals and by their insights into the historical importance of the trials Along with Christopher Dodd s reflections on his father s life and career and on the inspiration that good people across the world have long taken from the event that unfolded in the courtroom at Nuremberg where justice proved to be stronger than the most unspeakable evil these letters give us a fresh personal and often unique perspective on a true turning point in the history of our time In today s world with new global threats once again put ting our ideals to the test Letters from Nuremberg reminds us that fear and retribution are not the only bases for confrontation As Christopher Dodd says here Now as in the era of Nuremberg this nation should never tailor its eternal principles to the conflict of the moment for if we do so we will be shadowing those we seek to overcome
