Louisiana Lovely John Slocum:

Louisiana Lovely Jake Logan,1997 Slocum will do anything for a friend especially one as pretty as Bonnie LaRue This Savage Race Douglas C. Jones,1994 The author of *The Search For Temperance Moon* delivers an absorbing and masterful novel of the American West Spurred by the dream of land ownership Boone Fawley and his family head to rugged Arkansas in 1808 Their fight for survival in a wilderness filled with Indians begins an enthralling adventure that spans three generations

Albion's Seed David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States from the earliest English settlements to our own time It is a history of American folkways as they have changed through time and it argues a thesis about the importance for the United States of having been British in its cultural origins While most people in the United States today have no British ancestors they have assimilated regional cultures which were created by British colonists even while preserving ethnic identities at the same time In this sense nearly all Americans are Albion s Seed no matter what their ethnicity may be The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988 and still help to shape attitudes toward education government gender and violence on which differences between American regions are greater than between European nations

Men of Wealth John T. Flynn, 1941 The Colored Patriots of the American Revolution William Cooper Nell, 2023-07-18 This groundbreaking work tells the stories of the African American men and women who fought for American independence Drawing on original documents and personal accounts the author provides a vivid portrait of the struggle for freedom and democracy in the era of the American Revolution The book is an inspiring tribute to the courage and resilience of a generation of black patriots who fought for a better future This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Anthropology Goes to the Fair Nancy J. Parezo, Don D. Fowler, 2007-01-01 As scientists claiming specialized knowledge about indigenous peoples especially American Indians anthropologists used expositions to promote their quest for professional status and authority This title shows how anthropology showcased itself to show each half of the world how the
