Domínguez, 2021-12-14 Jorge Manrique was the greatest poet of fifteenth century Castile and one of the three or four greatest in Spanish literature Frank A Domínguez offers here an introduction to Manrique's poetry and the first book length study of him in English in fifty years After presenting the biographical and historical context of Manrique's poetry Domínguez examines the poet's love lyrics describing the large fund of commonplaces and forms that Manrique's verses share with those of other poets of his age Manrique's highly stylized language and parallel verse structures express the obsession of the lover with the beloved Moreover his attention to parallel construe the world's greatest In treating the Coplas Domínguez not only offers a sensitive reading of the elegy but also examines questions of text structure and style Like the love lyrics the Coplas present a high incidence of parallel structures that make for clarity and symmetry Domínguez also finds that the complex stylistic relationships of the verses provide the Coplas with a unity that is deeper and more fundamental than has generally been perceived This study eclectic in its critical approaches will be the standard English work on Manrique for years to come *American Book Publishing Record Cumulative, 1950-1977* R.R. Language, Cognition, and Emotion in Keats's Poetry Katrina Brannon,2022-10-31 *Language Cognition and Emotion in Keats's Poetry* applies an innovative cognitive linguistic approach to the poetry of John Keats the first of its kind to employ a cognitive based framework to explore the expression and articulation of emotion in his work. Brannon adopts an embodied perspective to emotion rooted in cognitive linguistics cognitive grammar and cognitive poetics but also works from figurative language and stylistics in examining a selection of Keats's poems. This approach allows for a close interrogation of the texts themselves but also the languages that compose them comprising lexical and grammatical elements which when taken together bring out the emotional saliency of Keatsian poetry. While revealing fresh insights into the work of John Keats the book also sheds further light on the importance of cognitive approaches to poetic and grammatical analyses and how both language and the body can serve as forms of communication through which metaphors can be expressed and contextualized.
