Mailships Of The Union Castle Line:

Mailships of the Union-Castle Line C. J. Harris, Brian Desmond Ingpen, 1994 This absorbing account of the ocean mail service that plied between Britain and southern Africa between 1857 to 1977 captures the spirit of an era now gone

Union Castle Liners William H. Miller, 2013-03-15 Every Thursday at 4 p m a Union Castle express liner left Southampton for the Cape William H Miller tells the story of the post war Union Castle ships

Communications in Africa, 1880-1939 (set) David Sunderland, 2018-10-24 This collection presents rare documents relating to the development of various forms of communication across Africa by the British as part of their economic investment in Africa Railways and waterways are examined

Ocean Liners Peter Newall, 2018-01-30 A truly comprehensive publication running the gamut from the first Atlantic sail enhanced steamers to today s remaining handful of combi liners Maritime Matters Before the advent of the jet age ocean liners were the principal means of transport around the globe and carried migrants and business people soldiers and administrators families and lone travelers to every corner of the world Though the ocean liner was born on the North Atlantic it soon spread to all the other oceans and in this new book the author addresses this huge global story The account begins with Brunel s Great Eastern and the early Cunarders but with the rise in nationalism and the growth in empires in the latter part of the 19th century and the opening of the Suez Canal in 1869 the colonial powers of Spain France and Germany soon established shipping lines of their own and transpacific routes were opened up by Japanese and American lines The golden age between the two world wars witnessed huge growth in liner traffic to Africa Australia and New Zealand India and the Far East the French colonies and the Dutch East and West Indies but then though there was a postwar revival the breakup of empires and the arrival of mass air travel brought about the swan song of the liner Employing more than 250 stunning photographs the author describes not just the ships and routes but interweaves the technical and design developments covering engines electric light navigation and safety and accommodation A truly unique and evocative book for merchant ship enthusiasts and historians

Navigating African Maritime History Carina E. Ray, Jeremy Rich, 2017-10-18 This book is a collection of essays addressing multiple aspects of African maritime history in attempt to counter the lack of academic research that exists in comparison to other nations and continents and to assert the value of African topics to the global study of maritime history Each essay addresses African maritime history whilst also demonstrating an inextricable link to the global maritime stage The topics discussed include early human migration to Africa early European contact with Africa the role of West African maritime communities in the Atlantic slave trade New World slaveholders and the exploitation of African maritime skillsets the construction of Atlantic world racial discourses the rise and fall of colonial rule and African immigrant communities in Europe These essays cover maritime topics such as seafaring labour navigational technology swimming diving surfing plus political subjects that include colonisation decolonisation immigration and citizenship The book consists of eight essays and an introduction that evaluates the existing research into African maritime history It includes case

studies from every major geographical part of the continent bar North Africa and covers the Early Modern period up to the twentieth century The purpose is not to provide a comprehensive chronological history but rather a diverse collection of topics across a range of periods and locations to reflect the wealth of maritime topics in the history of Africa and their global significance It concludes with a call for further research into non European maritime activity to deepen the global historiography

The Union Castle Line Mike Roussel, Sam Warwick, 2015 The Union Castle Line's heritage spans over a century It provided the mail service to South Africa for 120 years and established an unrivalled reputation for punctual schedules From the middle of the nineteenth century it ran like clockwork until its demise in 1977 a victim of emerging competition from jet aircraft increasing fuel costs and the containerisation of cargo As a company the Union Castle Line used the latest technical innovations of the day constantly striving to improve speed reliability customer comfort and safety Its lavender hulled ships were some of the most impressive vessels of the time Yet the story of the Union Castle Line is also one of people the passengers and crew ensured that the line survived for so long This book tells some of their fascinating stories including tales of shipwrecks war service missing gold bullion escaped wild animals and even the occasional murder on board Utilising previously unpublished diaries letters and photographs this illustrated volume chronicles the shipping line from its glorious beginning to its tragic end It is a multifaceted history of the Union Castle Line which examines some of the company's shipwrecks as well as the fond legacy of the line today

Communications in Africa, 1880 - 1939, Volume 5 David Sunderland, 2017-07-05 This collection presents rare documents relating to the development of various forms of communication across Africa by the British as part of their economic investment in Africa Railways and waterways are examined

Union-Castle Chronicle, 1853-1953 Marischal Murray, 1953 **'Warrior-In-Waiting'** E.G Farman, 2019-06-23 The book paints a picture of air force life in the 40s 50s 60s including the period when the Cold War nearly became the opposite One of the Wellingtons had begun an overshoot but as the engines reached full power the nose had shot skywards the aircraft had climbed for a moment then stall turned into the ground and burned As they started the overshoot the instructor had taken the backthrust from the elevators and his backrest had broken away under the strain sending him over backwards still holding the wheel That was all that it had taken to kill three men A manoeuvre to practise in the simulator was the escape They would need to be five miles away at bomb burst and running away from the pressure wave but some had not thought it through Survival required an instant tight diving turn while closing the bomb doors and pushing the aircraft to its limiting speed Less imaginative captains would ask how far away they were at bomb burst and I would reply Three quarters of a mile

