Work Won't Love You Back Sarah Jaffe,2021-01-26 A deeply reported examination of why doing what you love is a recipe for exploitation creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives You re told that if you do what you love you ll never work a day in your life Whether it s working for exposure and experience or enduring poor treatment in the name of being part of the family all employees are pushed to make sacrifices for the privilege of being able to do what we love In *Work Won t Love You Back* Sarah Jaffe a preeminent voice on labor inequality and social movements examines this labor of love myth the idea that certain work is not really work and therefore should be done out of passion instead of pay Told through the lives and experiences of workers in various industries from the unpaid intern to the overworked teacher to the nonprofit worker and even the professional athlete Jaffe reveals how all of us have been tricked into buying into a new tyranny of work As Jaffe argues understanding the trap of the labor of love will empower us to work less and demand what our work is worth And once freed from those binds we can finally figure out what actually gives us joy pleasure and satisfaction

The Ethics of Encounter Marcus Mescher,2020 Presented here is an ethical framework for the culture of encounter that Pope Francis calls us to build The book serves as a creative and constructive proposal for what it would take to build such a culture in an American context marked by rising individualism racial tensions class segregation hyperpartisanship and online echo chambers In particular the work of well known Jesuit Father Greg Boyle Tattoos on the Heart and his work with gangs in Southern California provides a case study for overcoming fear hatred and trauma in order to practice Christian neighbor love that seeks solidarity

Jesus in Solidarity with His People William E. Reiser,2000 Many men and women have already made the prayerful discovery that the experience of solidarity with one another and the search for God are mysteriously linked Reiser states that the word solidarity provides a contemporary key to understanding

Mark's message about Jesus' life and mission. The Bible repeatedly demonstrates that the story of God entails the story of God's people, especially the poor and defenseless ones among them, and the history of God's people becomes the story of Israel's God. One cannot adequately understand the interior life of Jesus without taking into account the life of the people of God in its social, cultural, political, and religious dimensions. Jesus lived and died in solidarity with his people. He died for them because he had lived for them. In *Jesus in Solidarity with His People*, Reiser examines important questions that Mark raises, questions that bear heavily on adult Christian spirituality. He demonstrates that what is of importance in reading and understanding Mark's Gospel is not our mindfulness of how much God loves the people, but our knowledge of how deeply we love the people of God. It is our love for the world that is required to bring this gospel, this good news of Christ risen, this Easter story to life.

Chapters are: The Theological Matters, A Believer from the Beginning, Of Calling and Following, The Authority to Forgive What God Ordains, A Kingdom of Throwaways, Paying the Emperor's Tax, A World of Parables, Does Mark Encourage a Cult of Suffering, In the Company of Prophets, Can God Be Trusted, What Sort of God Would Raise the Dead, and The Futility of Secrets.

William Reiser, SJ, PhD, is professor of theology at Holy Cross College. *Love* Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12. This unique, timely book of original essays sets the stage for a new materialist feminist debate on the analysis, ethics, and politics of love. The contributors raise questions about social power and domination, situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies, representations, and practices. The essays range from studies of particular representations and examples of love, feminist translation, mass media images, and internet love blogs to feminist theories of love and marriage to ethical and political theories describing, critiquing, or advocating the use of love in groups as a radical force. They break new ground in bringing together questions of gendered interests in love, temporal dimensions of loving practices, and the politics of love in radical transformations of society.

Love and Liberation Lauren Carruth, 2021-10-15. Lauren Carruth's *Love and Liberation* tells a new kind of humanitarian story. The protagonists are not volunteers from afar, but rather Somali locals caring for each other: nurses, aid workers, policymakers, drivers, community health workers, and bureaucrats. The contributions of locals are often taken for granted, and the competencies, aspirations, and effectiveness of local staffers frequently remain muted or absent from the planning and evaluation of humanitarian interventions structured by outsiders. Relief work is traditionally imagined as politically neutral and impartial, and interventions are planned as temporary, extraordinary, and distant. Carruth provides an alternative vision of what humanitarian response means in practice, not driven by International Humanitarian Law, the missions of Western relief organizations, or trends in the aid industry or academia, but instead by what Somalis call *samafal*. *Samafal* is structured by the cultivation of lasting relationships of care, interdependence, kinship, and ethnic solidarity. *Samafal* is also explicitly political, and potentially emancipatory. Humanitarian responses present opportunities for Somalis to begin to redress histories of colonial partitions and to make the most out of their political and economic marginalization. By centering

