Main Street And The Mind Of God:

God Has a Name John Mark Comer, 2024-10-15 What you believe about God sets the foundation of the person you will become In *God Has a Name* pastor and New York Times bestselling author John Mark Comer invites you to rethink many of the prevalent myths and misconceptions about God and weigh them against what God actually tells us about himself After all what you believe about God will ultimately shape the type of person you become We all live at the mercy of our ideas and nowhere is this more true than our ideas about God The problem is many of our ideas about God are wrong Not all wrong but wrong enough to form our souls in detrimental and disheartening ways *God Has a Name* is a simple yet profound guide to understanding God in a new light focusing on what God says about himself in the Bible This one shift has the potential to radically alter how you relate to God not as a doctrine but as a relational being who responds to you in an elastic back and forth way John Mark Comer takes you line by line through Exodus 34 6 8 Yahweh's self revelation on Mount Sinai one of the most quoted passages in the Bible Along the way Comer addresses some of the most profound questions he came across as he studied these noted lines in Exodus including Why do we feel this gap between us and God Could it be that a lot of what we think about God is wrong Not all wrong but wrong enough to mess up how we relate to him What if our God is really a projection of our own identity ideas and desires What if the real God is different but far better than we could ever imagine No matter where you are in your spiritual journey *God Has a Name* invites you to step into a fresh and biblically rooted vision of who God is that has the potential to alter your life with God and shape who you become

How God Becomes Real T.M. Luhrmann, 2022-04-26 The hard work required to make God real how it changes the people who do it and why it helps explain the enduring power of faith How do gods and spirits come to feel vividly real to people as if they were standing right next to them Humans tend to see supernatural agents everywhere as the cognitive science of religion has shown But it isn't easy to maintain a sense that there are invisible spirits who care about you In *How God Becomes Real* acclaimed anthropologist and scholar of religion T M Luhrmann argues that people must work incredibly hard to make gods real and that this effort by changing the people who do it and giving them the benefits they seek from invisible others helps to explain the enduring power of faith Drawing on ethnographic studies of evangelical Christians pagans magicians Zoroastrians Black Catholics Santeria initiates and newly orthodox Jews Luhrmann notes that none of these people

behave as if gods and spirits are simply there Rather these worshippers make strenuous efforts to create a world in which invisible others matter and can become intensely present and real The faithful accomplish this through detailed stories absorption the cultivation of inner senses belief in a porous mind strong sensory experiences prayer and other practices Along the way Luhmann shows why faith is harder than belief why prayer is a metacognitive activity like therapy why becoming religious is like getting engrossed in a book and much more A fascinating account of why religious practices are more powerful than religious beliefs How God Becomes Real suggests that faith is resilient not because it provides intuitions about gods and spirits but because it changes the faithful in profound ways **Jesus on Main Street** David E.
