Love Celibacy And The Inner Marriage:

Love, Celibacy and the Inner Marriage John P. Dourley, 1987 The author of *The Illness That We Are* and *The Psyche as Sacrament* shows that without a deeply compassionate relationship to our own soul we cannot realize the full extent of our ability to love either our intimates or God *Love, Celibacy and the Inner Marriage* John Dourley, C.G. Jung Society of Ottawa, 1983* *The World Is a Waiting Lover* Trebbe Johnson, 2011-02-08 Johnson explores the concept of the Beloved the elusive alluring force that beckons us forth to passionate engagement with the world and shows how our sense of love is often linked to something far greater than ourselves She explains that mistaking a human lover for the inner eternal Beloved is the first step in any romance yet the ability to distinguish between the two ultimately holds the key to our quest for personal freedom and fulfillment Steeped in Western and Eastern myth and romantic imagery *The World is a Waiting Lover* guides us through story and thought in order to discover passion Eros and our authentic selves It is a personal story and at the same time an invitation to explore our individual yearnings to live with fearless authenticity as we find more passion and meaning in our work relationships and view of the future **Demythologizing Celibacy** William Skudlarek, 2008 In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God Discerning Vocations to Marriage, Celibacy and Singlehood Francis Kelly Nemeck, Marie Theresa Coombs, 2001-10-17 From a relational and evolutionary perspective on the mystery of vocation the authors develop the principles of discernment for Christian marriage celibacy and singlehood They see the vocational core of marriage as a calling by God of each spouse to be a unique instrument of transformation and purification in the other's spiritual journey They identify the vocational core of celibacy as the relationship between Jesus and the celibate rendering the celibate unmarriageable for the sake of Christ and the Gospel They view the vocational core of singlehood as witness to a certain independence for the sake of the reign of God In the light of each vocational core the authors discuss specific signs which indicate and authentic calling This book appeals to those seeking to discern their personal vocation as well as to those guiding them *Celibacy and Soul* Susan J. Pollard, 2015-01-15 Celibacy and Soul Exploring the Depths of Chastity is for women and men who have chosen to live into celibate chastity It is also for those people who live celibate love and though not vowed to a religious calling know the way of celibate love as their path You may find yourself celibate not by choice or you may hope it is a temporary stage Perhaps life interrupted your plans with the death of a loved one the loss of a

relationship the situation of illness the trauma of abuse or you simply didn't settle with the desired partner and you want to find meaning in your life as a celibate person Celibacy and Soul is also useful for those in the helping professions as the work of a therapist asks a celibate kind of loving that can be catalyst for change in both clients and practitioners Jung and the Jungians on Myth Steven F. Walker, 2002 In this book Steven Walker carefully leads the reader through the fundamentals of the psychology that underlies Jung's theory of myth He defines key terms and distinguishes dream from fantasy in psychological experience He then traces the lineage of Jungian theory from Jung through such disciples as Van Franz and Neumann to contemporary archetypal psychology By applying Jungian psychology to an array of myths to illustrate core concepts of this theoretical tradition Walker fills a conspicuous gap in the current literature on Jung from back cover *An Introduction to the Collected Works of C. G. Jung* Ph. D Mayes, 2016-03-24 An Introduction to the Collected Works of C G Jung Psyche as Spirit offers a concise and engaging overview of Jung's work and contributions to the field of psychology Mayes first examines Jung's philosophical influences as well as his work and eventual break with Sigmund Freud providing insights into how these experiences shaped Jung's theory Mayes brings into focus the major concepts and themes explored in Carl Gustav Jung's Collected Works including the ego Self Axis archetypes personality types and the Collective Unconscious presenting a thorough introduction and a valuable resource for both Jungian students as well as Jungian scholars **Love: Bondage or Liberation?** Deirdre Johnson, 2018-03-26 Much has been written about the function of falling in love in the course of therapy itself This book has a much broader aim The author a Jungian analyst and psychotherapy trainer uses her teaching and clinical experience to illuminate the whole range of this near universal human experience How and why does falling in love affect us so profoundly How can it enhance who we are or must it ultimately fade without lasting value The author argues that the many valuable studies by psychoanalysts relational psychologists anthropologists neuroscientists and philosophers have all made valuable contributions and uses these to highlight and explore the many values and dangers inherent in passionate love However she claims that a more holistic approach is required to show how these various accounts can be seen as complementary rather than competing and can be accommodated within an overarching view of the integration of the human being in its heights and depths **Journey Into Depth** Mary Wolff-Salin, 2005 Journey into Depth is about the experience of initiation as it plays itself out in two domains the monastic and the training to become a Jungian psychoanalyst The very disparateness of these fields from an external point of view highlights the deeper level of similarity in their initiatory experiences A few major anthropological guidelines concerning initiation provide a framework of reflection as to what is really going on when a person passes through this kind of adult rite of passage Conclusions as to the human importance of such experiences follow with special emphasis on their spiritual consequences in terms of growth **BOOK JACKET** What You Probably Didn't Know About Sex and Celibacy Simona Rich, 2016-05-01 Sex 2 So that it serves as a source of information for those who are thinking about this lifestyle and want to find out what they can expect from it 3 Over

