Historical Dictionary of French Literature John Flower, 2013-01-17

The Historical Dictionary of French Literature covers the history of the principal authors and movements in the history of imaginative French literature since the 9th century. It also contains analyses of a selection of key texts and lists works inspired by major historical or political events such as the two World Wars with an emphasis on the twentieth and twenty-first centuries. This is done through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the core texts, central authors, and themes. This book is an ideal access point for students, researchers, or anyone interested in the history of French Literature.

Historical Dictionary of Postmodernist Literature and Theater Fran Mason, 2016-12-12. This second edition of Historical Dictionary of Postmodernist Literature and Theater contains a chronology, an introduction, and a bibliography. The dictionary section has over 400 cross-referenced entries on postmodernist writers, the important postmodernist aesthetic practices.

The A to Z of Postmodernist Literature and Theater Fran Mason, 2009-07-23. The A to Z of Postmodernist Literature and Theater examines the different areas of postmodernist literature and the variety of forms that have been produced. This is accomplished through a chronology, an introductory essay, a bibliography, and several hundred cross-referenced dictionary entries on individual postmodernist writers, the important postmodernist aesthetic practices, significant texts produced throughout the history of postmodernist writing, and important movements and ideas that have created a variety of literary approaches within the form. By placing these concerns within the historical, philosophical, and cultural contexts of postmodernism, this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty-first century operates.

B S Johnson and Post-War Literature M. Ryle, J. Jordan, 2015-12-11. A collection of essays on the 1960s experimental writer B S Johnson. This book draws together new research on all aspects of his work and, in tracing his connections to a wider circle of continental British and American avant-garde writers, offers exciting new approaches to reading 1960s experimental fiction.

Robert Pinget Léonard A. Rosmarin, 1995. In this first comprehensive study of Pinget published in English, Leonard A. Rosmarin argues that each of Pinget's novels, plays, and even narratives represents successive stages in an inner voyage of exploration. As Pinget probes deeper and deeper into his imaginary universe, its confines, Rosmarin asserts, seem to expand, opening up innumerable perspectives, bringing forth all kinds of disquieting paradoxes. Rosmarin shows how Pinget's fascination with the subconscious explains at least in part his attraction to the Nouveau Roman. Lucid control is a means to an end, Rosmarin maintains, with the end being the in-depth exploration of the unfathomable riches hidden within the subconscious. Because the subconscious contains an infinite variety of possibilities to explore, Pinget has always found it

necessary to devise a special tone for each novel he embarked on Ultimately Rosmarin observes that Pinget like his enigmatic protagonists has embarked on an endless search for a magical formula the essential truth or truths of his being that will make him whole again BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

World-Games Cristopher Nash,2024-10-31 Contemporary readers face a literature that seems to speak for them yet they often struggle to say just how or why Out of the deluge of works from such writers as Barth Barthelme Beckett Borges Brooke Rose Burroughs Butor Calvino Cort zar Federman Fuentes Le Guin M rquez McElroy Nabokov O Brien Pynchon Robbe Grillet Sanguineti Sarraute Sollers Sukenick Tolkien Vonnegut new words and world models that demand understanding fill the air Yet they seem frequently beyond reach because the framework of ideas within which this often brilliant but seemingly bewilderingly disparate flood of discourses might make sense remains largely unexpressed Beginning with the first concisely concerted assessment in English of the premisses and practice of Realism as viewed by those who feel that there is no choice but to move on this book first published in 1987 confronts the vocabulary and rhetoric of current radical theory with the actual procedures of post war fiction In a spirit of challenging experiment it scrutinizes the themes motifs and strategies of contemporary narrative and reveals an unsuspected continuity of hitherto concealed premisses and dilemmas built into recent postmodern and poststructuralist thought As provocative as the literature it regards it proposes that anti Realism is no longer merely a movement that it has become a massive and equally conventionalized and problematical tradition living alongside Realism throughout the Western world

The nouveau roman and Writing in Britain After Modernism Adam Guy,2019-12-05 The nouveau roman and Writing in Britain After Modernism recovers a neglected literary history In the late 1950s news began to arrive in Britain of a group of French writers who were remaking the form of the novel In the work of Michel Butor Marguerite Duras Robert Pinget Alain Robbe Grillet Nathalie Sarraute and Claude Simon the hallmarks of novelistic writing discernible characters psychological depth linear chronology were discarded in favour of other aesthetic horizons Transposed to Britain s highly polarized literary culture the nouveau roman became a focal point for debates about the novel For some the nouveau roman represented an aberration and a pernicious turn against the humanistic values that the novel embodied For others it provided a route out of the stultifying conventionality and conformism that had taken root in British letters On both sides one question persisted given the innovations of interwar modernism to what extent was the nouveau roman actually new This book begins by drawing on publishers archives and hitherto undocumented sources from a wide range of periodicals to show how the nouveau roman was mediated to the British public Of central importance here is the publisher Calder Boyars and its belief that the nouveau roman could be enjoyed by a mass public The book then moves onto literary responses in Britain to the nouveau roman focusing on questions of translation realism the end of empire and the writing of the project From the translations of Maria Jolas through to the hostile responses of the circle around C P Snow and onto the literary debts expressed in novels by Brian

W Aldiss Christine Brooke Rose Eva Figs B S Johnson Alan Sheridan Muriel Spark and Denis Williams the nouveau roman is shown to be a central concern in the postwar British literary field The Facts on File Companion to the French Novel Karen L. Taylor, 2006 French novels such as Madame Bovary and The Stranger are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization
