## **Mahmuds Story:**

*Refugee* Alan Gratz, 2017-10-05 This action packed novel tackles topics both timely and timeless courage survival and the quest for home Three kids go on harrowing journeys in search of refuge And although Josef Isabel and Mahmoud are separated by continents and decades shocking connections will tie their stories together in the end **Thirst** Mahmoud Dowlatbadi, 2015-04-15 Thirst is the latest novel translated into English by award winning novelist Mahmoud Dowlatbadi Following the critical success of his acclaimed 2013 novel *The Colonel* for which he won the Jan Michalski Prize for Literature Thirst is profound humane and mischievous in its humour shining a light on the madness and the absurdity of a brutal war On a strategic hill overlooking the frontier Iraqi and Iranian troops battle for access to a water tank The troops are delirious with thirst and on the brink of madness They are moreover characters in a novel being written by an Iraqi journalist That is if he is given the chance to write it a chance denied him by an Iraqi major who is in charge of a military prison and who commands the journalist to write a fictitious report about a murder in the camp aimed at demoralising the enemy soldiers At the same time on the other side of the border an Iranian author writes the story of the same troop of soldiers but from an Iranian perspective He likewise is interrupted not by external forces but by memories of his first encounter with a gun Told in a kaleidoscopic style that weaves between the ongoing battle and the struggles of the writer Thirst is rich with dark humour and surreal images The emphasis on maintaining humanity and individual identity in the midst of a dehumanising conflict shows once again why Mahmoud Dowlatbadi is the most important Iranian novelist writing today Resonant Leadership Richard E. Boyatzis, Annie McKee, 2005 Resonant Leadership shows how leaders can recognise the cycles of stress sacrifice and renewal inherent in their jobs and actively utilise the qualities of mindfulness hope and compassion to renew their passion and effectiveness Practical follow on to the international bestseller *Primal Leadership* Goes beyond research and stories to offer proven strategies for how to do resonant leadership Successful Author Team Boyatzis and McKee are co authors of PL and Daniel Goleman has written a glowing Foreword to the book which will lend considerable credibility and visibly link the book to its predecessor Addresses a Universal Leadership Challenge The increasingly short tenure of many of today s executives the pressure to make the quarterly numbers a shaky economy and other stresses in today s global workplace underscore the urgency of this book s message and its relevance for executives and managers in all kinds of companies Incarcerated Childhood and the Politics of Unchilding Nadera Shalhoub-Kevorkian, Nādirah Shalhūb-Kīfūrkiyān, 2019-09-05 Advances theorization of childhood in contexts of racialized settler colonial political violence while acknowledging children s power to interrupt it **After the Verdict** Robert Hichens, 1924 **Labyrinths, Intellectuals and the Revolution** Ian Campbell, 2013-02-14 Labyrinths Intellectuals and the Revolution traces the development of the postcolonial Arabic language Moroccan novel Its close readings of major texts are based in the spatial practices of these novels Mahmoud's Story Rosemary Senior, 1984 World Report 2015 Human

Abell,2005-12-16 Analysis of past developments in teacher education in Pakistan has shown that substantial progress has been made in this field It has however been pointed out that education of science teachers still needs much improvement At the present there is an emergent need to meet the shortage of qualified science teachers and at the same time to bring qualitative improvements in the courses offered in teacher education institutions First we recommend that the 1 year duration of teacher preparation is grossly inadequate for all teaching courses and should be lengthened and the qualifications for entrance be increased We believe that teaching must be made a graduate profession For example the basic qualification of primary school teachers for admission to teacher education institution should be increased We recommend that PTC should be made a 12 2 year program Similarly CT 12 3 B Ed 14 2 B S Ed 12 4 M A Ed 14 3 and M Ed one year after B Ed or B S Ed Secondly we think the quality of instruction in teacher preparation programs should be improved Most teachers in the teacher preparation institutions use the lecture method most of the time Prospective teachers behave like passive listeners to their teachers They do not participate in the teaching learning process Some instructors even dictate their notes to the preservice teachers When the teachers join schools they behave the same way **The Reading**

