# Louisiana Native Guards The Black Milita

**Emily Clark**

## **Louisiana Native Guards The Black Milita:**

**The Louisiana Native Guards** James G. Hollandsworth, Jr.,1995-12 Early in the Civil War Louisiana s Confederate government sanctioned a militia unit of black troops the Louisiana Native Guards Intended as a response to demands from members of New Orleans substantial free black population that they be permitted to participate in the defense of their state the unit was used by Confederate authorities for public display and propaganda purposes but was not allowed to fight After the fall of New Orleans General Benjamin F Butler brought the Native Guards into Federal military service and increased their numbers with runaway slaves He intended to use the troops for guard duty and heavy labor His successor Nathaniel P Banks did not trust the black Native Guard officers and as he replaced them with white commanders the mistreatment and misuse of the black troops steadily increased The first large scale deployment of the Native Guards occurred in May 1863 during the Union siege of Port Hudson Louisiana when two of their regiments were ordered to storm an impregnable hilltop position Although the soldiers fought valiantly the charge was driven back with extensive losses The white officers and the northern press praised the tenacity and fighting ability of the black troops but they were still not accepted on the same terms as their white counterparts After the war Native Guard veterans took up the struggle for civil rights in particular voting rights for Louisiana s black population The Louisiana Native Guards is the first account to consider that struggle By documenting their endeavors through Reconstruction James G Hollandsworth places the Native Guards military service in the broader context of a civil rights movement that predates more recent efforts by a hundred years This remarkable work presents a vivid picture of men eager to prove their courage and ability to a world determined to exploit and demean them

**Black Confederates** Charles Kelly Barrow,Joe Henry Segars,Randall Britt Rosenburg,2001 Contains correspondence military records and reminiscences from brave men who served what they considered their country *Black Union Soldiers in the Civil War* Hondon B. Hargrove,2003-09-19 This book refutes the historical slander that blacks did not fight for their emancipation from slavery At first harshly rejected in their attempts to enlist in the Union army blacks were eventually accepted into the service often through the efforts of individual generals who frustrated with bureaucratic inaction in the face of dwindling forces overrode orders from the secretary of war and the president himself By the end of the war black soldiers had numbered over 187 000 and served in 167 regiments Seventeen were awarded the Congressional Medal of Honor the nation s highest award for valor Theirs was a remarkable achievement whose full story is here told for the first time Louisiana Native Guards -Lib James G. Hollandsworth,1998-08-01 Early in the Civil War Louisiana s Confederate government sanctioned a militia unit of black troops the Louisiana Native Guards Intended as a response to demands from members of New Orleans substantial free black population that they be permitted to participate in the defense of their state the unit was used by Confederate authorities for public display and propaganda purposes but was not allowed to fight After the fall of New Orleans General Benjamin F Butler brought the Native Guards into Federal military service and increased

their numbers with runaway slaves He intended to use the troops for guard duty and heavy labor His successor Nathaniel P Banks did not trust the black Native Guard officers and as he replaced them with white commanders the mistreatment and misuse of the black troops steadily increased The first large scale deployment of the Native Guards occurred in May 1863 during the Union siege of Port Hudson Louisiana when two of their regiments were ordered to storm an impregnable hilltop position Although the soldiers fought valiantly the charge was driven back with extensive losses The white officers and the northern press praised the tenacity and fighting ability of the black troops but they were still not accepted on the same terms as their white counterparts After the war Native Guard veterans took up the struggle for civil rights in particular voting rights for Louisiana s black population The Louisiana Native Guards is the first account to consider that struggle By documenting their endeavors through Reconstruction James G Hollandsworth places the Native Guards military service in the broader context of a civil rights movement that predates more recent efforts by a hundred years This remarkable work presents a vivid picture of men eager to prove their courage and ability to a world determined to exploit and demean them As one of the Native Guard officers wrote his mother from Port Hudson in April 1864 Nobody really desires our success and it s uphill work

**African Americans in the Military** Catherine Reef, 2014-05-14 Throughout much of the United States s history

**Out of the Storm: A Legacy** Anthony B. Cochran, 2024-04-24 The history we know is sometimes incomplete The stories we get are those shaded by time or cultural perspectives of the day Historical accounts of African Americans during the Civil War vary Some aspects such as their involvement in military activities are generally not well known if at all Anthony B Cochran s Out of the Storm A Legacy is an important addition to the bookshelves of historians and genealogists because it showcases African Americans heroism during the Civil War not their servitude Out of the Storm lists African American recipients of the Medal of Honor for service performed during the Civil War It also identifies other previously unrecognized African Americans who performed feats of valor and heroism on the battlefield Cochran who studied history in college provides genealogical information for as many of these soldiers as possible As a US veteran of the Vietnam War Cochran also includes excerpts of battlefield reports detailing challenges battlefield strategy and tactical planning involving units of African American soldiers

