Joeres,1998 The first major study in English of 19th century German women writers this book examines their social and cultural milieu along with the layers of interpretation and representation that inform their writing The author demonstrates that these writings provide an extensive and informative look at an exciting and transformative epoch that so much shaped our own 16 photos **Looking for Love in the Legal Discourse of Marriage** Renata Grossi,2014-09-01 This book examines the in visibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy **Women Making Meaning** Lana F. Rakow,2015-10-23 Originally published in 1992 This book captures the dynamic confluence of feminist and communication scholarship by setting out some of the provocative questions that mark this intersection Several of the essays in the book are theoretical in nature and consider the changing complexion of the field in view of this cross fertilization other contributors tackle those individual forms of communication that pose certain challenges for women such as verbal harassment and pornography The final section of the book more ethnographic in nature presents a number of case studies written primarily by women of colour which recount the various ways that communication forms such as television journalism and spoken discourse construct and perpetuate racist and sexist stereotypes *Rethinking Sexuality* Diane Richardson,2000-12-19 This thoughtful and accessible book provides a critical examination of the central debates attached to conceptualizing sexuality as a site of knowledge and politics These are explored in chapters on the meaning of heterosexuality sexual citizenship and the associated notions of sexual rights and obligations queer theory and its relationship with feminisms both new and old Also included is discussion of responses to the HIV AIDS epidemic and the implications for understandings of gender and sexuality Social Postmodernism Linda Nicholson,Steven Seidman,1995-09-14 Social Postmodernism defends a postmodern perspective anchored in the politics of the new social movements The volume preserves the focus on the politics of the body race gender and sexuality as elaborated in postmodern approaches But these essays push postmodern analysis in a particular direction toward a social postmodernism which integrates the micro social concerns of the new social movements with an institutional and cultural analysis in the service of a transformative political vision **Gender and Colonialism** Geraldine Moane,2010-12-14
