Maigret Et Les Braves Gens By Simenon George:

Maigret and the Good People of Montparnasse Georges Simenon, 2019-04-02 A writer as comfortable with reality as with fiction with passion as with reason John Le Carr When he is tasked with solving a seemingly motiveless murder Inspector Maigret must rely on his famous intuition to discover the truth A retired manufacturer is found murdered with his own pistol in his favorite armchair shattering the tranquility of a quiet Paris community The neighbors describe the Josselin household as a bastion of bourgeois compatibility and Inspector Maigret is stymied by the absence of motive and by the reticence of the bereaved wife It is not until a chance witness recalls an odd encounter between the deceased and a man in a bistro that the veil of propriety protecting the killer begins to dissolve Maigret suspects that he is not being given all the facts in this case as he is drawn deeper into the complex web of family dramas and lies at the heart of it In *Maigret and the Good People of Montparnasse* he must rely on his famous intuition above all to uncover the shocking truth *The Unfree French*

Richard Vinen, 2006-01-01 The swift and unexpected defeat of the French Army in 1940 shocked the nation Two million soldiers were taken prisoner six million civilians fled from the German army's advance to join convoys of confused and terrified refugees and only a few managed to escape the country The vast majority of French people were condemned to years of subjugation under Nazi and Vichy rule This compelling book investigates the impact of the occupation on the people of France and dispels any lingering notion that somehow under the collaborating government of Marshal Pétain life was quite tolerable for most French citizens Richard Vinen describes the inescapable fear and the moral quandaries that permeated life in German controlled France Focusing on the experiences of the least privileged he shows how chronic shortages desperate compromises fear of displacement racism and sadistic violence defined their lives Virtually all adult males festered in POW camps or were sent to work in the Reich With numerous enthralling anecdotes and a variety of maps and evocative photographs *The Unfree French* makes it possible for the first time to understand how average people in France really lived from 1940 to 1945 why their experiences differed from region to region and among various groups and why they made the choices they did during the occupation **Scene of the Crime** David Geherin, 2014-12-03 Offering analysis of the fiction of 15 authors for whom the setting greatly contributes to their overall literary style this book focuses on the many ways that place figures in modern crime and mystery novels The authors and their settings are Georges Simenon Paris Donna Leon Venice Tony Hillerman American Southwest Walter Mosley South Central Los Angeles George P.
