Love Letter To Humanity:

Love Letter to Humanity Howard I. Westin, 2003-03-01 I thoroughly enjoyed Love Letter to Humanity Howard is himself a love and I relished each inspiring word as I read it through Howard writes in a meaningful and personal way about things which need to be said You are so right Howard All there is is Love The Rev Jon Mundy Ph D Author Publisher and Lecturer on several A Course in Miracles based books and articles including his Miracles magazine Love Letter to Humanity is filled with wisdom heart and grace How refreshing to read one sincere man s insights into the power of love Thank you Howard for sharing your soul s truths Alan Cohen author and lecturer of A Deep Breath of Life and The Dragon Doesn t Live Here Anymore and several other top sellers I am delighted to be quoted in the body of your work Our generation did try to keep critical biblical scholarship out of the life of our Churches That was a pity Bishop John Shelby Spong world renown lecturer and author of Why Christianity Must Change or Die also A New Christianity For A New World and many other best selling books and articles *Love Letter to the Earth* Thich Nhat Hanh, 2013-06-17 The Zen monk argues for a more mindful spiritual approach to environmental protection and activism one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point He believes that we need to move beyond the concept of the environment as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them Thich Nhat Hanh points to the lack of meaning and connection in peoples lives as being the cause of our addiction to consumerism He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive Rejecting the conventional economic approach Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same **Other People's Love Letters** Bill Shapiro, 2011-02-09 Fevered notes scribbled on napkins after first dates Titillating text messages It s not you it s me relationship ends In Other People s Love Letters Bill Shapiro has searched America s attics closets and cigar boxes and found actual letters unflinchingly honest missives full of lust provocation guilt and vulnerability written only for a lover s eyes Modern love of course is not all bliss and in these pages you ll find the full range of a relationship with its whispered promises as well as its heartache But what at first appears to be a deliciously voyeuristic peek into other people s most passionate moments will ultimately reawaken your own desires and tenderness because when you read these letters you ll find the heart you re looking into is actually your own i think UR great wanna have wine Tequila again sometime I can t believe you re real and I think about you constantly in some way or the other all day I haven t given the finger to anyone driving since I met you With you I learned how to fight cleaner how to talk things out better and how to make a strong loving

family out of nothing These are priceless gifts that I will carry with me the rest of my life One more thing you did for me you left and I had to get through it P S I look forward to your letters too much to call Also where do you stand on chains

With remarkable Joie de vivre Marian Glasss *The Humans Handbook* takes the reader on a choreographed journey embracing and encouraging healthy living Roberta Miller MD *The Divine Chase* Ben Bounds,2017-12-08 God is passionately pursuing you There is a notion in our world that we must find God that it is on our shoulders to search for a hidden God If God had not or does not reveal himself we would not even know that there is a God He is self revealing and on a mission to provoke a response in us He pursues us in three fundamental ways First the act of creation itself is an incredible act of pursuit by God He is the Creator Artist with his masterpiece in mind and we are part of the tapestry of creation Second the act of inspiring a book the Bible to codify his message demonstrates God as divine author pursuing us through his written Word Finally the act of the incarnation is the crowning act of pursuit Christ the incarnate Son of God is on a mission to rescue the love of his heart It is the perfect fixing the broken the highest becoming the lowest the resurrected lifting the dying from the very grave Gods pursuit of us takes place on his dance floor his universe his masterpiece His pursuit unfolds throughout history on our battlefields in our crucibles and through our worst trials He brings the scars of his cruciblethe crossinto our crucibles and rescues us In responding to our pursuing God we find our greatest healing *The Babel Message* Keith Kahn-Harris,2022-10-06 Quite simply and quite ridiculously one of the funniest and most illuminating books I have ever read I thought I was obsessive but Keith Kahn Harris is playing a very different sport He really has discovered the whole world in an egg Simon Garfield There is a delicious humor implicit in every page Mark Forsyth *Spectator* A thrilling journey deep into the heart of language from a rather unexpected starting point Keith Kahn Harris is a man obsessed with something seemingly trivial the warning message found inside Kinder Surprise eggs WARNING read and keep Toy not suitable for children under 3 years Small parts might be swallowed or inhaled On a tiny sheet of paper this message is translated into dozens of languages the world boiled down to a multilingual essence Inspired by this the author asks what makes a language With the help of the international community of language geeks he shows us what the message looks like in Ancient Sumerian Zulu Cornish Klingon and many more Along the way he considers why Hungarian writing looks angry how to make up your own language and the meaning of the heavy metal umlaut Overturning the Babel myth he argues that the messy diversity of language shouldn t be a source of conflict but of collective wonder This is a book about hope a love letter to language This is a wonderful book A treasure trove of mind expanding insights into language and humanity encased in a deliciously quirky quixotic quest I loved it Warning this will keep you reading Ann Morgan author of *Reading the World* *Confessions of a Literary Explorer* *Living in the Light* Derrick McCarson,2013-05-24 The letters of John are some of the most simple yet profound texts in the New Testament The Apostle John wrote three epistles at the close of the first century to counteract the heresy of Gnosticism and to focus on what it meant to know God by walking in His light He contrasted the Christian life in stark opposites light and darkness love and hatred truth and lies life and death In *Living in the Light* Derrick McCarson reveals the heart of John s message salvation is not found in hidden secret knowledge but in the fellowship of

Christ Moreover the evidence of salvation is seen by loving others abiding in the truth and obedience to God s commands Living in the Light is a verse by verse commentary on the epistles of John This volume is ideal for believers who are looking to go deeper in their discipleship with Christ With an emphasis on practical application and precise exposition this book will enhance the reader s personal Bible study These Wilds Beyond Our Fences Bayo Akomolafe,2017-11-14 Tackling some of the world s most profound questions through the intimate lens of fatherhood Bayo Akomolafe embarks on a journey of discovery as he maps the contours of the spaces between himself and his three year old daughter Alethea In a narrative that manages to be both intricate and unguarded he discovers that something as commonplace as becoming a father is a cosmic event of unprecedented proportions Using this realization as a touchstone he is led to consider the strangeness of his own soul contemplate the myths and rituals of modernity ask questions about food and justice ponder what it means to be human evaluate what we can do about climate change and wonder what our collective yearnings for a better world tell us about ourselves These Wilds Beyond Our Fences is a passionate attempt to make sense of our disconnection in a world where it is easy to feel untethered and lost It is a father s search for meaning for a place of belonging and for reassurance that the world will embrace and support our children once we are gone
