**The Mommy Myth** Susan Douglas,Meredith Michaels,2004-03-26 Susan Douglas first took on the media's misrepresentation of women in her funny scathing social commentary *Where the Girls Are Now* she and Meredith Michaels have turned a sardonic but never jaundiced eye toward the cult of the new momism a trend in American culture that is causing women to feel that only through the perfection of motherhood can true contentment be found This vision of motherhood is highly romanticized and yet its standards for success remain forever out of reach no matter how hard women may try to have it all *The Mommy Myth* takes a provocative tour through the past thirty years of media images about mothers the superficial achievements of the celebrity mom the news media's sensational coverage of dangerous day care the staging of the mommy wars between working mothers and stay at home moms and the onslaught of values based marketing that raises mothering standards to impossible levels just to name a few In concert with this messaging the authors contend is a conservative backwater of talking heads propagating the myth of the modern mom This nimble assessment of how motherhood has been shaped by out of date mores is not about whether women should have children or not or about whether once they have kids mothers should work or stay at home It is about how no matter what they do or how hard they try women will never achieve the promised nirvana of idealized mothering Douglas and Michaels skillfully map the distance traveled from the days when *The Feminine Mystique* demanded more for women than the unpaid labor of keeping house and raising children to today's not so subtle pressure to reverse this thirty year trend A must read for every woman      **The Love and Power of God** Maria Luisa Jimenez Edwards,2010-03-15 As a child Maria Luisa Jimenez Edwards wanted to be a missionary It held an indescribable allure for her an intrinsic pull that was aching to spread the Good News of Jesus In the pages of this book join her as she embarks on a personal and spiritually challenging journey to the jungles of Ecuador It is virtually impossible to describe a missionary life meaningfully to someone who has never experienced it She wants to encourage readers to find their own paths to follow God as others in the midst of utmost poverty have found As she wrote these stories she was inspired and challenged anew Years of participation in the western lifestyle has weakened a passionate faith in a God of power and miracles From the story of a village of destitute women who dropped everything to come to the aid of a grandmother dying of cancer to the family who already had seven children but chose to accept an orphan you will also be inspired by the faith of those who rely on God alone You will see opportunities to be a part of the miracle if you open your eyes to God's vision *The Love and Power of God* proves that His Word conquers all bringing people together to arm themselves with unconditional love achieving wonders for themselves their families and communities      **Ladies' Home Companion** ,1928      *AB Bookman's Weekly* ,1993      *Chicken Soup for the New Mom's Soul* Jack Canfield,Mark Victor
