Lopez, Jr.,2016-10-04 A concise and accessible introduction to the classic Buddhist text The Lotus Sutra is arguably the most famous of all Buddhist scriptures Composed in India in the first centuries of the Common Era it is renowned for its inspiring message that all beings are destined for supreme enlightenment Here Donald Lopez provides an engaging and accessible biography of this enduring classic Lopez traces the many roles the Lotus Sutra has played in its travels through Asia Europe and across the seas to America The story begins in India where it was one of the early Mahayana sutras which sought to redefine the Buddhist path In the centuries that followed the text would have a profound influence in China and Japan and would go on to play a central

role in the European discovery of Buddhism It was the first Buddhist sutra to be translated from Sanskrit into a Western language into French in 1844 by the eminent scholar Eug ne Burnouf That same year portions of the Lotus Sutra appeared in English in The Dial the journal of New England s Transcendentalists Lopez provides a balanced account of the many controversies surrounding the text and its teachings and describes how the book has helped to shape the popular image of the Buddha today He explores how it was read by major literary figures such as Henry David Thoreau and Gustave Flaubert and how it was used to justify self immolation in China and political extremism in Japan Concise and authoritative this is the essential introduction to the life and afterlife of a timeless masterpiece

Visions of Awakening Space and Time Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei D gen 1200 1253 considered the founder of the Japanese S t Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyō Myōe Nichiren Hakuin and Ryōkan But his main focus is Eihei D gen the 13th century Japanese S t Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West D gen s use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that D gen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of D gen s worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices
