Mailed Fist 6th Armour Division At War 1940 1945:

Mailed Fist Ken Ford, 2005-01-01 Formed in 1940 the British 6th Armoured Division was in the thick of the action in North Africa from December 1942 in the climactic encounters with the Deutsches Afrika Korps Combining eye witness accounts unit war diaries and unpublished sources this is a history of this distinguished division **Valentine Infantry Tank vs Panzer III** Bruce Newsome, 2023-11-23 A unique comparison between the two most numerous British and German tank types from 1941 to 1943 Although much has been written about the Panzer III little attention has been given to the equally prominent Valentine tank This work compares the respective strengths and weaknesses of these iconic tanks which frequently went head to head in brutal battles across Europe Libya Egypt and Tunisia It documents the upgrades made to each AFV type over three years as up gunned and up armoured variants ever more lethal ever more survivable arrived in North Africa Dr Bruce Newsome explores the two tanks encounters from the first Valentine vs Panzer III clashes in 1941 to the Axis drive into Egypt and on to the Tunisian fighting of 1942 1943 Colour artworks include profile weaponry and gunsight and battlescene views of both tanks while maps chart the campaigns in which they met Each AVF s performance is also covered along with their technical details design evolution and crew histories **The Combat History of the 21st Panzer Division 1943-45** Werner Kortenhaus, 2017-11-19 For years one of the most essential sources for study of the Normandy invasion was known only to a select few and nearly unobtainable even to those who knew of its existence It has never before been translated None of the major English language histories of the Normandy Invasion refer to it even though it is the history of the only German armored division that was in place in the Caen area at the moment of the invasion It reveals key facts that are missing elsewhere At long last Werner Kortenhaus history of the 21st Panzer Division has been published in English Kortenhaus s account of the division s subsequent commitment in the Lorraine Saar Region Alsace area provides intriguing detail on this little known sector as the southern wing of Patton s 3rd Army strove for the Upper Rhine area of Germany The last section follows the division after its hasty transfer to the Oder Front facing the final Russian onslaught on Berlin In revising and updating his account originally released in two massive typed volumes Die Schlacht um Caen 1944 Caumont Falaise Seine der Einsatz der 21 Panzer Division in 1989 and Lothringen Elsa der Ostfront der Einsatz der 21 Panzer Division in 1990 Werner Kortenhaus has exhaustively researched all available sources in German French and English to supplement his own experiences and those of his fellows and the many individuals whom he interviewed The result is a seamless account of the Normandy invasion in the British sector from the German viewpoint that sheds new light on many controversial issues The account continues following the division and surrounding events during the retreat to the Seine and the division s later commitment in Alsace Lorraine and finally on the Oder Front against the Soviet Union and its eventual demise in the horrors of the Halbe pocket The account is not restricted to the history of the 21st Panzer Division but includes detailed analysis and exposition of actions of adjoining divisions and of the larger picture from the German viewpoint

Elements of the 21st Panzer Division were committed separately prior to the Normandy invasion on both sides of the River Orne in the vicinity of Caen. Although the 21st Panzer Division was the only German armored division stationed in the Caen area, it stood by in frustration with engines running for hours awaiting orders for action. Even then it was handicapped by its prior dispersed commitment. Elements of the 21st Panzer Division fought against the British airborne force at Pegasus Bridge while other elements launched a counterattack that almost reached Sword Beach. The division's Kampfgruppe von Luck was a major part of the German defense east of the Orne. North of Caen to the west of the Orne along with the 12th SS Hitler Jugend Panzer Division, the 21st Panzer Division blocked the unrelenting British frontal attacks on Caen that culminated in Operation Charnwood. The division subsequently played a major role in halting the British assault east of Caen, Operation Goodwood, short of its final objectives. The division was then shifted westward where remnants of the division then defended against Montgomery's Operation Bluecoat that resulted in the final British Breakthrough on their western flank as the Americans broke through to Avranches and beyond. As the German counterattack at Mortain failed and allied forces moved toward encircling the German Fifth Panzer Army and Seventh Army, the 21st Panzer Division was shifted again and attached to the I SS Panzer Korps. Its two combat groups were separated by the advance of the II Canadian Corps. Kampfgruppe Rauch and elements of Panzer Aufklarungs Abteilung 21 ending up inside the Falaise Pocket. Kampfgruppe von Luck on the outside. Following the retreat to the Seine, the reconstituted but much depleted 21st Panzer Division then fought in Lorraine against Patton's 3rd Army. As one of the few armored divisions not included in Hitler's build up of forces for the impending Ardennes Offensive, the division became a fire brigade shifted from one hot spot to another, constantly counter attacking as the German front was forced back from Lorraine into the Saar region and then into Alsace. Kortenhaus presents an unusual and detailed insight into the poor man's war against the southern arm of Patton's thrust through the Saar region to the upper Rhine as a few hard pressed remnant formations tried to hold the line while the bulk of the remaining German forces were massed and reconstituted for Hitler's last great offensive in the Ardennes. As the Ardennes operation failed, the 21st Panzer Division took part in Operation Nordwind and fought on in Alsace until the Russian assault over the Vistula shattered the frail German Eastern Front. Within a matter of weeks, the Russian forces reached the Oder and broke into East Prussia and Silesia. On 31 January 1945, Hitler ordered that the 21st Panzer Division be pulled out of Alsace and dispatched in extreme haste to the Eastern Front in the Kustrin area. A mere shadow of even what it was when it entered the fighting in Lorraine, the division established contact with the garrison of Fortress Kustrin before it was again hastily shifted south into northern Silesia in the Sagan-Bunzlau area on the Lausitzer Neie River. After initial eventful fighting, the division fell back to the west bank of the Lausitzer Neie River where it dug in. As the Russian offensive focused on other sectors, the defensive line along the Lausitzer Neie River was successfully held by the 4th Panzer Armee until mid February 1945. While the Russians concentrated forces for their last offensive, the Battle of Berlin, the Oder Front remained relatively quiet except on the boundary between the 4th

