The Christian Invention of Time Simon Goldhill,2022-02-03 Time is integral to human culture Over the last two centuries people s relationship with time has been transformed through industrialisation trade and technology But the first such life changing transformation under Christianity s influence happened in late antiquity It was then that time began to be conceptualised in new ways with discussion of eternity life after death and the end of days Individuals also began to experience time differently from the seven day week to the order of daily prayer and the festal
