Robinson,2009-01-19 The previous two volumes of this acclaimed anthology set forth a globally decentered revision of twentieth century poetry from the perspective of its many avant gardes Now editors Jerome Rothenberg and Jeffrey C Robinson bring a radically new interpretation to the poetry of the preceding century viewing the work of the romantic and post romantic poets as an international collective often utopian enterprise that became the foundation of experimental modernism Global in its range volume three gathers selections from the poetry and manifestos of canonical poets as well as the work of lesser known but equally radical poets Defining romanticism as experimental and visionary Rothenberg and Robinson feature prose poetry verbal visual experiments and sound poetry along with more familiar forms seen here as if for the first time The anthology also explores romanticism outside the European orbit and includes ethnopoetic and archaeological works outside the literary mainstream The range of volume three and its skewing of the traditional canon illuminate the process by which romantics and post romantics challenged nineteenth century orthodoxies and propelled poetry to the experiments of a later modernism and avant gardism

When Oakley Nelson loses her older brother Lucas to cancer she thinks she'll never recover. Between her parents arguing and the battle she's fighting with depression she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future?

Our list includes bestsellers for children who love to play, Minecraft stories told with LEGO bricks, books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Leo Gursky taps his radiator each evening to let his upstairs neighbor know he's still alive. But it wasn't always like this. In the Polish village of his youth, he fell in love and wrote a book. Sixty years later, and half a world away, fourteen-year-old Alma, who was named after a character in that book, undertakes an adventure to find her namesake and save her family. With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of extraordinary depth and beauty.