**Soldiering For Freedom** Bob Luke, John David Smith, 2014-06-06 This Civil War history provides an in depth look at the impact and experiences of African American men fighting in the Union Army After President Lincoln issued the final Emancipation Proclamation of January 1 1863 many enslaved people in the Confederate south made the perilous journey north then put their lives at risk again by joining the Union army These U S Colored Troops as the War Department designated most black units performed a variety of duties fought in significant battles and played a vital part in winning the Civil War And yet white civilian and military authorities often regarded the African American soldiers with contempt In Soldiering for Freedom historians John David Smith and Bob Luke examine how Lincoln s administration came to the decision to arm free black Americans how these men found their way to recruiting centers and how they influenced the

Union army and the war itself The authors show how the white commanders deployed the black troops and how the courage of the African American soldiers gave hope for their full citizenship after the war Including twelve evocative historical engravings and photographs this engaging and meticulously researched book provides a fresh perspective on a fascinating topic Black History Mike Henry,2013 Over the years history has become the forgotten child of the academic household Only recently has it been brought to our attention that our students don t know even basic American history In June 2011 results from the National Assessment of Educational Progress showed that U S students were less proficient in American history than any other subject Teachers need to make learning American history fun and stop teaching to the test Some of the most interesting people and events of the past are often bypassed in the classroom This includes a large number of African Americans who helped build this country Black History More than Just a Month pays tribute to these forgotten individuals and their accomplishments There are many individuals who have changed our history and even if they don t make it onto the state test their accomplishments deserve attention Some of the people included are war heroes inventors celebrities and athletes This book is great for history buffs and will be a good supplement to any history class Book jacket

**The Struggle for Equality** Orville Vernon Burton,Jerald Podair,Jennifer L. Weber,2011 This collection of essays organized around the theme of the struggle for equality in the United States during the nineteenth and twentieth centuries also serves to honor the renowned Civil War historian James McPherson Complete with a brief interview with the celebrated scholar this volume reflects the best aspects of McPherson s work while casting new light on the struggle that has served as the animating force of his lifetime of scholarship With a chronological span from the 1830s to the 1960s the contributions bear witness to the continuing vigor of the argument over equality Contributors *A Black Patriot and a White Priest* Stephen J. Ochs,2006-03-21 Stephen J Ochs chronicles the intersecting lives of the first black military Civil War hero Captain Andr Cailloux of the 1st Louisiana Native Guards and the lone Catholic clerical voice of abolition in New Orleans the Reverend Claude Paschal Maistre Their paths converged in July 1863 when Maistre in defiance of his archbishop officiated at a large public military funeral for Cailloux who had perished while courageously leading a doomed charge against the Confederate bastion of Port Hudson The story of how Cailloux and Maistre arrived at that day and what happened as a consequence provides a prism through which to view the black military experience and the complex interplay of slavery race radicalism and religion during American democracy s most violent upheaval **Fighting for the Confederacy** Edward Porter Alexander,1998-03-01 Originally published by UNC Press in 1989 Fighting for the Confederacy is one of the richest personal accounts in all of the vast literature on the Civil War Alexander was involved in nearly all of the great battles of the East from First Manass The 36th Infantry United States Colored Troops in the Civil War James K. Bryant, II,2014-01-02 During the Civil War African American war correspondent Thomas Morris Chester was so inspired by the men of the 36th United States Colored Troops that he declared the group to be a model regiment Composed primarily of former slaves

recruited from Union occupied areas of eastern North Carolina and southeastern Virginia the 36th USCT participated in large scale expeditions to liberate slaves guarded Confederate prisoners at major POW camps served in the trenches before Petersburg and Richmond and stood as one of the first units to enter the abandoned Confederate capital on April 3 1865 This volume which includes a complete regimental roster explores the background of these former slaves and their families examines their initial recruitment and chronicles their military contributions throughout the war More than a unit history the story of the 36th USCT offers a vivid portrait of the challenging transition from slavery to freedom

