Brown,2018-03-08 This book is an account of the psychology of romantic love in the context of a theory of emotions The account develops out of studies in brain psychology and the extension to topics in process philosophy such as the nature of value and belief and the central role of feeling in mental process The approach is subjectivist that is from the internal standpoint and in this respect it differs greatly from the externalist and objectivist trends in modern cognitive science and empiricist philosophy Love is the ultimate in value so that a theory of love is also a theory of the nature of value and its relation to feeling belief and to drive and desire The role of intention reason and appraisal is critiqued The relation to other feelings such as jealousy envy anger loss and grief is discussed in terms of a general theory of emotion and the basis in a process account of the mind brain state **Love and Other Excuses** Jane Westaway,1999 I knew at that moment that Tom Brannigan would stay a secret That there were only finite amounts of love and happiness in the world and that one person s joy was automatically another s misery one person s love another s loss It was simple as a primary school sum Love It seems to Zoe that people use that word to excuse the inexcusable Like her mother Like her friends As if they have no choice no control over themselves Well not her And then she meets Tom Intense exciting and scaring her half to death Love when it comes is nothing like what she expected *All's Fair in Love and Wardrobe* Stephanie Simons,2014-07-22 Does your love life need a makeover At last a dating rulebook for fashion lovers All s Fair in Love and Wardrobe puts a uniquely glamorous spin on shopping for love offering pearls of wisdom from a venerable fashion editor Who

W. Dyer,2009-06-15 In his fourth book for children Dr Wayne W Dyer focuses on the topic of excuses and how they can do more harm than we realize The book demonstrates how excuses go far beyond my dog ate my homework and can actually become words that prevent your child from reaching his or her potential The book follows a boy with a seemingly impossible dream who almost lets excuses I'm not smart enough It's too hard and so on get in his way He discovers as will your child that by following a few simple ideas and eliminating excuses anything is possible **Love & Other Detours** Jenna Evans
