**The Acoustic Mirror** Kaja Silverman, 1988-04-22 a vitally new understanding that takes us from the terms of the representation of sexual difference to an anatomy of female subjectivity which will be widely influential Stephen Heath An original work likely to have significant impact on all those with an interest in the vibrant intersection of feminism film theory and psychoanalysis Naomi Schor powerfully argued study impressive Choice important because of its innovative work on Hollywood's ideologically charged construction of subjectivity what is exciting about The Acoustic Mirror is that it inspires one to reevaluate a number of now classical theoretical texts and to see films with an eye to how authorship is constructed and subjectivity is generated Literature and Psychology As evocative as it is shrewdly systematic the pioneering theory of female subjectivity formulated in the final three chapters will have wide impact as a major contribution to feminist theory SubStance The Acoustic Mirror attempts to do for the sound track what feminist film theory of the past decade has done for the image track to locate the points at which it is productive of sexual difference The specific focus is the female voice understood not merely as spoken dialogue narration and commentary but as a fantasmatic

projection and as a metaphor for authorship      **Other People's Children** Lisa D. Delpit, 2006 An updated edition of the award winning analysis of the role of race in the classroom features a new author introduction and framing essays by Herbert Kohl and Charles Payne in an account that shares ideas about how teachers can function as cultural transmitters in contemporary schools and communicate more effectively to overcome race related academic challenges Original      The Waves Virginia Woolf, 2000 There are six major characters in this novel Their voices describe the intensity of childhood the optimism and physical awareness of youth the detachment of middle age Sensations emotions perceptions come and go in the procession of the narrative like seasons like waves      Psychology of the Unconscious C. G. Jung, 2023-11-14 A landmark work that marks the beginning of Jung's divergence from the psychoanalytical school of Freud Psychology of the Unconscious is a key text for understanding the formation of Jung's ideas and his personal and psychological development at a crucial time in his life In this influential book Jung explores the fantasy system of Frank Miller the young American woman whose account of her poetic and vivid mental images helped lead him to his redefinition of libido while encouraging his explorations in mythology Miller's fantasies with their mythological implications supported Jung's notion that libido is not primarily sexual energy as Freud had described it but rather psychic energy in general which springs from the unconscious and appears in consciousness as symbols Jung shows how libido organizes itself as a metaphorical hero who first battles for deliverance from the mother the symbol of the unconscious in order to become conscious then returns to the unconscious for renewal Jung's analytical commentary on these fantasies is a complex study of symbolic parallels derived from mythology religion ethnology art literature and psychiatry and foreshadows his fundamental concept of the collective unconscious and its contents the archetypes      *The Well of Loneliness* Radclyffe Hall, 1928      *An Enquiry Concerning Human Understanding* David Hume, 2019-04-04 An Enquiry Concerning Human Understanding is a book by David Hume created as a revision of an earlier work Hume's A Treatise of Human Nature The argument of the Enquiry proceeds by a series of incremental steps separated into chapters which logically succeed one another After expounding his epistemology Hume explains how to apply his principles to specific topics This book has proven highly influential both in the years that would immediately follow and today Immanuel Kant points to it as the book which woke him from his self-described dogmatic slumber      Sophie's World Jostein Gaarder, 1994 The protagonists are Sophie Amundsen a 14 year old girl and Alberto Knox her philosophy teacher The novel chronicles their metaphysical relationship as they study Western philosophy from its beginnings to the present A bestseller in Norway      **Paranormal Foreknowledge** Jule Eisenbud, 1982      *Aurora Leigh* Elizabeth Barrett Browning, 1883      **The Educated Mind** Kieran Egan, 2007-12-01 The Educated Mind offers a bold and revitalizing new vision for today's uncertain educational system Kieran Egan reconceives education taking into account how we learn He proposes the use of particular intellectual tools such as language or literacy that shape how we make sense of the world These mediating tools generate successive kinds of understanding somatic mythic romantic philosophical and ironic Egan's account concludes with practical

proposals for how teaching and curriculum can be changed to reflect the way children learn A carefully argued and readable book Egan proposes a radical change of approach for the whole process of education There is much in this book to interest and excite those who discuss research or deliver education Ann Fullick New Scientist A compelling vision for today s uncertain educational system Library Journal Almost anyone involved at any level or in any part of the education system will find this a fascinating book to read Dr Richard Fox British Journal of Educational Psychology A fascinating and provocative study of cultural and linguistic history and of how various kinds of understanding that can be distinguished in that history are recapitulated in the developing minds of children Jonty Driver New York Times Book Review

**An Introduction to the Therapeutic Frame** Anne Gray, 2013-10-30 Designed for psychotherapists and counsellors in training An Introduction to the Therapeutic Frame clarifies the concept of the frame the way of working set out in the first meeting between therapist and client This Classic Edition of the book includes a brand new introduction by the author Anne Gray an experienced psychotherapist and teacher uses lively and extensive case material to show how the frame can both contain feelings and further understanding within the therapeutic relationship She takes the reader through each stage of therapeutic work from the first meeting to the final contact and looks at those aspects of management that beginners often find difficult such as fee payment letters and telephone calls supervision and evaluation Her practical advice on how to handle these situations will be invaluable to trainees as well as to those involved in their training