Panzer Armee and 17th Armee where the Battle for Lauban developed as the last major offensive of the German Army A combat group and command staff from the 21st Panzer Division took part in the offensive which while successful faded into insignificance in comparison with the magnitude of Russian forces Faced with the concentration of the Soviet forces for the final offensive on Berlin the German Supreme Command repositioned forces transferring the 21st Panzer Division to the Weiwasser Spremberg area on the left wing of the 4th Panzer Armee of Heeresgruppe Mitte initially as Armee reserve The division was ordered to dig in in the Mathilda Position in the German second line of defense Marshal Koniev s 1st Ukrainian Front launched its final offensive as the last elements of the division arrived The division was quickly drawn into the fighting Fighting in desperate defense the division fell back on Cottbus The Russian breakthrough in the area between Spremberg and Cottbus split the German V Armee Korps including the 21st Panzer Division off from the left wing of the 4th Panzer Armee Heeresgruppe Mitte forcing it to the north into the sector of Heeresgruppe Weichsel where it was attached to the German 9th Armee The division met its end as the 9th Armee was cut off and destroyed in the Halbe Pocket while Russian forces fought within the city of Berlin Helion s English edition includes a significant number of rare photographs and many maps Werner Kortenhaus study represents a significant contribution to English language material available regarding a Heer panzer division besides its extensive coverage of German armoured operations in Normandy Lorraine Alsace and elsewhere

in an embattled French town earned him a Bronze Star the first in his battalion This is a story of a young soldier at war a junior officer s coming of age amid pulse pounding combat Before his death Andy Adkins was able to face his memory of war as bravely as he faced war itself He put it on paper honest and unflinching In 1944 45 he did his duty to his men and country and here he serves new generations of military and civilian readers **To the Caucasus and the Austrian Alps** Ernst Rebentisch,2009 **The Teke** ,1946 Kampfgruppe Mühlenkamp Douglas E. Brandes,2021-12-14 The Puritans condemned war profiteering as a Provoking Evil George Washington feared that it would ruin the Revolution and Franklin D Roosevelt promised many times that he would never permit the rise of another crop of war millionaires Yet on every occasion that American soldiers and sailors served and sacrificed in the field and on the sea other Americans cheerfully enhanced their personal wealth by exploiting every opportunity that wartime circumstances presented In Warhogs Stuart D Brandes masterfully blends intellectual economic and military history into a fascinating discussion of a great moral question for generations of Americans Can some individuals rightly profit during wartime while others sacrifice their lives to protect the nation Drawing upon a wealth of manuscript sources newspapers contemporary periodicals government reports and other relevant literature Brandes traces how each generation in financing its wars has endeavored to assemble resources equitably to define the ethical questions of economic mobilization and to manage

economic sacrifice responsibly He defines profiteering to include such topics as price gouging quality degradation trading with the enemy plunder and fraud in order to examine the different guises of war profits and the degree to which they have existed from one era to the next This far reaching discussion moves beyond a linear narrative of the financial schemes that have shaped this nation s capacity to make war to an in depth analysis of American thought and culture Those scholars students and general readers interested in the interaction of legislative economic social and technological events with the military establishment will find no other study that so thoroughly surveys the story of war profits in America

The Crash of Ruin Peter Schrijvers,1997-11-10 This book offers a compelling account of how America s combat soldiers experienced Europe during World War II It paints a vivid picture of the GIs struggles with its natural surroundings their confrontations with its soldiers their encounters with its civilians and their reactions to uncovering the holocaust The book shows how these harrowing experiences convinced the American soldiers that Europe s collapse was not just the result of the war but also of the Old World s deep seated political cynicism economic stagnation and cultural decadence
