Main Currents In Modern Political Thought:

Main Currents in Modern Political Thought John H. Hallowell, 1963 **Main Currents in Modern Political Thought**
John Hamilton Hallowell, 1959 Main Currents in Modern Political Thought John Hamilton Hallowell, 1950

Contemporary Political Thought Alan Finlayson, 2003-09 Contemporary Political Theory is a foundation textbook in political thought **Main Currents in Western Environmental Thought** Peter Hay, 2002-02-21 Professor Hay environmental studies U of Tasmania must have been a patient and long time follower of environmental debate over the last 35 years to have masterfully untangled the myriad and subtle contentions and changes of heart in ecophilosophy ecofeminism eco-religiosity and spirituality green critiques of science green politics philosophies of place and ecology s relationship to democracy and postmodernism Hay s Tasmanian provenance seems less weakness than strength since he provides a more international perspective on environmentalism that includes Australia North America and Europe Not only geographically wide ranging Hay is ideologically inclusive bringing into the environmental forum without apology or pride discussions among animal rightists and their critics and assertions that environmental concern is partially pre-rational Reading Hay s environmental tome is likely to introduce even seasoned readers to new names Deborah Slicer John Rodman Warwick Fox Stephen Clark Ariel Salleh and so new arguments Suitable as a primary or secondary text for an advanced undergraduate or graduate class in environmental thought Annotation copyrighted by Book News Inc Portland OR **Main Currents in Sociological Thought: Durkheim, Pareto, Weber** Raymond Aron, 1965 For many years now Professor Aron s course of lectures at the Sorbonne on Les Grandes doctrines de l histoire sociologique has been a mecca for students from the United States Europe and the rest of the world These lectures now serve as the basis for this major work to be completed in succeeding volumes on the history of man s understanding of his social order Book jacket **Main Currents of Marxism** Leszek Kołakowski, 2005 The commanding study of Marxism now in one masterful volume with a new preface and epilogue by the author **Main Currents in Caribbean Thought** Gordon K. Lewis, 2004-01-01 Main Currents in Caribbean Thought probes deeply into the multicultural origins of Caribbean society defining and tracing the evolution of the distinctive ideology that has arisen from the region s unique historical mixture of peoples and beliefs Among the topics that noted scholar Gordon K Lewis covers are the sixteenth and seventeenth century beginnings of Caribbean thought pro and antislavery ideologies the growth of Antillean nationalist and anticolonialist thought during the nineteenth century and the development of the region s characteristic secret religious cults from imported religions and European thought Since its original publication in 1983 Main Currents in Caribbean Thought has remained one of the most ambitious works to date by a leader in modern Caribbean scholarship By looking into the Caribbean mind Lewis shows how European African and Asian ideas became creolized and Americanized creating an entirely new ideology that continues to shape Caribbean thought and society today

Contemporary Chinese Political Thought Fred Reinhard Dallmayr, Tingyang Zhao, 2012-06-21 Westerners seem

united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely. But they are less certain about the future of China's political system. China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system. The Chinese, however, have developed their own version of capitalism. Westerners view Chinese politics through the lens of their own ideologies, preventing them from understanding Chinese goals and policies. In *Contemporary Chinese Political Thought: Debates and Perspectives*, Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation. Investigating such topics as the popular China Model, the resurgence of Chinese Confucianism and its applications to the modern world, and liberal socialism, the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call a dismantling of ideological straitjackets. Comprising a broad range of opinions and perspectives, *Contemporary Chinese Political Thought* is the most up-to-date examination in English of modern Chinese political attitudes and discourse. Features contributions from Ji Wenshun, Zhou Lian, Zhao Tingyang, Zhang Feng, Liu Shuxian, Chen Ming, He Baogang, Ni Peimin, Ci Jiwei, Cui Zhiyuan, Frank Fang, Wang Shaoguang, and Cheng Guangyun.

