capture Burma and blockade China's only overland supply route Bond and his pilots must battle shortages of airplanes personnel and spare parts to airlift supplies over an untried five hundred mile long aerial gauntlet high above the Himalayas the infamous Hump pioneering one of the most celebrated endeavors in aviation history A hero's eye view of history in the grand tradition of Lynne Olson's *Citizens of London* China's Wings takes readers on a mesmerizing journey to a time and place that reshaped the modern world

**Casting a Giant Shadow** Rachel S. Harris, Dan Chyutin, 2021-07-06 Film came to the territory that eventually became Israel not long after the medium was born *Casting a Giant Shadow* is a collection of articles that embraces the notion of transnationalism to consider the limits of what is Israeli within Israeli cinema As the State of Israel developed so did its film industries Moving beyond the early films of the Yishuv which focused on the creation of national identity the industry and its transnational ties became more important as filmmakers and film stars migrated out and foreign films filmmakers and actors came to Israel to take advantage of high quality production values and talent This volume edited by Rachel Harris and Dan Chyutin uses the idea of transnationalism to challenge the concept of a singular definition of Israeli cinema *Casting a Giant Shadow* offers a new understanding of how cinema has operated artistically and structurally in terms of funding distribution and reception The result is a thorough investigation of the complex structure of the transnational and its impact on national specificity when considered on the global stage

*Making Sense of the Bible* Adam Hamilton, 2014-03-18 Denominations from evangelical to mainline continue to experience deep divisions over universal social issues The underlying debate isn't about a particular social issue but instead it is about how we understand the nature of scripture and how we should interpret it The world's bestselling most read and most loved book is also one of the most confusing In *Making Sense of the Bible* Adam Hamilton one of the country's leading pastors and Christian authors addresses the hot button issues that plague the church and cultural debate and answers many of the questions frequently asked by Christians and non Christians alike Did God really command Moses to put gay people to death Did Jesus really teach that everyone who is not a Christian will be assigned to hell Why would Paul command women to keep silent in the church Were Adam and Eve real people Is the book of Revelation really about the end times Who decided which books made it into the scriptures and why Is the Bible ever wrong In approachable and inviting language Hamilton addresses these often misunderstood biblical themes leading readers to a deeper appreciation of the Bible so that we might hear God speak through it and find its words to be life changing and life giving
