Trust Life Louise Hay, 2018-10-02 From *Trust Life* Life loves you was Louise's signature affirmation It's the heart thought that best represents her life and work At her book signings with queues of hundreds of people Louise would diligently sign each book with Life loves you She signed off her emails with Life loves you She ended phone calls and Skype sessions with Life loves you It was always Life with a capital L referring to the One Infinite Intelligence at work behind all things Life loves you is more than just an affirmation though It points to a philosophy of basic trust that encourages us to trust that Life with a capital L wants our highest good and that the more we love Life the more Life can love us The first step on this path of trust is to be willing to let love in By loving ourselves more we can truly love one another more This is how we become a loving presence in the world someone who affirms wholeheartedly I love Life and Life loves me Robert Holden co author with Louise Hay of *Life Loves You* Queen of the New Age A founder of the self help movement The closest thing to a living saint Louise

Hay was called all this and more and her work inspired millions worldwide but she never set herself up as a guru with all the answers She urged every attendee at her workshops and conferences every reader of her dozens of books to remember that it is you who has the power to heal your life She was here only to guide you on the path of remembering the truth of who you are powerful loving and lovable In honour of Louise s life you now hold in your hands this compilation of her most inspiring teachings from her greatest works Our hope is that the 366 entries within this book allow you to carry the wisdom of Louise with you each and every day and inspire you to trust the process of Life As Louise described it Very simply I believe that what we give out we get back we all contribute to and are responsible for the events that take place in our lives both the good and the so called bad We create our experiences based on the words we say and the thoughts we think When we create peace and harmony in our minds and think positive thoughts we will attract positive experiences and like minded people to us In essence what I m saying is that what we believe about ourselves and about Life becomes true for us

Create Your Own Luck Susan Hyatt,2011-11 The author shares her step by step program and easy excercises designed to help the reader take charge of their own luck

Wisdom in Love Rick Anthony Furtak,2005 Rick Anthony Furtak s Wisdom in Love is a subtle and fascinating study of emotional rightness Focusing on Kierkegaard s debt to and critique of ancient Stoic ideas of falsity in emotion Furtak brings to the topic a flexible philosophical mind and a set of fresh and surprising insights His scholarship will satisfy specialists but his impressive literary style makes the book open to any reader who wants to reflect about the topic

Martha Nussbaum University of Chicago In Wisdom in Love Rick Anthony Furtak gives us a persuasive defense of love and deep concern and shows how these lead toward a religious conception of emotion and value Love and its companion emotions are placed within a picture of what is worthy a view that makes sense of our perceptions of significance despite the pull of slants that see the world as devoid of anything that matters It is a timely important and original contribution to moral philosophy

Edward Mooney Syracuse University Furtak s voice in this book is extraordinary for it combines the authentic presence of a human being searching for understanding the rigorous enquiry of a philosopher investigating emotion and knowledge and the lyrical sensitivity of a poet engaged in bringing experiences to light It is a book brimming with wisdom and love

John Hanwell Riker author of Ethics and the Discovery of the Unconscious This book will find an important place both in Kierkegaard scholarship and in a wider philosophical context Furtak has read Kierkegaard extensively and well

Alastair Hannay University of Oslo In this historically informed work in moral psychology Rick Anthony Furtak develops a conceptual account of the emotions that addresses the conventional idea that reason and emotion stand in sharp opposition Furtak begins with a critical examination of the ancient Stoic position that emotions ought to be avoided by rational human beings He argues that on the contrary emotions ought to be understood as embodying a kind of authentic insight which enables us to attain a meaningful and truthful way of seeing the world Furtak s positive alternative to Stoicism draws heavily on the writings of S ren Kierkegaard particularly Either Or and Works of Love while also engaging with a wide range of other

relevant philosophical literary and religious sources He argues that a morality of virtue and narrative awareness is necessary for accurate emotional perception and then attempts to define a qualified value realism based upon a reverential trust in love as the ground of human life The outcome of this inquiry into the possibility of reliable emotion is an account of the ideal state in which we could trust ourselves to be rational in being passionate Rick Anthony Furtak is associate professor of philosophy at Colorado College
