Goodnight Desdemona (Good Morning Juliet) (Play) Ann-Marie MacDonald,2012-10-23 Goodnight Desdemona Good Morning Juliet is an exuberant comedy and feminist revisioning of Shakespeare's Othello and Romeo and Juliet It takes us from a dusty office in Canada's Queen's University into the fraught and furious worlds of two of Shakespeare's best known tragedies and turns them upside down Constance Ledbelly is the beleaguered spinster academic and unlikely heroine who embarks on a quest for Shakespearean origins and ultimately her own identity When she deciphers an ancient and neglected manuscript Constance is propelled through a very modern rabbit hole and lands smack in the middle of the tragic turning points of each play in turn Her attempts to save first Desdemona then Juliet from their harrowing fates result in a wild unpredictable ride through comedy and near tragedy as mild mannered Constance learns to love sword fight dance Renaissance style and master a series of disguises Goodnight Desdemona Good Morning Juliet a gender bendy big hearted and crazily intelligent romp where irony and anger sing in perfect harmony with innocence and poignancy

The Way the Crow Flies Ann-Marie MacDonald,2009-10-13 A murder in rural Canada has shocking implications for an RCAF officer and his young daughter in this absorbing psychologically rich Cold War thriller Publishers Weekly The optimism of the early sixties infused with the excitement of the space race and the menace of the Cold War is filtered through the rich imagination of high spirited eight year old Madeleine who welcomes her family's posting to a quiet Air Force base near the Canadian border Secure in the love of her beautiful mother she is unaware that her father Jack is caught up in a web of secrets When a local murder intersects with global forces Jack must decide where his loyalties lie and Madeleine will be forced to learn a lesson about the ambiguity of human morality one she will only begin to understand when she carries her quest for the truth and the killer into adulthood twenty years later One of the finest novels I've read beautiful in its conception its compassion its wisdom even in its anger and pain Don't miss it Washington Post Book World **Melusine** Jean d'Arras,Donald

Melusine by Jean d Arras Provided by publisher The Emergence of Pastoral Authority in the French Reformed Church (c.1555-c.1572) Gianmarco Braghi,2021-07-19 In The Emergence of Pastoral Authority in the French Reformed Church c 1555 c 1572 Gianmarco Braghi offers a broad overview of the issues and ambiguities connected to the implementation of the authority of the first generation of Geneva trained French Reformed pastors and of their implications for the character and identity of the early French Reformed movement at large using them as a prism for historical analysis of the transition from loose evangelicalism to a nascent synodal consistorial network of Reformed congregations scattered across the kingdom of France **Music Ho! A Study of Music in Decline** Constant Lambert,2022-08-01 DigiCat Publishing presents to you this special edition of Music Ho A Study of Music in Decline by Constant Lambert DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature *Power/Knowledge* Michel Foucault,1980-11-12 Michel Foucault has become famous for a series of books that have permanently altered our understanding of many institutions of Western society He analyzed mental institutions in the remarkable *Madness and Civilization* hospitals in *The Birth of the Clinic* prisons in *Discipline and Punish* and schools and families in *The History of Sexuality* But the general reader as well as the specialist is apt to miss the consistent purposes that lay behind these difficult individual studies thus losing sight of the broad social vision and political aims that unified them Now in this superb set of essays and interviews Foucault has provided a much needed guide to Foucault These pieces ranging over the entire spectrum of his concerns enabled Foucault in his most intimate and accessible voice to interpret the conclusions of his research in each area and to demonstrate the contribution of each to the magnificent and terrifying portrait of society that he was patiently compiling For as Foucault shows what he was always describing was the nature of power in society not the conventional treatment of power that concentrates on powerful individuals and repressive institutions but the much more pervasive and insidious mechanisms by which power reaches into the very grain of individuals touches their bodies and inserts itself into their actions and attitudes their discourses learning processes and everyday lives Foucault s investigations of prisons schools barracks hospitals factories cities lodgings families and other organized forms of social life are each a segment of one of the most astonishing intellectual enterprises of all time and as this book proves one which possesses profound implications for understanding the social control of our bodies and our minds The First Garden Anne Hébert,1990-02-23 Flora Fontages is a famous Parisian actress who has been in exile from her native Canada for twenty years When word comes that her long estranged daughter Maud has disappeared in Quebec City she decides to return home accepting the part of Winnie the old crone in Samuel Beckett s *Happy Days* at a local theatre The visit unexpectedly turns into a devastating confrontation with her past and present illusions as Flora finds she must come to terms with all the roles she has ever played in life as actress woman mother child and lover *The Cambridge History of*

Law as a Social System Niklas Luhmann, 2008 Modern systems theory provides a new method for the analysis of society through an examination of the structures of its communications In this volume Niklas Luhmann the theory s leading exponent explores its implications for our understanding of law Luhmann argues that current thinking about how law operates within a modern society is seriously deficient He lays out the theoretical and methodological tools that he argues can advance our understanding of contemporary society and in particular of the identity performance and function of the legal system within that society In systems theory society is its communications they are its empirical reality the items that can be observed and studied Systems theory identifies how communications operate within a physical world and how different sub systems of communication operate alongside each other In this volume Luhmann uses systems theory to address a question central to legal theory what

differentiates law from other social practices However unlike conventional legal theory this volume seeks to provide an answer in terms of a general social theory a methodology that answers the question in a manner applicable not only to law but also to all the other complex and highly differentiated systems within modern society such as politics the economy religion the media and education This sociological approach offers profound insights into the relationships between law and other social systems Social Systems Niklas Luhmann,1995 Germany's most prominent social thinker here sets out a contribution to sociology that aims to rework our understanding of meaning and communication He links social theory to recent theoretical developments in scientific disciplines **The Reference Catalogue of Current Literature** ,1910
