A Second Reckoning tells the story of John Snowden a Black man accused of the murder of a pregnant white woman in Annapolis Maryland in 1917 He refused to confess despite undergoing torture was tried through legal shenanigans by an all white jury and was found guilty on circumstantial evidence and sentenced to death Despite hair raising last minute appeals to spare his life Snowden was hanged for the crime But decades after his death thanks to tireless efforts by interested citizens and family members who believed him a victim of a legal lynching Snowden was pardoned posthumously by the governor of Maryland in 2001 A Second Reckoning uses Snowden s case to bring posthumous pardons into the national conversation about amends for past racial injustices Scott D Seligman argues that the repeal of racist laws and policies must be augmented by reckoning with America s judicial past especially in cases in which prejudice may have tainted procedures or perverted verdicts evidence of bias survives and a constituency exists for a second look Seligman illustrates the profound effects such acts of clemency have on the living and ends with a siren call for a reexamination of such cases on the national level by the Department of Justice which officially refuses to consider them *The Herd Register of the American Guernsey Cattle Club* ,1928 [The English Guernsey Cattle Society's Herd Book](#) English Guernsey Cattle Society,1923 **New York Court of Appeals.
