Wilson, 2001 Known as the Pine Tree State Maine once led the world in lumber production It was the first great lumber producing region with Bangor at its center Today the state has nearly eighteen million acres of timberland and forest products still make up a major industry Logging and Lumbering in Maine examines the history from its earliest roots in 1630 to the present providing a pictorial record of land use and activity in Maine The state's lumber industry went through several historical periods beginning with the vast pine and spruce harvests the organization of major corporate interests the change from sawlogs to pulpwood and then to sustained yields intensive management and mechanized harvesting At the beginning much of the region was inaccessible except by water so harvesting activities were concentrated on the coast and along the principal rivers Gradually as the railroads expanded and roads were constructed into the woods operations expanded with them and the river systems became vitally important for the transportation of timber out of the woods to the markets downstate Logging and Lumbering in Maine traces these developments in the industry taking a close look at the people places forests and machines that made them possible **Maine's Hunting Past** Donald A. Wilson, 2001 Maine has long been a well known and frequently visited hunting region Long ago moose and caribou were abundant and as time passed trappers have been able to earn a decent living pursuing choice and prized fur bearing animals Small game and waterfowl populations remained fairly stable over the years and have continued to increase in popularity However as large areas of habitat were cleared for timber larger animals began to disappear and populations dwindled Trapping has since become a less favorable mode of producing income because of the low prices offered for native and raw fur Maine's Hunting Past captures the pursuit of wild animals through a century of documentation Since about 1850 animals have been taken for sport for food and for their hides Hunting has long been not only a sport but also an industry resulting in the increase and growth of sporting camps and an expanding number of guides Maine's Hunting Past highlights favorite regions featuring famous

sporting camps and well known guides Big game small game upland birds waterfowl furbearers and numerous photographs of trophy animals and large bag limits are all included **Call Me American** Abdi Nor Iftin,2019-05-07 Abdi Nor Iftin first fell in love with America from afar As a child he learned English by listening to American pop and watching action films starring Arnold Schwarzenegger When U S marines landed in Mogadishu to take on the warlords Abdi cheered the arrival of these Americans who seemed as heroic as those of the movies Sporting American clothes and dance moves he became known around Mogadishu as Abdi American but when the radical Islamist group al Shabaab rose to power in 2006 it became dangerous to celebrate Western culture Desperate to make a living Abdi used his language skills to post secret dispatches which found an audience of worldwide listeners Eventually though Abdi was forced to flee to Kenya In an amazing stroke of luck Abdi won entrance to the U S in the annual visa lottery though his route to America did not come easily Parts of his story were first heard on the BBC World Service and This American Life Now a proud resident of Maine on the path to citizenship Abdi Nor Iftin s dramatic deeply stirring memoir is truly a story for our time a vivid reminder of why America still beckons to those looking to make a better life **Maine's Jewish Heritage** Abraham J.