the years of my spiritual journey I have come across many incorrect accounts in regard to celibacy like in patriarchal religious texts of the East which probably suffered additions like the Bible did These distortions about sex and celibacy especially target women so I consider it my responsibility to dispel all these falsities through revealing my first hand experience on the matter as well as quoting reliable sources that support my experiences and thus prove them to be genuine

4 I've also written this ebook to at least to some extent remove the repulsion about the word celibacy since many practice celibacy when they're totally not ready for it and thus truly misguide others about this lifestyle such as priests that have no choice about the matter Because of this indulgence in sense pleasures is chosen over celibacy which serves to stall the spiritual development of a human that's not ready

5 When one becomes interested in such a road usually he is exposed to age old religious teachings that were copied and distorted throughout the ages by those who weren't celibates or practiced celibacy for all the wrong reasons thus not being able to receive any celibacy benefits Reading such texts and looking at the lives of such people only serves to misguide and off put a would be celibate So usually a conclusion is arrived at that celibacy is a road to misery In truth it's a road to total freedom and bliss and you'll think this way too after reading the book

6 Not only most people practice celibacy for all the wrong reasons but they don't even know how to practice it As a result sexual impulses are not transformed into spiritual ones but suppressed instead This with time results in uncontrollable anger outbursts addictions perversions of all sorts or mental imbalances In the Sex Celibacy book you'll read about how to transmute the energy of sex to experience celibacy blessings such as higher intelligence and spiritual growth

7 Finally I felt it necessary to share my celibacy experiences because the female take on celibacy is almost non-existent Though somewhat distorted Vedic and Taoist sources still serve as a source of inspiration and information for men But many of such accounts are in no way helpful to women and as I mention in the book can even stop their spiritual progress since some of the teachings are clearly anti female So I consider it essential to share my celibacy experiences as a woman To follow the road of celibacy successfully as well as to gain spiritual blessings two essential rules must be met You must be ready to follow such a path most people aren't You must practice celibacy correctly most people don't This ebook explains in detail about how to meet both of these requirements Here's what Sex Celibacy ebook covers Celibacy benefits Celibacy dangers Things you must know before becoming celibate Who shouldn't practice celibacy How to practice celibacy correctly What is real celibacy and what isn't most people claiming to be celibates aren't Church misunderstanding of celibacy and a resulting disaster What takes place spiritually during the act of sex Lost information on conception exact days conception and delivery should occur for a developed soul to enter this dimension Immaculate conception Spirit possession during sex Astral body dangers for celibates Creative power of celibates and how not to misuse it Signs showing that you should become celibate What Jesus really says about celibacy What happens to the energy body during celibacy What happens to the energy body during sex Hidden teachings on celibacy and sex in books such as the Bible and A Course in Miracles How luciferian forces operate in

the human body and why How luciferian forces penetrated the human body The real function of the astral body and astral realms Sex and attempt to escape from the background of pain What you should know about masturbation An easy yogic method to maintain celibacy My diary entries concerning sex and celibacy Conquering the serpent of lust Two alternative roads for those who find celibacy too difficult Misunderstood unconditional love And so much more I sincerely believe that this ebook contains all you need to know about celibacy It explains what dangers you need to be aware of on this road what kind of blessings you ll experience if you follow this road correctly how to practice celibacy in the right way as well as who should practice celibacy and who isn t yet ready What s more not only will this ebook fully inform you about this unusual yet bliss filled lifestyle but it will also open your eyes to the true nature of sex

