The central concern of these eight studies and essays is the understanding and critique of culture at the shifty boundaries between the Modern and the Postmodern epochs. The author contends that what needs to be addressed is the very abyss the spacetime between the Modern and the Postmodern worldviews as well as the tension between aesthetics and ethics, critical discourse and the creative arts in an effort to rethink multireferential processes of signification. The keystone of the book is Carravetta's notion of Diaphoristics, a theory of interpretation as dialogue. Diaphora or difference refers to the ancient quarrel between poetry and philosophy and signifies the movement between asymmetrical or heterogeneous forms of discourse that have both historically and speculatively borne the transfer of meaning from one semantic hermeneutic field to another. The author focuses on the necessary risk and duplicity of criticism and develops nonagonistic models based on figuration and rhetorical dynamics. In two other chapters the author steps back to reassess in terms of the diaphora the diverging notions of Postmodernity by the continental philosophers Lyotard and Vattimo. The collection ends with an essay on the long overdue conversation between Vico and Heidegger.

The Macrolepidoptera of the World: pt. 1-2. The Indo-Australian rhopalocera Adalbert Seitz, 1927 **Mayakovsky** Bengt Jangfeldt, 2014-12-23

Few poets have led lives as tempestuous as that of Vladimir Mayakovsky. Born in 1893 and dead by his own hand in 1930, Mayakovsky packed his thirty-six years with drama, politics, passion, and most important, poetry. An enthusiastic supporter of the Russian Revolution and the emerging Soviet State, Mayakovsky was championed by Stalin after his death and enshrined as a quasi-official Soviet poet, a position that led to undeserved neglect among Western literary scholars, even as his influence on other poets has remained powerful. With Mayakovsky, Bengt Jangfeldt offers the first comprehensive biography of Mayakovsky, revealing a troubled man who was more dreamer than revolutionary, more political romantic than hardened Communist. Jangfeldt sets Mayakovsky's life and works against the dramatic turbulence of his times, from the aesthetic innovations of the pre-revolutionary avant-garde to the rigidity of Socialist Realism and the destruction of World War I to the violence and hope of the Russian Revolution through the tightening grip of Stalinist terror and the growing disillusion with Russian communism that eventually led the poet to take his life. Through it all is threaded Mayakovsky's celebrated love affair with Lili Brik and the moving relationship with Lili's husband, Osip, along with a brilliant depiction of the larger circle of writers and artists around Mayakovsky, including Maxim Gorky, Viktor Shklovsky, Alexander

Rodchenko and Roman Jakobson The result is a literary life viewed in the round enabling us to understand the personal and historical forces that drove Mayakovsky and generated his still startling poetry Illustrated throughout with rare images of key characters and locations Mayakovsky is a major step in the revitalization of a crucial figure of the twentieth century avant garde