Love and Liberation around Somalis understanding and enactments of samafal Carruth offers a new perspective on politics and intervention in Africa No Citizen Left Behind Meira Levinson,2012-05-08 While teaching at an all black middle school in Atlanta Meira Levinson realized that students individual self improvement would not necessarily enable them to overcome their profound marginalization within American society This is because of a civic empowerment gap that is as shameful and antidemocratic as the academic achievement gap targeted by No Child Left Behind No Citizen Left Behind argues that students must be taught how to upend and reshape power relationships directly through political and civic action Drawing on political theory empirical research and her own on the ground experience Levinson shows how de facto segregated urban schools can and must be at the center of this struggle Recovering the civic purposes of public schools will take more than tweaking the curriculum Levinson calls on schools to remake civic education Schools should teach collective action openly discuss the racialized dimensions of citizenship and provoke students by engaging their passions against contemporary injustices Students must also have frequent opportunities to take civic and political action including within the school itself To build a truly egalitarian society we must reject myths of civic sameness and empower all young people to raise their diverse voices Levinson s account challenges not just educators but all who care about justice diversity or democracy The Radicalism of Romantic Love Renata Grossi,David West,2017-03-31 Undoubtedly Romantic love has come to saturate our culture and is often considered to be a or even the major existential goal of our lives capable of providing us with both our sense of worth and way of being in the world The Radicalism of Romantic Love interrogates the purported radicalism of Romantic love from philosophical cultural and psychoanalytic perspectives exploring whether it is a subversive force capable of breaking down entrenched social political and cultural norms and structures or whether in spite of its role in the fight against certain barriers it is in fact a highly conservative impulse Exploring both the grounds for the central place of Romantic love in contemporary lives and the meaning extent and nature of its supposed radicalism this volume considers love from a variety of theoretical perspectives with attention to matters of gender sexuality class and ethnicity With authors examining a range of questions including the role of love in the same sex marriage debate polyamory and the notion of love as a political force The Radicalism of Romantic Love illuminates a fundamental but perplexing aspect of our contemporary lives and will appeal to scholars across the social sciences and humanities with interests in the emotions and love as a social and political phenomenon **See No Stranger** Valarie Kaur,2020-06-16 1 LOS ANGELES TIMES BESTSELLER FINALIST FOR THE DAYTON LITERARY PEACE PRIZE An urgent manifesto and a dramatic memoir of awakening this is the story of revolutionary love In a world stricken with fear and turmoil Valarie Kaur shows us how to summon our deepest wisdom Elizabeth Gilbert author of Eat Pray Love How do we love in a time of rage How do we fix a broken world while not breaking ourselves Valarie Kaur renowned Sikh activist filmmaker and civil rights lawyer describes revolutionary love as the call of our time a radical joyful practice that extends in three directions to others to our opponents and to ourselves It enjoins us to see

no stranger but instead look at others and say You are part of me I do not yet know Starting from that place of wonder the world begins to change It is a practice that can transform a relationship a community a culture even a nation Kaur takes readers through her own riveting journey as a brown girl growing up in California farmland finding her place in the world as a young adult galvanized by the murders of Sikhs after 9 11 as a law student fighting injustices in American prisons and on Guantamo Bay as an activist working with communities recovering from xenophobic attacks and as a woman trying to heal from her own experiences with police violence and sexual assault Drawing from the wisdom of sages scientists and activists Kaur reclaims love as an active public and revolutionary force that creates new possibilities for ourselves our communities and our world See No Stranger helps us imagine new ways of being with each other and with ourselves so that together we can begin to build the world we want to see

The Radicality of Love Srećko Horvat, 2016-01-11 What would happen if we could stroll through the revolutionary history of the 20th century and without any fear of the possible responses ask the main protagonists from Lenin to Che Guevara from Alexandra Kollontai to Ulrike Meinhof seemingly naive questions about love Although all important political and social changes of the 20th century included heated debates on the role of love it seems that in the 21st century of new technologies of the self Grindr Tinder online dating etc we are faced with a hyperinflation of sex not love By going back to the sexual revolution of the October Revolution and its subsequent repression to Che's dilemma between love and revolutionary commitment and to the period of 68 from communes to terrorism and its commodification in late capitalism the Croatian philosopher Srećko Horvat gives a possible answer to the question of why it is that the most radical revolutionaries like Lenin or Che were scared of the radicality of love What is so radical about a seemingly conservative notion of love and why is it anything but conservative This short book is a modest contribution to the current upheavals around the world from Tahrir to Taksim from Occupy Wall Street to Hong Kong from Athens to Sarajevo in which the question of love is curiously surprisingly absent