Yet Being Someone Other Laurens Van Der Post, 2011-08-31 Yet Being Someone Other is the most revealing book that Laurens van der Post wrote about his extraordinary and eventful life and the most far reaching it is a distillation of the experiences that have moved him at the deepest level of the imagination and made him the exceptional person and writer he was

Media and the

Empire Ruth Teer-Tomaselli, Donal McCracken, 2017-10-02 This volume on print and broadcast media in the 19th and 20th centuries highlights the pivotal role that the media played in the establishment and maintenance of imperial power. The media bolstered both the ideological and financial objectives of the empire in a myriad of overt, covert and downright scandalous ways. From jeopardising the introduction of wireless telegraphy in order to maximise the financial gains of the investors of under sea cabling to newspaper proprietors cashing in on the thrilling, wonderful and sometimes fabricated adventures of war correspondents in exotic lands, the media has had a constant background influence in the public's perception of empire. By covering diverse topics from Anthony Lejeune's radio talk show *London Letters* which supported the Allies by boosting morale and providing a link between soldiers fighting abroad and their families during both World Wars to the complete subversion of imperial influence as in the case of the proliferation of diverse media platforms being used by migrant communities in Britain as a means to promote colonization, in reverse, the book hints at the politics, suspense and intrigue of both the print and broadcast sectors. This book was originally published as a special issue of *Critical Arts*.

Mantovani Colin MacKenzie, 2005 *Mantovani A Lifetime In Music* will be the first full length biography of Mantovani, the light orchestral master and biggest selling British recording artist before the Beatles. It will be published by Melrose Books to coincide with the Centenary of his birth on 15 October 2005. The 24 chapter 320 page hardback book tells the story of Mantovani's quest for musical perfection and how he achieved it. Written with the enthusiastic endorsement of his family, his record producer, several former musicians, Decca luminaries and Mantovani fans, this is the real deal, a book that no Mantovani fan or anyone interested in light orchestral music can afford to be without.

Speedbird Robin Higham, 2013-05-30 Between 1939 and 1946 BOAC, the British Overseas Airways Corporation, was the nationalised airline of Great Britain and between 1946 and 1974, as such, it exclusively operated all long haul British flights. With its iconic Speedbird logo and its central role in the glamorous jet age of the 1950s and 1960s, BOAC achieved a near cult status with admirers around the globe. Yet to date there has been no comprehensive history of the organisation covering its structure, fleet and the role it played in the critical events of the age.

from World War II to the end of empire a period when BOAC played a pivotal part in projecting British political power even as that power was waning During World War II BOAC operated a limited wartime service and prepared for the return of commercial flight in the postwar era But it was in the service of Britain's colonies and latterly the process of decolonisation that BOAC achieved its most pivotal role The development of flight technology enabled much faster connections between Britain and her imperial possessions as the colonies prepared for independence BOAC ferried diplomats politicians and colonial administrators between London and the far flung corners of Africa and Asia in much faster times than had previously been possible In this book acclaimed historian Robin Higham presents a unique comprehensive study of BOAC from the early jet travel of the de Havilland Comet and the Vickers VC10 to the dawn of supersonic passenger aviation Highly illustrated and meticulously researched using previously unseen sources this book will be essential reading for all aviation enthusiasts and anyone interested in the history of modern Britain

South Africa Monica Cole, 2022-10-05 Originally published in 1961 this book was the first comprehensive work on South African geography that also presented a balanced account of all facets of the economic life It was written to provide background information on South Africa the nature of the country its resources and deficiencies its historic settlement by peoples of different races and of the progress made and the difficulties encountered in the major areas of economic activity agriculture mining manufacturing and trade In discussing these factors the book acknowledged that in South Africa the complexities of the relationships between peoples of different racial origins and widely differently economic and cultural standards are met in one country

Twilight of the Bwanas Gordon Dyus, 2011-10-19 Twilight of the Bwanas is a new look at the colonial period of East Africa's history Many books have been written about specific events or individuals but readers who simply want to know what it was like to have been in East Africa during the colonial era are faced with a confusing choice of source material The modern tourist or business visitor to East Africa is often puzzled at how things got the way they are and has no idea of the achievements of the men and women who were responsible for its transition from a wilderness to a modern group of states This book is designed to fill the gap by presenting a light hearted but none the less serious history of the bwanas and memsahibs of East Africa how they came into being how they lived and loved what they ate and drank and why they left the scene so precipitately As time goes by there will be fewer survivors of the colonial era left to tell the tale and the current wave of interest in various aspects of the British Empire will face a lack of eye witness accounts While the author is sympathetic to Africa's problems he is gravely concerned about its future and suggests that the road to independence which was trodden so hastily in the 1960s was cynically created by European politicians for selfish reasons Hitherto unpublished material has been included in the text and though the author has told most of it in his own words the book has been enlivened by the personal experiences and favourite anecdotes of a wide circle of ex East Africans The aim has been to give someone a good read and academic niceties such as footnotes and references have been deliberately avoided The policy has also been followed of not mentioning living persons unless they