**Legendary Locals of Shreveport** Gary D. Joiner, John Andrew Prime, 2016-02-08 *Legendary Locals of Shreveport* chronicles fascinating people who have made a difference in the Shreveport Bossier City area Some are good some are bad and more than a few are wicked There are movie starlets entertainers decorated war veterans gangsters preachers madams politicians giants of industry and humble folk who rose to greatness or infamy Shreveport began as a rough and tumble frontier town that came late to being civilized A Baptist preacher shot one of Quantrill's Raiders when he rode his horse into church during a Sunday service The most famous madam in the region was also a suffragette The first successful bankers in Shreveport were immigrants from Prussia who developed a business model that extends into the modern era Shreveport lost one quarter of its population in less than a month due to a yellow fever epidemic And that is just the beginning

**The Black Man's President** Michael Burlingame, 2021-11-02 Frederick Douglass called the martyred president emphatically the black man's president as well as the first who rose above the prejudice of his times and country This narrative history of Lincoln's personal interchange with Black people over the course of his career reveals a side of the sixteenth president that until now has not been fully explored or understood In a little noted eulogy delivered shortly after Lincoln's assassination Frederick Douglass called the martyred president emphatically the black man's president the first to show any respect for their rights as men To justify that description Douglass pointed not just to Lincoln's official acts and utterances like the Emancipation Proclamation or the Second Inaugural Address but also to the president's own personal experiences with Black people Referring to one of his White House visits Douglass said In daring to invite a Negro to an audience at the White House Mr Lincoln was saying to the country I am President of the black people as well as the white and I mean to respect their rights and feelings as men and as citizens But Lincoln's description as emphatically the black man's president rests on more than his relationship with Douglass or on his official words and deeds Lincoln interacted with many other African Americans during his presidency His unfailing cordiality to them his willingness to meet with them in the White House to honor their requests to invite them to consult on public policy to treat them with respect whether they were kitchen servants or leaders of the Black community to invite them to attend receptions to sing and pray with them in their neighborhoods all those manifestations of an egalitarian spirit fully justified the tributes paid to him by Frederick Douglass and other African Americans like Sojourner Truth who said I never was treated by any one with more kindness and cordiality than were shown

to me by that great and good man Abraham Lincoln Historian David S Reynolds observed recently that only by examining Lincoln's personal interchange with Black people do we see the complete falsity of the charges of innate racism that some have leveled against him over the years      Grant's Left Hook Sean Chick,2021-07-21 A history of the series of American Civil War battles fought at a town outside of Richmond Virginia Robert E Lee feared the day the Union army would return up the James River and invest the Confederate capital of Richmond In the spring of 1864 Ulysses Grant looking for a way to weaken Lee was about to exploit the Confederate commander's greatest fear and weakness After two years of futile offensives in Virginia the Union commander set the stage for a campaign that could decide the war Grant sent the 38 000 man Army of the James to Bermuda Hundred to threaten and possibly take Richmond or at least pin down troops that could reinforce Lee Jefferson Davis in desperate need of a capable commander turned to the Confederacy's first hero Pierre Gustave Toutant Beauregard Butler's 1862 occupation of New Orleans had infuriated the South but no one more than Beauregard a New Orleans native This campaign would be personal In the hot weeks of May 1864 Butler and Beauregard fought a series of skirmishes and battles to decide the fate of Richmond and Lee's army Historian Sean Michael Chick analyzes and explains the plans events and repercussions of the Bermuda Hundred Campaign in Grant's Left Hook The Bermuda Hundred Campaign May 5 June 7 1864 The book contains hundreds of photographs new maps and a fresh consideration of Grant's Virginia strategy and the generalship of Butler and Beauregard The book is also filled with anecdotes and impressions from the rank and file who wore blue and gray Praise for Grant's Left Hook A superb installment one of the best books in the ECW series easily rating among the top handful in this reviewer's estimation Sean Chick's Grant's Left Hook is highly recommended reading Civil War Books and Authors An excellent very informative book about one of the least understood campaigns of the Civil War also quite readable and is highly recommended for anyone with an interest in the great conflict and particularly for those who like tramping across battlefields The NYMAS Review      **Thank God My Regiment an African One** Clare P. Weaver,2000-03-01 Incredible Anyone interested in the hardship frustration and courage of soldiers at war will be enthralled by this book James G Hollandsworth author of The Louisiana Native Guards Until now Union army colonel Nathan W Daniels has been a forgotten man with a forgotten regiment The white commanding officer of the 2nd Louisiana Native Guard Volunteers a black regiment he was removed with his men from mainland military activity and confined to obscure duty on Ship Island ten miles off the coast of Mississippi However as Daniels intriguing diary documents despite an unrenowned existence that has earned them little attention from historians the 2nd Native Guards represent a pioneering stage in the history of black troops at war The story of the Louisiana Native Guards is essentially the story of the first black commissioned officers in the Civil War Ordered by General Benjamin F Butler the promotion of seventy six educated free blacks was an experimental step taken during the early days of black enlistment However within one year nearly all the officers including their white colonels were forced out or had resigned in frustration Daniels lived the

