True Stories ,1993 **Thinking About Love** Diane Enns,Antonio Calcagno,2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher *Thinking About Love* considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona Utley and M lanie Walton *The Rose Variations* Marisha Chamberlain,2010-02-01 Advance Praise for *The Rose Variations* *The Rose Variations* is an elegant symphony of a novel

shaped by a lovely complexity informed by humor and grace Congratulations to Marisha Chamberlain for her fine debut Roxana Robinson author of *Cost* In this richly absorbing novel Chamberlain creates a heroine so vivid so complex so passionate that she walks right off the page and into the reader's mind and heart I loved following Rose through her various vicissitudes romantic and musical and through her many relationships with friends colleagues students and lovers The *Rose Variations* is one of those rare novels that captures the complexity of a life lived over time and does so in beautiful eloquent prose A brilliant debut Margot Livesey author of *The House on Fortune Street* Rose MacGregor is my kind of heroine funny and serious dreamy but brutally practical when it's called for someone blissfully inconsistent like the rest of us What more can one ask than that a novel presents us with a unique personality such as Rose's Judith Guest author of *Ordinary People* Who'd have thought it possible There's news about love and work in Marisha Chamberlain's *The Rose Variations* It'd be hard to find a more contemporary view of the sexual dilemma but I couldn't help thinking how much Shakespeare Mozart and Jane Austen would have savored this novel David Huddle author of *The Story of a Million Years* and *La Tour Dreams of the Wolf Girl* In 1975 twenty-five year old Rose MacGregor moves to St Paul Minnesota with nothing but a few books her cello and a temporary professorship at a Midwestern college The only woman in the music department the other professors refer to her derisively as the Girl Composer but she believes that a brilliant career writing music lies ahead Passionately focused on her art she also longs to find love but her fierce independence always seems to get in the way of romantic relationships Struggling with loneliness and ambition she gets tangled up with a gay colleague a self-made stonemason a lesbian cellist and the troubles of her wayward younger sister before finally finding happiness Marisha Chamberlain is a playwright poet fiction writer essayist and screenwriter Her book of poems *Powers* won a Minnesota Voices Award She lives in Hastings Minnesota This is her first novel From the Hardcover edition

A Book About Love Jonah Lehrer, 2016-07-12 Jonah Lehrer has a lot to offer the world The book is interesting on nearly every page Good writers make writing look easy but what people like Lehrer do is not easy at all David Brooks *The New York Times Book Review* Science writer Jonah Lehrer explores the mysterious subject of love Weaving together scientific studies from clinical psychologists longitudinal studies of health and happiness historical accounts and literary depictions child rearing manuals and the language of online dating sites Jonah Lehrer's *A Book About Love* plumbs the most mysterious most formative most important impulse governing our lives Love confuses and compels us and it can destroy and define us It has inspired our greatest poetry defined our societies and our beliefs and governs our biology From the way infants attach to their parents to the way we fall in love with another person to the way some find a love for God or their pets to the way we remember and mourn love after it ends this book focuses on research that attempts even in glancing ways to deal with the long term and the everyday The most dangerous myth of love is that it's easy that we fall into the feeling and then the feeling takes care of itself While we can easily measure the dopamine that causes the initial feelings of falling in love the partnerships and devotions that last decades or longer remain a mystery

This book is about that mystery Love Lehrer argues is not built solely on overwhelming passion but fascinatingly on a set of skills to be cultivated over a lifetime *Love on the Brain* Ali Hazelwood, 2022-08-23 An Instant New York Times Bestseller A 1 LibraryReads and Indie Next Pick From the New York Times bestselling author of *The Love Hypothesis* comes a new STEMist rom com in which a scientist is forced to work on a project with her nemesis with explosive results Like an avenging purple haired Jedi bringing balance to the mansplained universe Bee K nigswasser lives by a simple code What would Marie Curie do If NASA offered her the lead on a neuroengineering project a literal dream come true after years scraping by on the crumbs of academia Marie would accept without hesitation Duh But the mother of modern physics never had to co lead with Levi Ward Sure Levi is attractive in a tall dark and piercing eyes kind of way And sure he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab But Levi made his feelings toward Bee very clear in grad school archenemies work best employed in their own galaxies far far away Now her equipment is missing the staff is ignoring her and Bee finds her floundering career in somewhat of a pickle Perhaps it s her occipital cortex playing tricks on her but Bee could swear she can see Levi softening into an ally backing her plays seconding her ideas devouring her with those eyes And the possibilities have all her neurons firing But when it comes time to actually make a move and put her heart on the line there s only one question that matters What will Bee K nigswasser do **The Oxford Handbook of the Philosophy of Love** Christopher Grau, Aaron Smuts, 2024 The Oxford Handbook of the Philosophy of Love offers a wide array of original essays from leading philosophers on the nature and value of love **The Reasons of Love** Harry G. Frankfurt, 2009-01-13 From the author of the 1 New York Times bestseller *On Bullshit* a profound meditation on how and why we love In *The Reasons of Love* leading moral philosopher and bestselling author Harry Frankfurt argues that the key to a fulfilled life is to pursue wholeheartedly what one cares about that love is the most authoritative form of caring and that the purest form of love is in a complicated way self love Through caring we infuse the world with meaning Caring provides us with stable ambitions and concerns and it shapes the framework of aims and interests within which we lead our lives Love is a nonvoluntary disinterested concern for the flourishing of what we love and self love as distinct from self indulgence is at heart of this concern The most elementary form of self love is no more than the desire to love and self love is simply a commitment to finding meaning in our lives **Dog is Love** Clive D. L. Wynne, 2019 A pioneering canine behaviorist draws on cutting edge research to show that a single simple trait the capacity to love is what makes dogs such perfect companions for humans and to explain how people can better reciprocate their affection affection **The Speaker** , 1907 **Variations on the Body** María Ospina, María Ospina Pizano, 2021 A constellation of short stories illustrate the intersecting lives of women on various peripheries of society in and around Bogot Colombia In six subtly connected stories *Variations on the Body* explores the obsessions desires and idiosyncrasies of women and girls from different strata of Colombian society A former FARC guerilla fighter adjusts to urban life and faces the new violence of an

editor co-opting her experiences A woman adrift in the city she left as a child looks for someone to care for even if it has to be by force while another documents a flea infestation with a catalog of the marks on her flesh A little girl copes with her anxiety about the adult world by exacting revenge on her nanny who she thinks belongs to her Combining humor heartbreak and unexpected violence Ospina constructs a keen reflection on the body as a simultaneous vehicle of connection and alienation in vibrant gleaming prose Love Never Fails Jennifer Joy, 2016-04-04 After her father dies Elizabeth Bennet refuses to marry the heir of her family's estate leaving her her mother and her sisters without means and without a home and it is all Elizabeth's fault What are five single women with no prospects to do A string of emotional decisions lead her from her beloved Hertfordshire to London where she becomes a lady's companion to a scheming woman with too much time and money and too few scruples Fitzwilliam Darcy is full of remorse Humbled from his arrogance he sets out to prove that he is a man of honor by earning the respect of the one most affected by his indifference Miss Elizabeth Bennet From the offering of a handkerchief to a hot air balloon ride he will do what he must to become the man she believes him to be However even the best intentions often go awry especially when Charles Bingley's aunt Lady Lavinia Rutledge is involved Can Darcy and Elizabeth see past their guilt and regret to recognize the love they long for Modern Music and Musicians Ignace Jan Paderewski, 1918