C.G. Jung and the Humanities Karin Barnaby, Pellegrino D'Acerno, 2017-03-14 C G Jung has been and continues to be a pervasive yet often unacknowledged presence in twentieth century art and intellectual life This timely volume is the first comprehensive attempt to assess this presence and to demonstrate Jung s far reaching cultural impact The distinguished contributors represent a number of views from traditional Jungian to the most contemporary post Jungian stances including feminist non Jungian and anti Jungian positions Jung as seen in this volume addresses a wide range of contemporary issues related to creativity gender religion popular culture and hermeneutics The essays reveal dimensions of his work that extend far beyond psychoanalytical theory and that show his hermeneutics to be a much more subtle and sophisticated methodology than previously allowed by his critics This methodology appears in fact to have anticipated significant aspects of contemporary critical principles and practice The contributors to the volume were among the participants in a major international conference sponsored by Hofstra University and the C G Jung Foundation of New York held in 1986 at Hofstra University They include Thomas Belmonte Robert Bly Joseph Campbell Edward S Casey Stanley Diamond Jean Erdman Leslie Fiedler James Hillman Paul Kugler Ibram Lassaw Neil Levine David L Miller Lucio Pozzi Gilles Quispel Robert Richenbourg Carol Schreier Rupprecht Andrew Samuels Harold Schechter and June Singer Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while

presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

On Behalf of the Mystical Fool John P. Dourley, 2009-09-30 Jung's explanation of the religious tendency of the psyche addresses many sides of the contemporary debate on religion and the role that it has in individual and social life This book discusses the emergence of a new mythic consciousness and details ways in which this consciousness supersedes traditional concepts of religion to provide a spirituality of more universal inclusion On Behalf of the Mystical Fool examines Jung's critique of traditional western religion demonstrating the negative consequences of religious and political collective unconsciousness and their consequent social irresponsibility in today's culture The book concludes by suggesting that a new religiosity and spirituality is currently emerging in the West based on the individual's access to the sense of ultimacy residual in the psyche and seeking expression in a myth of a much wider compass This book will be of interest to scholars and students at all levels who are engaged in the expanding field of Jungian studies It will also be key reading for anyone interested in the theoretical and therapeutic connections between the psyche and religious experience

Circling to the Center Susan Tiberghien, 2019-11-07 A luminous spiritual memoir inviting the reader to the practice of silent prayer Rooted in her Judeo Christian tradition the author welcomes the wisdom of other traditions and calls us to embrace our shared humanity In this 20th Anniversary Edition Tiberghien writes an Afterword to update her journey opening the confines of her own darkness and finding atonement in the natural world and in the presence of Sophia the hidden wholeness of creation

In God's Shadow Ann Conrad Lammers, 1994 For years world famous psychologist C G Jung and British theologian Victor White author of God and the Unconscious engaged in a lively correspondence Now Anne Conrad Lammers examines the highly illuminating friendship and dialogue between these two men providing particularly valuable insights into Jung's attitude toward theology

Dreaming about the Divine Bonnelle Lewis Strickling, 2012-02-01 In Dreaming about the Divine Bonnelle Lewis Strickling argues that people dream about the divine in forms that fit their current emotional and spiritual condition Using Jungian psychology and the philosophy of Karl Jaspers Strickling contends that dreams about the divine occur in the context of existential issues psychic and emotional crises which open us to the experience of the divine She concludes that working

with dreams of the divine can be spiritually psychically and emotionally helpful both to people who are engaged in a spiritual search and also to people who are already committed to a spiritual tradition The Religious Function of the Psyche Lionel Corbett, 2002-01-04 Traditional concepts of God are no longer tenable for many people who nevertheless experience a strong sense of the sacred in their lives The Religious Function of the Psyche offers a psychological model for the understanding of such experience using the language and interpretive methods of depth psychology particularly those of C G Jung and psychoanalytic self psychology The problems of evil and suffering and the notion of human development as an incarnation of spirit are dealt with by means of a religious approach to the psyche that can be brought easily into psychotherapeutic practice and applied by the individual in everyday life The book offers an alternative approach to spirituality as well as providing an introduction to Jung and religion
