Love And Miracles:

A Book of Miracles Dr. Bernie S. Siegel, 2014-10-15 Heartwarming and Heart Opening Stories Gathered from Decades of Medical Practice Bernie Siegel first wrote about miracles when he was a practicing surgeon and founded Exceptional Cancer Patients a groundbreaking synthesis of group individual dream and art therapy that provided patients with a carefrontation Compiled during his more than thirty years of practice speaking and teaching the stories in these pages are riveting warm and belief expanding Their subjects include a girl whose baby brother helped her overcome anorexia a woman whose cancer helped her heal by teaching her to stand up for herself and a family that was saved from a burning house by bats Without diminishing the reality of pain and hardship the stories show real people turning crisis into blessing by responding to adversity in ways that empower and heal They demonstrate what we are capable of and show us that we can achieve miracles as we confront life s difficulties

A Return to Love Marianne Williamson, 2016-06-13 Is it possible to propose a world formed by love and interpreted from a feeling of wonder without falling into the doctrines inherent in the different religious languages Only Love Can Make a Miracle Mahesh Chavda, 1991 Love, Miracles, and Animal Healing Allen M.  teachings from A Course in Miracles as well as Hinduism Buddhism Gnosticism and the Sefer Yetzirah the oldest known
 Kabbalistic text Cites philosophical wisdom from Kant Blake Jung and Gurdjieff alongside cognitive science to reveal how the
 world is not difficult and flawed but our fear based mind sets lead us to see it that way Offers a path to help you regenerate
 from the fallen state and experience God as infinite love and light In the West theology has almost always meant Christian

theology a hodgepodge of beliefs that are hard to make sense of Why for example should an all loving merciful God have gotten mad at the human race because someone ate a piece of fruit six thousand years ago And why would he send part of himself down to earth to be tortured to death These beliefs stated baldly are nonsensical Millions of people are realizing this and losing their faith The time has come to reenvision Christian theology without contradictory teachings laced with fear It is time for a theology of love and miracles Richard Smoley reframes Christian theology using logical consistent and easy to understand teachings of unconditional love and forgiveness He draws inspiration not only from the Bible but also from Hinduism Buddhism Gnosticism and from esoteric and mystical teachings such as A Course in Miracles and the Sefer Yetzirah the oldest known Kabbalistic text He explains how the fallen state of the human condition not one of sin but of oblivion leads us to experience the world as flawed and problematic not wholly evil but not wholly good Citing philosophical wisdom from Kant Blake Jung and Gurdjieff alongside cognitive science Smoley reveals how it is not the world that is flawed but the way we see the world Sharing key teachings from A Course in Miracles he shows that our fear based mind sets often filled with anxiety suffering and shame lead us to feel separated from God when in fact we are all extensions of a God of infinite love and light Offering a path to help you regenerate from the fallen state and see the real spiritual world and loving God that lies behind it the author provides ways for each of us to craft our own self consistent theology He also lays out a vision for the future of spirituality a path for present day religion to transform into something higher and more universal
