Holocaust Lives Jean Boase-Beier, Peter Davies, Andrea Hammel, Marion Winters, 2017-01-26 For readers in the English speaking world almost all Holocaust writing is translated writing Translation is indispensable for our understanding of the Holocaust because there is a need to tell others what happened in a way that makes events and experiences accessible if not perhaps comprehensible to other communities Yet what this means is only beginning to be explored by Translation Studies scholars This book aims to bring together the insights of Translation Studies and Holocaust Studies in order to show what a critical understanding of translation in practice and context can contribute to our knowledge of the legacy of the Holocaust The role translation plays is not just as a facilitator of a semi transparent transfer of information Holocaust writing involves questions about language truth and ethics and a theoretically informed understanding of translation adds to these questions by drawing attention to processes of mediation and reception in cultural and historical context It is important to examine how writing by Holocaust victims which is closely tied to a specific language and reflects on the relationship between language experience and thought can or cannot be translated This volume brings the disciplines of Holocaust and Translation Studies into an encounter with each other in order to explore the effects of translation on Holocaust writing The individual pieces by Holocaust scholars explore general theoretical questions and individual case studies and are accompanied by commentaries by translation scholars Living Up to the Ads Simone Weil Davis, 2000 Explores interactions between novels and advertising in the construction of subjectivity in the early part of the twentieth century

Jennifer M. Wilks, 2008-12 *Race Gender and Comparative Black Modernism* revives and critiques four African American and Francophone Caribbean women writers sometimes overlooked in discussions of early twentieth century literature: Guadeloupean Suzanne Lacascade (dates unknown), African American Marita Bonner (1899-1971), Martinican Suzanne C. Saïre (1913-1966), and African American Dorothy West (1907-1998). Reexamining their most significant work, Jennifer M. Wilks demonstrates how their writing challenges prevailing racial archetypes such as the New Negro and the Negritude hero of the period from the 1920s to the 1940s and explores how these writers tapped into modernist currents from expressionism to surrealism to produce progressive treatments of race, gender, and nation that differed from those of currently canonized black writers of the era, the great majority of whom are men. Wilks begins with Lacascade, whom she deems best known for being unknown, reading Lacascade's novel *Claire Solange me africaine* (1924) as a protofeminist, proto-Negritude articulation of Caribbean identity. She then examines the fissures left unexplored in New Negro visions of African American community by showing the ways in which Bonner's essays, plays, and short stories highlight issues of economic class. C. Saïre applied the ideas and techniques of surrealism to the French language, and Wilks reveals how her writings in the journal *Tropiques* (1941-45) directly and insightfully engage the intellectual influences that informed the work of canonical Negritude. Wilks' close reading of West's *The Living Is Easy* (1948) provides a retrospective critique of the forces that continued to circumscribe women's lives in the midst of the social and cultural awakening presumably embodied in the New Negro. To show how the black literary tradition has continued to confront the conflation of gender roles with social and literary conventions, Wilks examines these writers alongside the late twentieth century writings of Maryse Condé and Toni Morrison. Unlike many literary analysts, Wilks does not bring together the four writers based on geography: Lacascade and C. Saïre came from different Caribbean islands, and though Bonner and West were from the United States, they never crossed paths. In considering this eclectic group of women writers together, Wilks reveals the analytical possibilities opened up by comparing works influenced by multiple intellectual traditions.

Hans Bellmer Sue Taylor, 2002 *A study of Hans Bellmer's eroticized images and the psychological origins of his disturbing art* "Appropriated Photographs in French Surrealist Periodicals, 1924-1939" Linda Steer, 2017-07-05 The first monograph to analyze the Surrealist gesture of photographic appropriation, this study examines found photographs in three French Surrealist reviews published in the 1920s and 1930s: *La Révolution surréaliste* edited by André Breton, *Documents* edited by Georges Bataille, and *Minotaure* edited by Breton and others. The book asks general questions about the production and deployment of meaning through photographs but addresses more specifically the construction of a Surrealist practice of photography through the gesture of borrowing and re-contextualization and reveals something crucial both about Surrealist strategies and about the way photographs operate. The book is structured around four case studies: including scientific photographs of an hysteric in Charcot's clinic at the Salpêtrière hospital, positioned as poetry rather than pathology, and one of the first crime scene photographs depicting Jack the Ripper's last victim radically transformed into a

work of art Linda Steer traces the trajectory of the found photographs from their first location to their location in a Surrealist periodical Her study shows that the act of removal and re framing highlights the instability and mutability of photographic meaning an instability and mutability that has consequences for our understanding both of photography and of Surrealism in the 1920s and 1930s Lee Miller Carolyn Burke,2010-10-06 A trenchant yet sympathetic portrait of Lee Miller one of the iconic faces and careers of the twentieth century Carolyn Burke reveals Miller as a multifaceted woman both model and photographer muse and reporter sexual adventurer and mother and in later years gourmet cook the last of the many dramatic transformations she underwent during her lifetime A sleek blond bombshell Miller was part of a glamorous circle in New York and Paris in the 1920s and 1930s as a leading Vogue model close to Edward Steichen Charlie Chaplin Jean Cocteau and Pablo Picasso Then during World War II she became a war correspondent one of the first women to do so shooting harrowing images of a devastated Europe entering Dachau with the Allied troops posing in Hitler s bathtub Burke examines Miller s troubled personal life from the unsettling photo sessions during which Miller both as a child and as a young woman posed nude for her father to her crucial affair with artist photographer Man Ray to her unconventional marriages And through Miller s body of work Burke explores the photographer s journey from object to subject her eye for form pattern and light and the powerful emotion behind each of her images A lushly illustrated story of art and beauty sex and power Modernism and Surrealism independence and collaboration Lee Miller A Life is an astute study of a fascinating yet enigmatic cultural figure Thinking with Irigaray Mary C. Rawlinson,Sabrina L. Hom,Serene J. Khader,2011-11-01 Thinking with Irigaray takes up Irigaray s challenge to think beyond the androcentric one subject culture identifying much that is useful and illuminative in Irigaray s work while also questioning some of her assumptions and claims Some contributors reject outright her prescriptions for changing our culture others suggest that her prescriptions are inconsistent with the basic ethical concerns of her project and still others attempt to identify blind spots in her work By confronting and challenging the mechanisms of masculine domination Irigaray has identified and applying these insights to a wide range of practical and contemporary concerns including popular media representations of women s sexuality feminist practice in the arts political resistance and yoga the contributors demonstrate the unique potential of Irigaray s thought within feminist philosophy and gender studies
