Magnificent Mughals:

The Magnificent Mughals Zeenut Ziad, 2002 This fully illustrated anthology is an authoritative and variegated work on Mughal history The contributors highly eminent in their respective fields provide an informative account of the religious cultural economic political and military aspects of the Mughal Empire

Red Fort: Remembering the Magnificent Mughals Debasish Das, 2019-12-16 Today we associate the Red Fort with the view of the Prime Minister proudly unfurling the national flag every year on 15 August on the massive red wall curtain To children and even most of us the Red Fort is only this view that is broadcast on television It is the ubiquitous image often used in marketing as well Many of us haven't even bothered to go inside the Fort and many including me satisfied ourselves with our photos taken in front of this wall This actually is a later addition erected by Shah Jahan's son Aurangzeb The Red Fort is much more than this red wall and the platform where the prime minister delivers his speech In the book the author attempts to swipe aside the wall and take a deep dive inside the Fort not just the physical structures but how exactly the planning was done to create a truly complex and artistic palace fortress to explore the Mughal way of life with their festivals ceremonies food and clothing amongst other themes The beauty of the fort can only be understood and best appreciated from the string of apartments that once lined the river Yamuna on its opposite side It must have been beautiful indeed to glide down the Yamuna on a boat and appreciate all the buildings that housed the emperor's private quarters Now the river has receded afar but in olden times the various private apartments such as the Rang mahal Khwabgah abode of dreams or the emperor's bed chamber as well as the famous Diwan-e-Khas where the Mughal Emperor sat on the Peacock Throne were lined along the river front There is a reason why the pioneering British historian explorer James Fergusson termed the Red Fort the most magnificent palace in the East It was a creative venture well integrated to a new city and was truly unrivalled with respect to its design as well as functioning The book also highlights that though separated in time by more than three centuries from today we can still visualize how the unsure footsteps which Babur took in Hindustan took shape in the reign of Shah Jahan a connoisseur of art and culture Descending on one side from Genghis Khan and the brutal Tamerlane on the other Babur gained an irreversible entry to India in the plains of Panipat almost unexpectedly by defeating a mammoth army of Ibrahim Lodi in 1526 The Mughals which was the Persian word for Mongols set up an incredible empire in Agra and Delhi to which were born great emperors like Akbar and Shah Jahan Apart from magnificent monuments they also built a truly syncretic culture of shared values encouraged free exchange of knowledge and established rituals customs and festivals that assimilated age old traditions from east and west Even the Taj Mahal described by Rabindranath Tagore as a teardrop on the face of Time was built as a symbol of love of a king to his departed queen like an reincarnation of Majnun for his Laila so different from the obvious imagery that a barbaric king may evoke in one's mind Similarly the Red Fort of Delhi was the culmination of Mughal soft power With profusely laid flower and fruit bearing char bagh gardens criss crossed with streams of water canals it was layered in symbolism that art

historians find interesting even after many centuries to discuss elements that give it a sense of freshness even with the mere empty shell of buildings left behind after 1857 As the author says Delhi however lived up to its reputation of slipping through the very fingers of those who attempted to raise a new city here starting with Prithvi Raj Chauhan's Lal Kot Allauddin Khilji's Siri the Tughluq trio's troika of Tughluqabad Jahanpanah Humayun's Dinpanah and later Lutyen's Delhi of the British Shah Jahan's majestic offering to the city of his choice was soon to be destroyed by fate The narrative follows the incidents of 1857 till the British Durbars and highlights that the Fort was not the home of the Mughals only in their prime but also in their decline and till their very extinction The book seeks to present the lived culture of Mughals in all its multiple facets The book is divided in four parts In Part 1 the focus is on the Imperial court and the court etiquette cultivation of Persian and its enrichment with translations from Sanskrit patronage of Hindu and Jain scholars Part 2 contains detailed accounts of the Red Fort and the symbolism of its architecture the philosophy of jharokha darshan ceremonies games and pastimes the material culture of costumes and jewellery food drink and perfumery The remaining two parts deal with the decline and fall of the Mughal rule and the British Colonial Durbars at the Red Fort The broadly historical narrative is enlivened by various anecdotes

alive a spectacular bygone era authentically and convincingly *The Princes of the Mughal Empire, 1504-1719* Munis D. Faruqi, 2012-08-27 For more than 200 years the Mughal emperors ruled supreme in northern India How was it possible that a Muslim ethnically Turkish Persian speaking dynasty established itself in the Indian subcontinent to become one of the largest and most dynamic empires on earth In this rigorous new interpretation of the period Munis D Faruqi explores Mughal state formation through the pivotal role of the Mughal princes In a challenge to previous scholarship the book suggests that far from undermining the foundations of empire the court intrigues and political backbiting that were features of Mughal political life and that frequently resulted in rebellions and wars of succession actually helped spread deepen and mobilise Mughal power through an empire wide network of friends and allies This engaging book which uses a vast archive of European and Persian sources takes the reader from the founding of the empire under Babur to its decline in the 1700s

Imperial Identity in the Mughal Empire Lisa Balabanlilar, 2015-12-13 Having monopolized Central Asian politics and culture for over a century the Timurid ruling elite was forced from its ancestral homeland in Transoxiana at the turn of the sixteenth century by an invading Uzbek tribal confederation The Timurids travelled south establishing themselves as the new rulers of a region roughly comprising modern Afghanistan Pakistan and northern India and founding what would become the Mughal Empire 1526 1857 The last survivors of the House of Timur the Mughals drew invaluable political capital from their lineage which was recognized for its charismatic genealogy and court culture the features of which are examined here By identifying Mughal loyalty to Turco Mongol institutions and traditions Lisa Balabanlilar here positions the Mughal dynasty at the centre of the early modern Islamic world as the direct successors of a powerful political and religious tradition **Last**

Vivekanandan, 2012-03-12 The book interrogates the disciplinary biases and firewalls that inform mainstream international relations today and problematises the several tropes that have come to typify the strategic histories of post colonial societies such as India Questioning a range of long held cultural representations on India the book challenges such portrayals and

underscores the centrality of context and contingency in any cultural explanation of state behaviour It argues for a historical cultural understanding of power and critiques IR s tendency to usher in a selective return of history Taking two contrasting case studies from medieval Indian history the book assesses the success and failure of the grand strategy pursued by the Mughal empire under Akbar The study emphasises his grand strategy of accommodation defined by the interplay of critical variables such as distance and the vast military labour market The book also looks at his conscious attempt to indigenise power by projecting himself as the personification of the ideal Hindu king This case study helps to contextualise the many critical transitions that occurred in international relations from medieval empires to the modern state system and from an indigenised experiential understanding of power to its absolute abstract manifestations in the colonial state
