Maiden Voyage Tania Aebi, 2012-11-06 What begins as the sheer desire for adventure turns into a spiritual quest as a young woman comes to terms with her family her dreams and her first love Tania Aebi was an unambitious eighteen year old a bicycle messenger in New York City by day a Lower East Side barfly at night In short she was going nowhere until her father offered her a challenge Tania could choose either a college education or a twenty six foot sloop The only catch was that if she chose the sailboat she d have to sail around the world alone She chose the boat and for the next two and a half years and 27 000 miles it was her home With only her cat as companion she discovered the wondrous beauties of the Great Barrier Reef and the death dealing horrors of the Red Sea She suffered through a terrifying collision with a tanker in the Mediterranean and a lightning storm off the coast of Gibraltar And ultimately what began with the sheer desire for adventure turned into a spiritual quest as Tania came to terms with her troubled family life fell in love for the first time and most of all confronted her own needs desires dreams and goals *Maiden Voyage* Judith O'Brien, 1996-12 Constance Lloyd dreams of a Hollywood career working alongside the likes of Mary Pickford and Lillian Gish and book passage on the magnificent new ship the Titanic There she meets a mysterious man just as the ship hits an iceberg Together bound by fate they plunge into the icy black water in a desperate attempt to survive and fulfill their destiny *Maiden Voyage*, 2009 **Maiden Voyage** Joshua A. Fogel, 2014-09-19 After centuries of virtual isolation during which time international sea travel was forbidden outside of Japan s immediate fishing shores Japanese shogunal authorities in 1862 made the unprecedented decision to launch an official delegation to China by sea Concerned by the fast changing global environment they had witnessed the ever increasing number of incursions into Asia by European powers not the least of which was Commodore Perry s arrival in Japan in 1853 54 and the forced opening of a handful of Japanese ports at the end of the decade The Japanese reasoned that it was only a matter of time before they too encountered the same unfortunate fate as China their hope was to learn from the Chinese experience and to keep foreign powers at bay They dispatched the Senzaimaru to Shanghai with the purpose of investigating contemporary conditions of trade and diplomacy in the international city Japanese from varied domains as well as shogunal officials Nagasaki merchants and an assortment of deck hands made the voyage along with a British crew spending a total of ten weeks observing and interacting with the Chinese and with a handful of Westerners Roughly a dozen Japanese narratives of the voyage were produced at the time recounting personal impressions and experiences in Shanghai The Japanese emissaries had the distinct advantage of being able to communicate with their Chinese hosts by means of the brush conversation written exchanges in literary Chinese For their part the Chinese authorities also created a paper trail of reports and memorials concerning the Japanese visitors which worked its way up and down the bureaucratic chain of command This was the first official meeting of Chinese and Japanese in several centuries Although the Chinese authorities agreed to few of the Japanese requests for trade relations and a consulate nine years later China and Japan would sign the

first bilateral treaty of amity in their history a completely equal treaty East Asia and the diplomatic and trade relations between the region's two major players in the modern era would never be the same

Jaxson Duvall, bass player for the band Maiden Voyage, wasn't born into wealth or fame. He achieved it with hard work and a need to prove himself. To whom, well, that is the million-dollar question right there. When his foolish antics threaten to bankrupt him, it's time for him to stop acting like a spoiled brat and grow the hell up before his band brothers find a new bassist. Shephard Shep Newsome was the opposite. Thrust into the limelight at birth and cast out damn near the same way. When his indiscretions tarnished his family name, his father said no more. Humiliated, shamed, and shunned, he moved away to begin anew, but trouble still seemed to find him. Tired of running, he puts down roots only to find himself right smack in the middle of it once again. What happens when a Rockstar with more money than brains clashes with his neighbor who has a chip on his shoulder the size of Texas? You have a recipe for disaster or rage-infused love. **Titanic and Liverpool** Alan Scarth, 2009-01-01. If you had been behind the Titanic on that fateful night in 1912, the last word that flashed before your eyes as the great ship was lost to the sea would have been Liverpool. The ship's loss, a national and international tragedy, was also a tragedy for its home port, and this fascinating book explores the history and myths surrounding the sinking, highlighting for the first time new and extraordinary stories that link Europe's pre-eminent port and its most famous maritime loss. Using material from the White Star Line archives, the extensive holdings of the Merseyside Maritime Museum, new illustrations, and a variety of historical sources, Scarth unearths the full back story of key characters and companies; many of her key officers and crew were either from Liverpool or had strong links with the port; the ship's owners were based in the City; many of the most colourful tales emerging from the disaster relate to Liverpool people, and here, where appropriate, we find out what happened.

to them after the sinking Titanic and Liverpool will be compulsory reading for anyone interested in the Titanic and also for anyone hoping to understand Liverpool's role as the great processing port of Europe and gateway to the US and Canada