tale of these removals and confided his thoughts to his diary a rare surviving narrative from someone of his rank and position Woven through daily entries of routine life on the military post are his comments about his responsibilities and frustrations of being caught between the black and white military worlds of the day He vividly recalls a fierce skirmish on the mainland at East Pascagoula Mississippi in which his black troops having fought superbly suffered most of their casualties from apparently intentional friendly fire from the Union gunboat Jackson sent there to protect them In May 1863 Daniels was arrested in New Orleans on seemingly trifling charges related to his duty on Ship Island He continued his diary in the Federally occupied city giving fascinating details of life there and chronicling his slow torture in the machinery of the military bureaucracy He eventually separated from the army under circumstances that remain curious The diary also provides never before published pictures from wartime Ship Island including photographs of members of Daniels regiment visiting ship captains and Major Francis E Dumas the highest ranking black officer to see combat during the war A superb resource in and of themselves these photographs will fascinate Civil War enthusiasts The first published personal narrative by a regimental commander of free black troops Thank God My Regiment an African One offers a unique glimpse into the daily lives of white leaders of the earliest black soldiers It is a significant contribution to the ongoing documentation of the experience of black troops in the Civil War

**The Strange History of the American Quadroon** Emily Clark, 2013 Strange History of the American Quadroon Free Women of Color in the Revolutionary Atlantic World Weary of War Joe A. Mobley, 2008-02-28 Providing a fresh look at a crucial aspect of the American Civil War this new study explores the day to day life of people in the Confederate States of America as they struggled to cope with a crisis that spared no one military or civilian Mobley touches on the experiences of everyone on the home front white and black male and female rich and poor young and old native and foreign born He looks at health agriculture industry transportation refugees city life religion education culture families personal relationships and public welfare In so doing he offers his perspective on how much the will of the people contributed to the final defeat of the Southern cause Although no single experience was common to all Southerners a great many suffered poverty dislocation and heartbreak For African Americans however the war brought liberation from slavery and the promise of a new life White women too saw their lives transformed as wartime challenges gave them new responsibilities and experiences Mobley explains how the Confederate military draft heavy taxes and restrictions on personal freedoms led to widespread dissatisfaction and cries for peace among Southern folk He describes the Confederacy as a region of divided loyalties where pro Union and pro Confederate neighbors sometimes clashed violently This readable one volume account of life behind the lines will prove particularly useful for students of the conflict

**The Civil War from Its Origins to Reconstruction** James S. Pula, 2019-04-11 The period of Sectionalism Civil War and Reconstruction was the most traumatic in American history The outcome changed the foundations of the nation with effects still felt today While most Civil War histories focus on specific topics military history economics politics this book presents the narrative as it unfolded

against a broader historical background Drawing on direct quotations from actual participants the author provides an interpretive overview of the issues and events that divided and then devastated the United States Invisible Southerners Anne J. Bailey, 2006 Most Southerners who fought in the Civil War were native born white and Confederate However thousands with other ethnic backgrounds also took a stand and not always for the South Invisible Southerners recounts the wartime experiences of the region's German Americans Native Americans and African Americans As Anne J Bailey looks at how such outsiders responded to demands on their loyalties she recaptures the atmosphere of suspicion and prosecession proslavery sentiment in which they strove to understand and be understood by their neighbors Divisions within groups complicated circumstances even after members had cast their lot with the Union or Confederacy Europe's slavery free legacy swayed many German Americans against the South Even so one pro Union German soldier could still look askance at another because he was perhaps from a different province in the Old Country or of a different religious sect Creeks and Cherokees faced wartime questions made thornier by tribal rifts based on wealth racial mixture and bitter memories of their forced transport to the Indian Territory decades earlier The decision was easiest for former slaves says Bailey but the consequences more dire They joined the Union Army in search of freedom and a new life often to be persecuted by Yankee soldiers and if captured punished severely by Rebels

Thank you for reading **Louisiana Native Guards The Black Milita**. As you may know, people have look numerous times for their favorite novels like this Louisiana Native Guards The Black Milita, but end up in malicious downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful virus inside their laptop.

Louisiana Native Guards The Black Milita is available in our digital library an online access to it is set as public so you can get it instantly.

Our books collection saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Louisiana Native Guards The Black Milita is universally compatible with any devices to read