Modern Political Theory from Hobbes to Marx, Jack Lively, Andrew Reeve, 2013-12-16. This anthology offers students a carefully edited selection of the most influential and enduring interpretations of key political theorists. There are sections on Hobbes, Locke, Rousseau, Burke, Bentham, Mill, and Marx. Each section includes classic articles by leading critics, a substantial introduction by the editors, and a guide to further reading. A general introduction to the volume as a whole is also provided. This is an up-to-date and extensive guide to the key issues at stake in the interpretative debate, and it provides an invaluable text for students and teachers of modern political thought.

Political Theory, V.D. Mahajan, 2006. This new edition contains a comprehensive study of the subject with the latest thinking by the political scientists of the world today.

Modern Indian Political Thought, Bidyut Chakrabarty, Rajendra K. Pandey, 2023-09-29. This book is an unconventional articulation of the political thinking in India in a refreshingly creative manner in more than one way. Empirically, the book becomes innovative by providing an analytically more grasping contextual interpretation of Indian political thought that evolved during the nationalist struggle against colonialism. Insightfully, it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in India as manifested through the mode of numerous significant socio-economic movements operating side by side and sometimes as part of the mainstream nationalist movement. This book articulates the main currents of Indian political thought by locating the text and themes of the thinkers within the socio-economic and politico-cultural contexts in which such ideas were conceptualised and articulated. The book also tries to analytically grasp the influences of the various British constitutional devices that appeared as the responses of the colonial government to redress the genuine socio-economic grievances of the various sections of Indian society. The book breaks new ground in not only articulating the main currents of Indian political thought in an analytically more sound approach of context-driven discussion but also provokes

new research in the field by charting a new course in grasping and articulating the political thought in India This volume will be useful to the students researchers and faculty working in the fields of political science political sociology political economy and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies

Hegel's Theory of the Modern State Shlomo Avineri,1974-01-17 The author presents an overall view of Hegel through his philosophical political and personal ideas

Civil Society, Capitalism and the State Colin Tyler,2012-11-30 Civil Society Capitalism and the State presents a critical reconstruction of the social and political facets of Thomas Hill Green s liberal socialism It explores the complex relationships Green sees between human nature personal freedom the common good rights and the state It explores Green s analysis of free exchange his critique of capitalism and his defence of trade union activity and the cooperative movement It establishes that Green gives only grudging support to welfarism which he saw as a conservative mechanism in effect if not conscious design It is shown that he believes state provision of welfare to be justified only to the extent that peasants and the proletariat lack a culture and institutions which enable them to assert themselves against abusive landlords and capitalists Ultimately it is shown that Green s guiding ideal is the creation of a eudaimonically enriching kingdom of ends which favours the creation of a dynamic and free society driven by mass participation through decentralised social and political institutions This book builds on Colin Tyler s *The Metaphysics of Self realisation and Freedom* 2010 although it can also be read as a freestanding work *T.H. Green and the Development of Ethical Socialism* Matt Carter,2016-11-16 This book uncovers the philosophical foundations of a tradition of ethical socialism best represented in the work of R H Tawney tracing its roots back to the work of T H Green Green and his colleagues developed a philosophy that rejected the atomistic individualism and empiricist assumptions that underpinned classical liberalism and helped to found a new political ideology based around four notions the common good a positive view of freedom equality of opportunity and an expanded role for the state The book shows how Tawney adopted the key features of the idealists philosophical settlement and used them to help shape his own notions of true freedom and equality thereby establishing a tradition of thought which remains relevant in British politics today

Political Thinkers David Boucher,Paul Kelly,2017 The most comprehensive introduction to the greatest political thinkers written by a team of international experts

Durkheim Through the Lens of Aristotle Douglas F. Challenger,1994 This text re examines Durkheim s science of morality as it is illuminated by Aristotle s philosophy The author demonstrates by examining previously unappreciated aspects of the latter s moral sociology that Durkheim s theory can be compatible with postmodernism

