Love In The Mortar Joints:

Love in the Mortar Joints Millard Fuller, Diane Scott, 1980 Habitat for Humanity Jerome P. Baggett, 2000 Habitat for humanity is an American house building ministry founded by evangelical Christians it has constructed 85 000 homes using volunteers Baggett tells the story of its development and argues that it is a particular social form of religion a paradenominational organization **The Species with a Call** Drexel Rayford, 2013-10-25 Maybe you feel like you've got your life all figured out you have all the answers and you know for sure that you're living your authentic call in life But if you feel like there's a life meant for you that you haven't yet lived The Species with a Call can help Author Drexel Rayford assures us that we are never entirely without choices no matter how old we are or what has gone before Anything we've experienced can be fuel for growth and move us toward an authentic life filled with meaning and purpose After nearly four decades of pastoral ministry Rayford has had the privilege of working with hundreds of people who've sought his counsel Their sacred stories have brought him to the conclusion that the most deeply spiritual question one can consider is What would you do with your life if money were no object In fact that's the whole point of religious conversion to guide each of us to be the person we were uniquely created to be This guide takes us on a journey through the narratives of ordinary people in order to help us discover that we are each an integral part of the species with a call **The Theology of the Hammer** Millard Fuller, 1994 Millard Fuller had come face to face with the reality of the American dream a millionaire workaholic with a marriage on the skids The cure the Fullers sold their business donated all the money to charity and went in search of a new dream Today Fuller and his wife are sharing that dream Habitat for Humanity *Specifications, Field Office and Record Storage Building, Ernest A. Miller,2013-10-10 This book explores how Christian spirituality and the political ethic of Christianity s founder Jesus of Nazareth might contribute to the most looming emergency of our day ending human misery while reducing the planet s woes It advances the new ethical paradigm of sustainability that bespeaks the longings of this remarkable Jewish peasant who elbowed his way into a world filled with social misery shame and land exploitation Donning the mantle of a prophet lawgiver he disgraced the justifying ethic of the prevailing Roman oligarchies that finds its active counterpart in today s political landscape He offered a different political path a Progressive one that led to respecting Creation and all its inhabitants Jesus helps us to cherish humane values and he urges us all Democrats and Republicans Independents and Greens religious and nonreligious to be united in fulfilling them Jesus Goes to Washington celebrates the international Earth Charter the most significant moral document of our generation Given the urgency of world calamity the charter implores us

to muster every spiritual force at our disposal for immediate action Being history s most influential moral authority Jesus provides the needed impetus for achieving a just and sustainable global society Her Choice to Love Aamir

Bashir,2019-12-09 The sun was now playing hide and seek with a patch of cloud the patch that was sighted by Hamid The sun was winning here by hiding behind the pervasive patch of black clouds The weather was unpredictable like death It was sunny for a moment and in a swish the sky turned sad brooding with a mass of black clouds A scarce distribution of large raindrops soon changed into a full fledged shower The rain was intense the people scurried and hurriedly took shelter beneath the protruding eaves of sloping roofs The people driving the cars rolled up their windows to prevent unwanted water from entering Hamid and Maliha walked without caring for the change in weather non responsive to the large raindrops that drenched the whole market Hamid looked towards Maliha and smiled What Maliha smiled back as if she already knew the answer I don t know You also like it Maliha waited for his smile to end she waited for his mouth to open but he only nodded his head This was the first time Hamid felt the urge to hold her hand but it was not appropriate given the number of people present in the market Will he ever hold her hand Will he be able to say what he feels about her **Explorations In Global**

Ethics Sumner B Twiss,2018-03-08 Inspired by the 1993 Parliament of the Worlds Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue The contributors draw from both communities of discourse in addressing questions of method and theory and global moral issues such as human rights distributive justice politics of war international business the environment and genocide in a cross cultural context Inspired by the 1993 Parliament of the Worlds Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue Its design is premised on two important insights First interreligious dialogue offers to comparative religious ethics a new more persuasive rationale agenda of issues and practical orientation Second comparative religious ethics offers to interreligious dialogue an arsenal of critical tools and methods which will enhance the sophistication of its practical work In this way both theory a dominant concern and strength of comparative religious ethics and praxis a dominant concern and strength of interreligious moral dialogue are joined together in mutual effort each contributing to the benefit of the other The volumes contributors share this vision of collaboration drawing explicitly from both communities of discourse in a manner that crosses disciplinary and professional boundaries to deal creatively and constructively with important methodological and global moral issue Although theory and practice cannot easily be separated in such a collaborative project for the purpose of clarity the volume is divided into two main parts The first specifically engages questions of method theory and the social role of the public intellectual the second on substantive moral themes and issues many of which were raised at the 1993 Parliament Taken together the volumes essays articulate and illustrate new ways of approaching contemporary moral concerns cross culturally yet with a rigor appropriate to our complex and pluralistic world

More Than Houses Millard Fuller, 1999-10-05 In these pages you will find inspiring true stories of people who didn't have hope until they had a home Stories of children who gained identity and confidence for their future Of families made stronger and healthier and prison inmates who are now giving back to their communities Of entire communities bonding together around an ethic of hard work and mutual respect Of denominational political and racial barriers falling with every swing of the hammer Of a growing host of young people engaged in the quest to end poverty housing And even some wonderful love stories The end result is nothing less than the transformation of lives communities and families one person one home at a time Which of course has always been the dream to build more than houses Habitat for Humanity is building much more than houses By building hope it is building relationships strengthening communities and nurturing families Actor Paul Newman Habitat supporter Rosalynn and I believe in Habitat's integrity effectiveness and tremendous vision With Habitat we build more than houses We build families communities and hope Former U S President Jimmy Carter I could have gone through my whole life bouncing back and forth on welfare Habitat makes a difference and allows people to be what God intended them to be instead of what their circumstances dictate Missouri homeowner Terrie Robinson

Faith is a Verb Chris Goodrich, 2005 Goodrich traces Habitat's history back to an unsung American hero Clarence Jordan who in the 1940's founded a Christian community in south Georgia dedicated to social and economic justice Koinonia Farm made headlines in the 1950's when the Ku Klux Klan and J Edgar Hoover attempted to put it out of business for embracing integration and a seemingly communistic lifestyle but is known today mainly as Habitat's birthplace Millard Fuller a millionaire businessman arrived at Koinonia during a spiritual crisis in the early 1970's and under Jordan's guidance realized that he was a money holic In 1976 Fuller and his wife would found Habitat for Humanity which in 2005 completed its 200,000th house
