Monks are from Meditating Monkeys Dr. G.K. Pillai, This extraordinary book unveils the scientific source of true spirituality A vision of reality emerges when the brain is in the grip of near death frenzy The dominant ego declines and consciousness shifts to the right side of the brain True mystics like Ramana Maharshi meditated up on the dazzling vision and reached nirvana the culmination of spiritual quest The god men who sell yoga meditation and salvation are self centered mimics with inflated ego and greed The facts now revealed by brain scans might debunk the divine comedy of fake monks misleading the masses Drug induced euphoria of Meditating Monkeys cannot take humans to lasting bliss and calmness The only authentic route to sustainable spiritual transformation is shifting consciousness through egoless meditation Universal compassion is the prominent expression of true enlightenment The transition of mystics from the ordinary to the sublime can motivate the modern youth to achieve similar awakening This book shows the reality but faiths may deny it with divine deceptions