Modern Political Theory Varma S.P.,1975 Modern Political Theory critically examines the contemporary state of political theory making an assessment of the achievements and limitations of the Behavioural Revolution in its totality and reviews objectively the major paradigms and conceptual frameworks adopted by the discipline The salient features of the contending conceptual models elaborated by leading scholars operating from separate locations and disparate premises have been

highlighted and intellectual inter linkages in their works have been traced The book has 3 parts Part I comprises the scope of political science as a discipline Part II deals with the tools and techniques of political analysis Part III delineates mainstreams of contemporary political thought

Calvin's Doctrine of the State Mark J. Larson, 2009-01-08 Contemporary treatments of Calvin's political views often imply that he embraced a theocratic civil polity and that he was committed to holy war doctrine On the basis of the primary sources the first half of this volume argues that neither position is correct Calvin in his political thought maintained the superiority of a republic as a civil polity In addition he placed himself firmly within the medieval just war tradition that was established by Augustine of Hippo and later reaffirmed by Thomas Aquinas In terms of his commitment to classical just war teaching Calvin stood in continuity with Martin Luther even while he distanced himself from the holy war perspective of the Zurich Reformers Henry Bullinger and Peter Martyr Vermigli In the thinking of Calvin a war could only be authorized by the state not the church War had to be prosecuted with humanity and restraint and not in the tradition of the medieval crusade The second half of the book sets forth what Calvin actually believed on the matter of government and war Here we examine his teaching on parliamentary resistance to monarchical tyranny and the full dimensions of his commitment to justice of war categories Unlike Luther and Bullinger Calvin provided a parliamentary remedy for the perennial evil of tyranny With Vermigli and Theodore Beza siding with Calvin on this right a body of Reformed doctrine was established to which succeeding generations could appeal for teaching direction and justification for taking up arms It is clear that Calvin's political legacy is profoundly evident in the American Revolutionary War and in the constitutional determination for a republic in the United States of America Calvin's ecclesiastical republicanism as it came to fruition in Presbyterian church government was a powerful impetus toward the creation of republican institutions in civil government

John G. Gunnell Christopher C. Robinson, 2016-10-14 John Gunnell has compelled political theorists to rethink their relation to political science the history of political thought the philosophy of social science and political reality His thinking has been shaped by encounters with Heidegger and Plato Wittgenstein and Austin the Berkeley School and migrs such as Strauss and Arendt His writings have challenged the idealist assumptions behind the idea of a Great Tradition of Political Thought and the philosophical claims about mind and language Gunnell has engaged and challenged colleagues in political theory political science and the philosophy of social science on a range of issues from political action time pluralism ideology concepts conventions the political and democracy to the roles of philosophy science literary theory cognitive science mind and history on the enterprise of theorizing today The book focuses on his work in three key areas Political Theory and Political Science Gunnell's work has often focused on the historical emergence of the study of political theory as a subdiscipline of political science and its critical relation to and alienation from political science from the postwar era His argument has been consistent political theory self identified as an interpretative social science and mode of historical reflection is an invention of political science Political theory divorced from political science weakens both activities in their

ties to concerns with and relevance to political society and the contemporary university Interpretation and Action Gunnell has been particularly interested in the nature of concepts and how they change These investigations begin with analysis of theory and theorizing as they are constituted and practiced in historiography the philosophy of social sciences the philosophy of science political science and metatheory He engages with thinkers whose positions inform and oppose his own and explores concepts such as democracy justice time pluralism science liberalism and action Theorists Philosophers and Political Life Gunnell's work has developed through a series of encounters with theorists and philosophers He has rejected attempts to present politics as a stable and essential set of phenomena There are common themes that guide conversations with the German migr's ordinary language philosophers and theorists from the history of political thought This book includes works that focus on Max Weber Leo Strauss and Eric Voegelin Gilbert Ryle J L Austin and Ludwig Wittgenstein

Thank you for reading **Main Currents In Modern Political Thought**. As you may know, people have look hundreds times for their chosen novels like this Main Currents In Modern Political Thought, but end up in malicious downloads.