tools we need to overcome obstacles and to thrive This is a fantastic timely book that I highly recommend Steve Kerr Head Coach Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives Yet by and large we are terrible at it The reason says longtime mediator Chad Ford is fear When conflict comes our instincts are to run or fight To transform conflict Ford says we need to turn toward the people we are in conflict with put down our physical and emotional weapons and really love them with the kind of love that leads us to treat others as fellow human beings not as objects in our way We have to open ourselves up with no guarantee that anyone on the other side will do the same While this can feel even more dangerous than conflict itself it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue Most importantly he gives us a path to practice dangerous love in the conflicts that matter most to us Mahmoud Darwish Muna Abu Eid,2016-05-31 Mahmoud Darwish is the poet laureate of the Palestinian national struggle His poems resonate across the entire Arab world and more than any other single figure perhaps since the death of Yasser Arafat he represents a unifying figurehead for Palestinian national aspirations In this the first comprehensive biography of Darwish in English Muna Abu Eid examines the poet s intellectual status on two fronts both national and public and offers a critical assessment of Darwish s national and political life Based on Darwish s own writings and interviews with people who worked with him and situating Darwish s poetry within the wider context of Palestinian struggles inside Israel this book explores the influence of Darwish s life and work in the Palestinian territories and in the diaspora from the destruction of his Galilee village and displacement of his family during the 1948 Nakba to his return and infiltration back into the homeland and the struggle for survival inside Israel to his internal and external exiles in Haifa Moscow Cairo Beirut Tunisia Paris and even Ramallah

**Children's Picture Books and Contemporary Egyptian Society** Yasmine Motawy, 2025-02-25 A social and political history of two decades of Egyptian neoliberalism through children s picture books published in Egypt in the post 2000 era Children s picture books are some of the most transparently ideological materials available to parents and educators and as cultural objects they are an expression of the zeitgeist of a particular era They reveal much about the hopes values and aspirations of the society that produces them as well as that society s vision of its place in the wider world at large Children s Picture Books and Contemporary Egyptian Society examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt as well as to explore the ideologies that lie behind them Yasmine Motawy argues that a host of factors including the growth of gated communities and international schooling the proliferation of lucrative literary awards returning Gulf migrants television dramas and nationwide reading advocacy initiatives helped give rise to a new kind of children s picture book in Egypt Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasing globalized spaces that children frequent with their families The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales while the third cluster addresses children s abilities to assess the impact of their actions on their environment and invites them to examine their personal suitability to positions of power and stewardship

**O Jerusalem** Laurie R. King, 2009-04-28 At the close of the year 1918 forced to flee England s green and pleasant land Mary Russell and Sherlock Holmes enter British occupied Palestine under the auspices of Holmes enigmatic brother Mycroft Gentlemen we are at your service Thus Holmes greets the two travel grimed Arab figures who

receive them in the orange groves fringing the Holy Land Whatever role could the volatile Ali and the taciturn Mahmoud play in Mycroft's design for this land the British so recently wrested from the Turks After passing a series of tests Holmes and Russell learn their guides are engaged in a mission for His Majesty's Government and disguise themselves as Bedouins Russell as the beardless youth Amir to join them in a stealthy reconnaissance through the dusty countryside A recent rash of murders seems unrelated to the growing tensions between Jew Moslem and Christian yet Holmes is adamant that he must reconstruct the most recent one in the desert gully where it occurred His singular findings will lead him and Russell through labyrinthine bazaars verminous inns cliff hung monasteries and into mortal danger When her mentor's inquiries jeopardize his life Russell fearlessly wields a pistol and even assays the arts of seduction to save him Bruised and bloodied the pair ascend to the jewellike city of Jerusalem where they will at last meet their adversary whose lust for savagery and power could reduce the city's most ancient and sacred place to rubble and ignite this tinderbox of a land Classically Holmesian yet enchantingly fresh sinuously plotted with colorful characters and a dazzling historic ambience O Jerusalem sweeps readers ever onward in the thrill of the chase
