Linzmayer,2004 Chronicles the best and the worst of Apple Computer s remarkable story World Literature for the Wretched of the Earth J. Daniel Elam,2020-12-01 World Literature for the Wretched of the Earth recovers a genealogy of anticolonial thought that advocated collective inexpertise unknowing and unrecognizability Early twentieth century anticolonial thinkers endeavored to imagine a world emancipated from colonial rule but it was a world they knew they would likely not live to see Written in exile in abjection or in the face of death anticolonial thought could not afford to base its politics on the hope of eventual success mastery or national sovereignty J Daniel Elam shows how anticolonial thinkers theorized inconsequential practices of egalitarianism in the service of an impossibility a world without colonialism Framed by a suggestive reading of the surprising affinities between Frantz Fanon s political writings and Erich Auerbach s philological project World Literature for the Wretched of the Earth foregrounds anticolonial theories of reading and critique in the writing of Lala Har Dayal B R Ambedkar M K Gandhi and Bhagat Singh These anticolonial activists theorized reading not as a way to cultivate mastery and expertise but as a way rather to disavow mastery altogether To become or remain an inexpert reader divesting oneself of authorial claims was to fundamentally challenge the logic of the British Empire and European fascism which prized self mastery authority and national sovereignty Bringing together the histories of comparative literature and anticolonial thought Elam demonstrates how these early twentieth century theories of reading force us to reconsider the commitments of humanistic critique and egalitarian politics in the still colonial present
