Main Lines To The West:

Why The West Rules - For Now Ian Morris, 2010-11-04 Why did British boats shoot their way up the Yangzi in 1842 rather than Chinese ones up the Thames Why do Easterners use English more than Europeans speak in Mandarin or Japanese To put it bluntly why does the West rule There are two schools of thought the Long Term Lock In theory suggesting some sort of inevitability and the Short Term Accident theory But both approaches have misunderstood the shape of history Ian Morris presents a startling new theory He explains with flair and authority why the paths of development differed in the East and West and analysing a vicious twist in trajectories just ahead of us predicts when the West's lead will come to an end Here you have three books wrapped into one an exciting novel that happens to be true an entertaining but thorough historical account of everything important that happened to any important people in the last 10 millennia and an educated guess about what will happen in the future Read learn and enjoy Jared Diamond A great work of synthesis and argument drawing together an awesome range of materials and authorities to bring us a fresh sharp reading of East West relationships

Andrew Marr **The West Highland Lines** Gordon D. Webster, 2014-05-01 The railway lines of the West Highlands of Scotland are famous the world over for their illustrious history and unparalleled scenic beauty Linking Glasgow with Oban Fort William and Mallaig the lines managed to survive the axe of Dr Beeching whose infamous report forced the closure of almost a third of Britain's railways in the 1960s With a detailed look at the routes their workings and rolling stock since then Webster examines how the West Highland network has gone on to prosper to the present day Despite Beeching British Rail's rationalisation privatisation fluctuating freight traffic levels and economic downturn the network retained its unique infrastructure in the modern age Today the use of modern traction together with the return of steam hauled trains has added yet another dimension to this wonderful scenic route
