Clare Nolan, 2019-04-26 I absolutely adore Clare Nolan's approaches to garden planning and creative use of color in her designs. This gem is sure to delight any flower lover. Erin Benzakein of Floret Flower Farm. Planting cut flowers brings that grow your own excitement to a whole new level. Being able to step out of the back door and pick a single stem for beside the bed or pull together a posy for a friend is a joy. In this beautifully designed book brimming with inspirational photographs, Clare Nolan reveals her secrets for growing a bountiful harvest as well as styling spectacular homegrown displays that will fill your home with colour and the gorgeous scent of the garden year round. She takes the mystique out of what to grow and guides you through the entire process from choosing the plants to suit both your garden and home decor and laying out your cutting patch to planning ahead so you get your perfect palette of colour, texture and shape to play with at the right time. A whole chapter on arranging will inspire you to create spectacular arrangements for your home without the need for complicated floristry techniques.

Love and Friendship Allan David Bloom, 1993. Written with the erudition and wit that made *The Closing of the American Mind* a #1 best seller, *Love and Friendship* is a searching examination of the basic human connections at the center of the greatest works of literature and philosophy throughout the ages. In a spirited polemic directed at our contemporary culture, Allan Bloom argues that we live in a world where love and friendship are withering away. Science and moralism have reduced eros to sex. Individualism and egalitarianism have turned romantic relationships into contractual matters to be litigated. Survey research has made every variety of sexual behavior seem normal and thus boring. In sex education classes, children learn how to use condoms but not how to deal with the hopes and risks of intimacy. We no longer know how to talk and think about the peril and promise of attraction and fidelity. What has been lost is what separates human beings from beasts: the power of the imagination which can transform sex into eros. Our impoverished feelings are rooted in our impoverished language of love. To recover the danger, the strength and the beauty of eros, we must study the great literature of love in the hope of rekindling the imagination of beauty and virtue that fuels eros. We must love to learn in order to learn to love again. Like *The Closing of the American Mind*, this is an exhilarating journey of ideas in search of the truths that great writers and philosophers have offered about our most precious and perilous longings. *Love and Friendship* dissects Rousseau's invention of Romantic love, meant to provide a new basis for human connection amid the atomism of bourgeois society and exposes the reasons for its ultimate failure. Bloom tells of the Romantics' idea of the sublime and Freud's theory of sublimation. He takes us into the universe of Shakespeare's plays where love is a natural phenomenon that gives rise to both the brightest hopes and the bitterest conflicts and disappointments. Finally, Bloom offers a fresh reading of the greatest work on eros, Plato's *Symposium*. A profound analysis of the literature of eros from the Bible to Freud, *Love and Friendship* is a powerful book that will inspire as well as outrage, amuse as well as illuminate. The culmination of a lifetime spent thinking and writing about the most fundamental questions facing human beings, it will change forever how we think about our most personal relationships and our most intimate dreams and desires.
